

CHess STRATEGY

Exercise 1

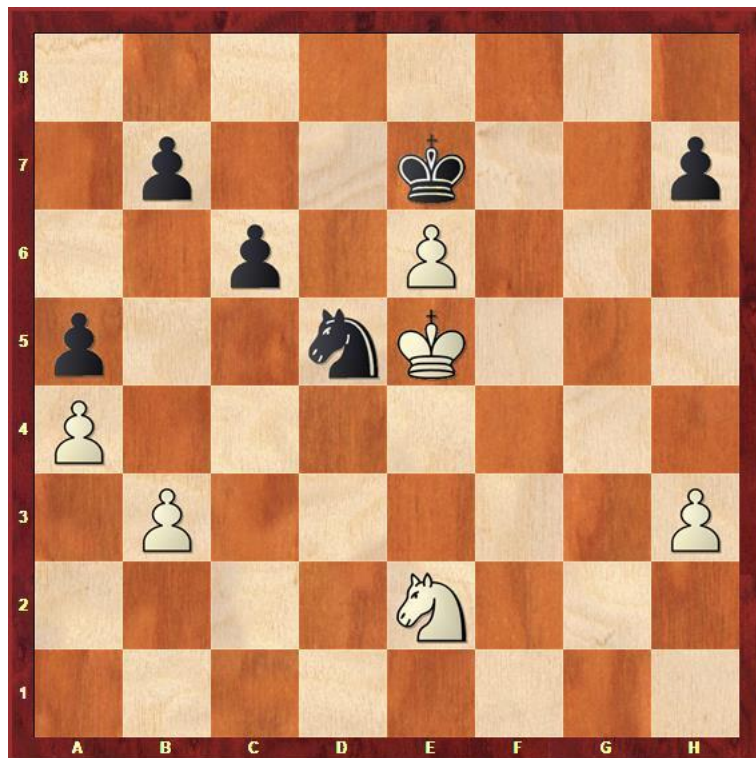

White to play

This position is taken from the game played between Siegbert Tarrasch and Theodor von Scheve in Leipzig in 1894.

Does any side have an advantage or is this position equal?

CHess STRATEGY

Exercise 2

White to play

Vereslav Eingorn had this position as White in his game against Alexander Beliavsky in Kiev (1986).

How would you evaluate this position?
