

## Answer Key: Transitions Within Paragraphs Quiz

1. C. To connect ideas and create logical flow
2. D. However
3. B. Thus
4. C. Clarify how one sentence relates to the next
5. Example
6. Sequential (or chronological)
7. Unity
8. A transition **within a paragraph** connects one sentence to the next. A **paragraph-level transition** moves the reader from one paragraph or section to another.
9. Overusing the same transition makes writing sound repetitive or mechanical. Varying transitions keeps the writing smooth and engaging.
10. Transitions guide the reader through each step of the writer's reasoning, helping them see how each sentence supports the larger point or argument.
