

Concept by Public Companion, if Walmart, Inc. participates as Befriend.Partners™:

Greetings (potential) Client of Walmart, Inc.,

Walmart, Inc. is Befriend.Partners™ with Public Companion, meaning that the Company behind the Walmart brand, pro-actively supports an (Economic) Effort to attain Joyous PEACE for All People, with belief that All People are INNOCENT and that All People tried to do More Than Very Good with what was given to them, including their belief systems, mind-sets and situations.

Walmart, Inc., before with different Company Names had picked up on Sustainability and made efforts to become a Sustainable Company.

However, Sustainability without PEACE makes no sense and The People behind Walmart, Inc. realised that. After they received an Invitation to become Befriend.Partners™ of Public Companion, Walmart, Inc. joined to intentionally, by association, also become ±70% PEACE-Oriented & ±30% Sustainability-Oriented like Public Companion, NL.
