Going Out ought to be fun?

How about Beneficial Primarily & Fun Secondary...

Let's keep *Socialising for Socialising's sake* as a reserve and not a main approach for **going out**.

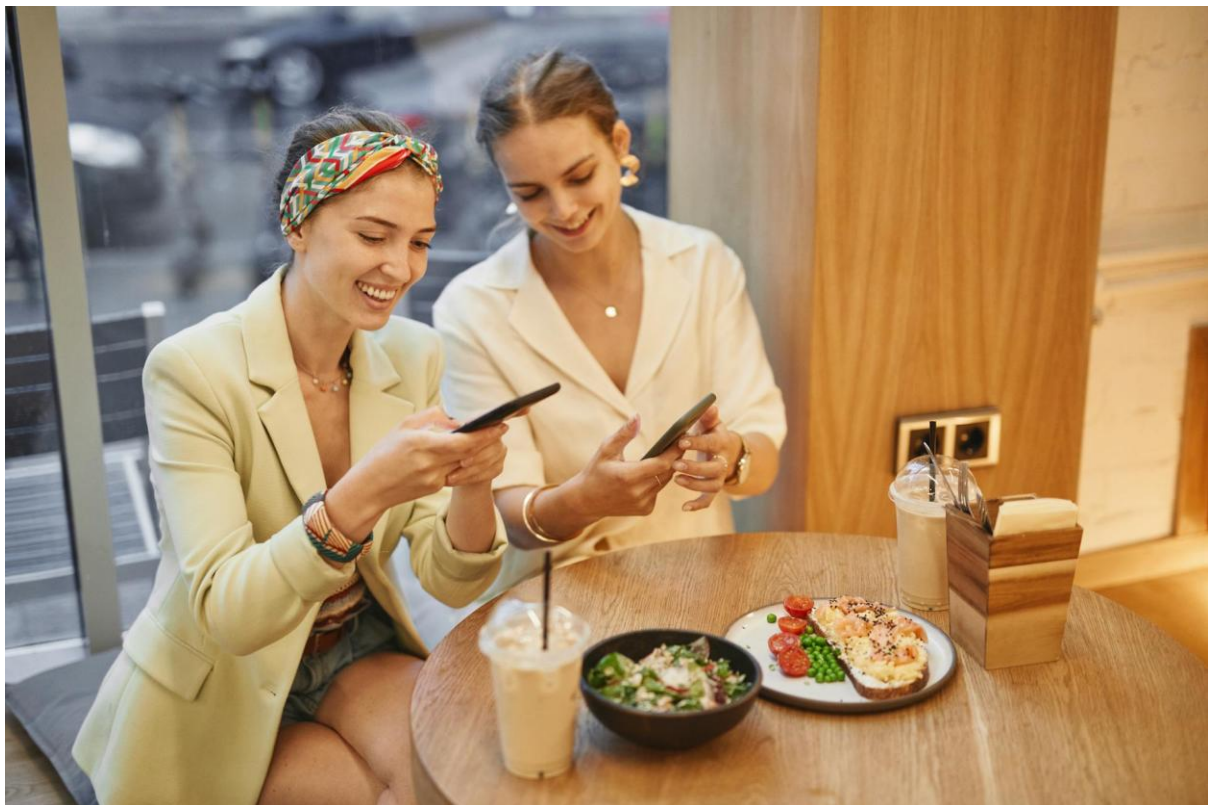

As We advocate at [Family System](#): FAMILY.BUSINESS™, differently worded, is that ideally Socialising happens around a Program > Project.

And We have available: YourFamilyProgram™ & [YourFamilyProject™](#), with possible [Companizer™](#) Component.

You may be involved with your own YourFamilyProject™-Initiative with your household, possibly (to) turn(ed) (it) into a Family Company (with (an) other household(s)).

So, you may be in a YourFamilyProject™-Initiative to try to update (a) Matter(s) for enough BALANCE to Try Fulfill Our HOPE & Reach THE GOALS of Our MAIN FAMILY PROGRAM: PEACE-Situation & JOYOUS Moments for All People.

And above mentioned, translates to try to do more of what brings chance for more PEACE & (more) Happiness on Our Way towards Fulfilling Our Main HOPE and Reaching Our MAIN GOALS.

It Centers around YourFamilyProject™-Initiatives

GoingOut.Events™-Meetings are intentionally about upgrading/updating YourFamilyProject™-Initiatives of Events Participants, for instance:

- Homeyness / Playability
- Knowledge (into Wisdom)
- Effectiveness
- Efficiency.

And Socialising by Participants with Organiser(s) & each Other, while doing above updating.

At Venues with Food- &/or Drinks Catering

These GoingOut.Events™-Meetings are intentionally ticketed, of which the proceeds go to the Owners of the Venues. (Some) Food & drinks may be included within the ticket fee, with a lower ticket-fee for children if the Event is for them to attend too.
