

**"Why isn't Public Companion,
after UNITED HOLLAND (which ran for more than 18 Yrs.), Mainstream by Now?"**

A More Than Very Good Question, which I'd like to try to answer:

1. There were SPIRITUAL Strongholds to be resolved to NONE
2. If Mainstream Family Public would become Be Friend Family Community Members at once, there would be Very Many 'Babies' in THE FAITH, which would probably have been detrimental for Society, because of critical (economical) systems which would not be operated, due to personal (sick) leave. (e.g. for SPIRITUAL Study Time)
3. 'Living' wages Job availability in Our Economic System lets much to be WISHED for.

So, introducing Public Companion is done gradually, I believe, as not to disrupt Our Society's overall functioning.

With intentional Befriend.Partners™, We intent to meet number 2 and 3 listed above:

2. Gradual introduction to (potential) clients of Befriend.Partners™-Business(es).
3. Building Systems & Modules to enormously try to grow 'Living' wages Job availability at Planet Earth.

May that encourage You enough to take the next step, for BusinessClass.Partners™-Invitees to work with Me & Team Public Companion as BusinessClass.Partners™ and work on items 2 & 3 mentioned above.
