

Cybersecurity Expertise in Action

With decades of experience, Natsar provides tailored cybersecurity consulting and strategic advisory services to help you safeguard your organization and achieve your objectives.

This business is licensed by the New York State Department of State, Division of Licensing Services.

Who We Are

Natsar delivers expert cybersecurity solutions to empower informed decisions, reduce risks, and protect digital assets. We simplify complex technology services, making them accessible and understandable. Committed to executing our mission with integrity and precision, and an unwavering focus on detail, we serve our clients with the utmost competence, ensuring their success and digital security.

What We Do

Strategic Consulting and Advisory Services

- Develop and implement tailored cybersecurity programs.
- Design cybersecurity strategies aligned with business objectives.
- Develop and implement cyber incident response plans.
- Provide executive and board-level trainings and briefings to build leadership awareness.
- Create policies and procedures to strengthen organizational security.
- Deliver customized training for technical teams and senior leadership.
- Provide vCISO services for ongoing guidance.

Cybersecurity Assessments

- Conduct assessments against frameworks such as NIST CSF, RMF, and 800-171, CMMC, CIS Controls, and SOC 2.
- Perform cloud security assessments to identify risks.
- Evaluate data privacy practices and provide actionable guidance.
- Perform risk, vulnerability, and threat assessments to secure your digital environment.

Investigations, Forensics, and Incident Response

- Perform digital forensic analysis to support a variety of use cases.
- Serve as expert witnesses during legal proceedings.
- Facilitate incident response and crisis management exercises to improve readiness.
- Investigate insider threats and personnel-related matters.
- Conduct post-breach analyses and lessons learned to improve organizational effectiveness.
