Greetings,

May You be doing well...

You know that there is Family Business... and at the HIGHEST LEVEL it's not all about trade. (This is not per sé about My Site <u>family.business</u>)

On the contrary... many of Our Family Dealings are Family Community Dealings.

I've said in The Past that everybody needs a project.

And I like to add to that: If applicable: a Program, which has a wider scope and can have multiple projects during existence of that Program.

And to clarify what I some meant is that a program ought to have Public Benefit... Public Family Benefit.

So Outward Focus to Society, not (only) Own Street thinking.

That brings me to Family Households... What could 2 adults (parents) & their (adolescent) child(ren) do, to grow as a Family, to contribute to Family Society and may be as a side-effect generate financial income?

You could try to start working on a Household Your Family Program (YourFamilyProgram™) with your 1st <u>YourFamilyProject™</u>, with Nichè Outward Focus, which could become a Family Company later.

You could start with a Program Mission (PEACE For All People) with Sub-Missions (Nichè(-Nichè(-etc.))) & a Program Organisation and a Project Goal with Project Brief & Project Organisation.

This My Friend(s) is what is TRULY EVERGREEN...: AT LEAST 1 FAMILY PROGRAM & within that FAMILY PROJECTS into INFINITY.

That I 100% (out of 100%) BELIEVE is SOMETHING WE'LL ALWAYS HAVE GOING.
