

Tools and Supplies

Rainbow bumbs bead tutorial from JC Herrell

•Glass

- Effetre White 204
- Reichenbach deep black 9203 (substitute with Effetre intense black 066)
- Double Helix Theia (or hand-mix purple)
- Double Helix Rhea or similar transparent bright pink
- CIM Maraschino red or similar bright transparent red
- CIM Clockwork, similar transparent orange or hand-mixed orange
- Effetre transparent striking yellow 069
- Effetre transparent emerald green 030
- Effetre transparent dark teal 027
- Effetre transparent intense blue 057

•Tools

- Marver for shaping your bead (if desired)
- Tweezers or grabbing tool for pulling stringer (metal or glass punties could also be used)
- Tapping tool like Corina's magic wand, metal shaping tool, razor or just the tip of your tweezers
- Metal punties if hand-mixing colors like mandrels or steel chopsticks (alternatively, you can use glass rods as handles)
- Nipper to cut glass rods
