

A Family System (Concept) For FAMILY Members to update each other's situation and Earn Money Freelance as a side-effect.

Family System: JoyIntent™ ~ a Privatised FAMILY Oriented Franchise-Formula For WELL ORGANISED SENSIBLE FAMILY COMMUNITY With Healthy Trade [Evolved in 20 August 2025 from Family System: FAMILY.BUSINESS in 27 March 2024 which Evolved from invented Community System: COMMUNITY.BUSINESS™ in 17 August 2023]

Production in [PlayWork.Shop™](#) Establishments, intentional for Eleganthe FAMILY Community Members, whom can order online or via [Eleganthe.Boutique™](#)- & [Eleganthe.Store™](#) Establishments & via stores with [Eleganthe.Design™](#) Range.

Growing & Experiencing FAMILY Community with a non-profit approach? No, consider this...

Many children grew up in family households, where dad &/or mom gave their children a weekly allowance. And, surprise-surprise, they usually had to do some tasks &/or chores for it. So suggesting that too with other FAMILY Relatives, for an Intentional Fair & Healthy Balance concerning sort of performance & compensation.

In the past, FAMILY Community Building was as if an Economic Exchange/Trade System did not exist. Funding of FAMILY Community as a non-profit activity, via Volunteering, personal gifts was a fair attempt, (who would want that Worldly sales-oriented approach within their nearby Family Home walls). With SPIRITUAL.BUSINESS™, where we all try to attain PEACE for All People as Priority, personal functional financial Investments towards (a) FAMILY Member(s) to support for trying to attain PEACE are: OK. We believe Building & Experiencing FAMILY Community is to be rooted in Our Economy, with a viable and sustainable Family System: JoyIntent™: For WELL ORGANISED SENSIBLE FAMILY COMMUNITY With Healthy Trade.

Volunteering in general, did not financially pay 'the bills'. If bills were paid, it first had to come from somewhere: salaries from working at companies, government social security income from taxes generated by (people at) companies!!

FAMILY Members have demand for a way to earn a biological living. I evolved an earlier Community system into a system to combine FAMILY Community and earning freelance income. At this moment, that seems the best of both worlds. Coming together with Local FAMILY Community, being Productive with creating FAMILY.Productions™ Labeled Products via Online & Eleganthe.Boutique™ /Eleganthe.Store™/Eleganthe.Design™ request & FAMILY Community Members' suggested designs AND enjoying each others' presence!

We seek to approach FAMILY Community & Trade with a combination of FAMILY Community (Semi-)Professionals, [SPIRITUAL.BUSINESS™](#) (see Home Page of this Site) & [CommunityFactoring™](#) (at this Site - Factoring here does not mean manufacturing, though refers to mathematical factoring.).

JoyIntent™ Establishments

This is intentionally for All FAMILY Community Members with a Digital/Physical **Eleganthe.ID™ Card**, whom have a place to come together to do & talk about FAMILY BUSINESS, PlayWork.Shop™ Matters (mentioned below).

Also, FAMILYBUSINESS.Events™ & Eleganthe.Network™ Meetings are intentionally hosted at JoyIntent™ Establishments, with Names for cafes: Elegant.Cafe™, for restaurants: Elegant.Restaurant™, for lunchrooms: ElegantLun.ch™ & for party-centers: ElegantParty.Center™.

Some clarification about FAMILY BUSINESS Events:

Our experience is that 'FAMILY Community Building' is preferably integrated (not a main goal by itself) in Programme=>Projects. What We have in COMMON is that We All try to attain PEACE and that We are trying together as a FAMILY Community: That's Our Programme!

Even when PEACE situation is attained for All PEOPLE, getting to know each other more would be more natural when there is/are (a) Project(s)/Programme(s) to talk about and to be busy with.

JoyIntent™ Establishments have Relation with PlayWork.Shop™ Establishment(s) (see below).

Run a JoyIntent™ Franchise Establishment?

FAMILY COMMUNITY Oriented owners of registered companies (for example: Party-Centers, Restaurants, Lunchrooms, Cafés) Internationally, whom like to make the shift from catering oriented to FAMILY BUSINESS Events with an emphasis to Healthy Trade & Eleganthe Network Meetings.

This could mean a 'JoyIntent™'-Sticker on the entrance door OR a more visible sign (AND perhaps later a listing via JoyIntent™ Directory). This is only for FAMILY Members whom have obtained an ElegantheID™ Card and can either show it via an App on their Smartphone or a physical Card.

This is for FAMILY Community Oriented Social Entrepreneurs whom per Establishment, set-up & manage physical workshop (factoring) space. For example, their roles are to facilitate FAMILY.Productions™ labeled products creation.

This is for (aspiring) Eleganthe FAMILY Members, whom like to provide (retail) service to Eleganthe FAMILY Members wishing to buy/order FAMILY.Productions™ Labeled Products(, designed & intentionally (co-)created by offering Eleganthe FAMILY Members).

Per Elegant.Boutique™ Service Point, We intend at least 1 Body Scanner (underwear (not shorts) can be kept on) for intentional tailor made clothes.

Ordering is done at Internet.Business Portal, with fee for provided service by Store- / Boutique Franchise Owner and is only for Eleganthe FAMILY Members whom have obtained an ElegantheID™ Code and can login to this Portal. Service Fee is indirectly paid to Franchise Owners, via JoyIntent (Company).

Eleganthe.Store™ Establishments & stores with Eleganthe.Design™ Range, may order Elegant.ooo™ products from JoyIntent™ for their own stock to directly sell to Eleganthe Members at their "brick-and-mortar"-store.

If for Fair reason(s) an ordered Elegant.Moda™ product is not suitable/fitting, an Eleganthe.Boutique™ Establishment with Service Point may purchase this item with a discount from person who ordered this item and Eleganthe.Boutique™ Establishment may sell this in their Store to another Eleganthe FAMILY Member. Item needs to have valid QR-Code with it. This item bought with a discount from original purchaser, will be listed online and can be sold online & in store as an already produced item, with QR-Code.
