

It's still OUR (Grand)Pa 'Gerrit' Withaar de Jong's Posthumous 100th International Birthday (26-09-1926).

First Our Pa, as His youngest DAUGHTER Annemarie (Middle Name(s)?) Withaar de Jong, which was Our previous incarnation from in approx March 1967 until in early 1973 and OUR Bio. Sister 'Gerda (Gerdina Maria Johanna)' became OUR Bio. Mom subsequently.

OUR Biological Embodiment Annemarie (Middle Name(s)?) Withaar de Jong, was in a traffic accident.

We, alive, not ALIVE, were playing with a ball on the street. The ball got on the road and We tried to get the ball and came from behind a car where an oncoming delivery van did not see Us coming. Our Minds were MAGICALLY DISCONNECTED from Biological Brains before the collision, so We didn't feel any pain from it. (Just like codename:Jesus & codename:Mary, whom was MAGICALLY DISCONNECTED from Biological Brains before the flogging before the crucifixion started. The steering of Biological Bodies was MAGICALLY DONE.)

As Annemarie (Middle Name(s)?) Withaar de Jong, MI(E)KE did Main Biological Steering and Speaking and MICHAEL(A) did Biological By-Steering and NO Biological Speaking. MICHAEL(A) was the "schizophrenic one (Earthly approach, not a brain disease, however connected to IN THE SPIRIT)"

& as Michael Roeten (born in Januari 1974) MICHAEL(A) started as Main Biological Steerer and Speaker

and MI(E)KE started as the "schizophrenic one". Since in Oktober 2013, MICHAELA became connected to IN THE SPIRIT too and started to have some communication with DUO-SOULMATE MI(E)KE.

Nowadays BOTH MICHAEL(A) & MI(E)KE together do Main Biological Steering & Speaking.

=|=

Also with dementia, those SOUL-members & GHOST-members have already been MAGICALLY DISCONNECTED.
