

Cybersecurity Expertise in Action

With decades of experience, Natsar provides tailored cybersecurity consulting and strategic advisory services to help you safeguard your organization and achieve your objectives.

This business is licensed by the New York State Department of State, Division of Licensing Services.

Who We Are

Natsar delivers cybersecurity advisory and consulting services that help organizations make informed decisions, reduce risk, and strengthen operational resilience. We translate complex technical challenges into clear, actionable strategies for executives, boards, and operational leaders.

With decades of experience across government, critical infrastructure, and the private sector, we bring a pragmatic, mission-focused approach—aligning cybersecurity programs with business objectives and real-world risk.
