- If you arrive late to an exam, I will allow you to take the exam in the time that remains *as long as no one has turned in an exam and left the room*. Once a paper has been turned in, it's too late.
- No rescheduled or make-up exams. You MUST take the final with the rest of the class on schedule (Friday) during finals week. Make your travel plans accordingly.

About Cheating

1. There is a LOT of it at UCSD. And I hate it!
2. I routinely give multiple versions of tests. Only the TAs know which version you have.
3. If I suspect a violation of academic integrity, I withhold your score and/or grade and send your paper to AIC for resolution. AIC will contact you and tell you your options.
4. If AIC finds you guilty, your college will impose penalties, and I give you an F in the course.
5. Honest students are put at a disadvantage by cheating students, and I don't like that. Hence, my exam and scoring rules and restrictions.
