

Macroeconomics B
Econ 110B
University of California, San Diego
Spring 2021

Instructor

- Maria Teresa Cândido
- Office Hours:
 - Mondays 2:30 – 3:30 pm
 - Thursdays 9:30 – 10:30 am
- Email: mcandido@ucsd.edu

Instructor

- Born in Portugal
- Childhood in Angola
- PhD at UCSD
- Worked in NY

Teaching Assistants and Readers

Teaching Assistants:

- Edoardo Briganti
ebrigant@ucsd.edu
- Ziqi Chen
zic014@ucsd.edu
- Wesley Howden
whowden@ucsd.edu
- Ali Uppal
asuppal@ucsd.edu
- Heather Song
y5song@ucsd.edu
- Xue (Nicole) Wang
xuw012@ucsd.edu

Reader:

Shunsuke Hori
shhori@ucsd.edu

Lectures and Discussion Sections

- The COVID-19 pandemic required dramatic changes to how we teach and learn. All instruction this quarter will continue to be conducted remotely using Zoom and Canvas.
- Our hope and aim this quarter is to provide as high quality an intellectual experience for students as would have been the case if we were to have been able to meet in person. The fluidity of the current situation might make it necessary to make adjustments. Not everything we will do is going to work and we need your cooperation.

Lectures

MWF 10 – 10:50 am

- Lectures will take place at the regular scheduled time for the class. All lectures will take place through Zoom Pro and will be recorded and posted on Canvas.
- I usually like to make the lectures quite interactive and call on students. I would like to continue doing this this quarter, as much as possible. You can ask questions by typing them in during the lecture in the Zoom chat. We will have a TA answering some of the questions or redirecting them to me. I will try to periodically pause the lectures to check and review the questions and answer them.

Discussion Sessions

- Mondays 3:00 – 3:50 pm, online
 - Mondays 4:00 – 4:50 pm, online
 - Mondays 5:00 – 5:50 pm, online
-
- There are weekly discussion sections for this course. They will take place remotely, using Zoom meeting. These sessions will be recorded and posted on Canvas.
 - You may attend any of the three discussion sessions, regardless of which class you are registered for. The discussion sessions aim to cover the same information, so you do not need to attend more than one.
 - Synchronous attendance in the discussion sessions or accessing them asynchronously is strongly recommended since the TAs will go over practice problems, the kind of problems you may encounter on tests.
 - The first discussion sessions will take place on **April 5th**.

Course Webpage

- Canvas
- <https://canvas.ucsd.edu/>
- It will include information relevant to the course, such as slides of lectures, zoom recordings, announcements, practice problem sets and tests, solutions to end of chapter problems, syllabus, schedule and more.
- You should check this page regularly.

Course Textbook

- Title: **Macroeconomics**
- Author: Charles I. Jones (5th edition)
- Cost to Students: **\$47.85**
- *Your digital textbook is provided by the UC San Diego Bookstore through Canvas. You won't have access or be charged for the ebook unless you **opt-in** to the material through the RedShelf link in Canvas (under Modules/ Course Administration).*
- Chapters to be Covered: 9 through 14, and chapter 20.

Course Materials in Canvas

- Lecture Zoom recordings
- Lecture Slides
- Practice Problem Sets and Solutions
- End-of-chapter Problem Answers
- Practice Exams and Solutions

Course Discussion Board

We will be using Piazza for class discussion. The system is highly catered to getting you help fast and efficiently from classmates, the TA, and myself. I encourage you to post questions/answers on Piazza. You need to sign up for it. It is free to do so.

GRADING

My prediction on how I will assess you in this course is to base your course grade in the following:

- 1 assessment on “technology” in week 2 –
Tuesday, April 6
- 3 assessments on the course material:
 - Midterm 1: Wednesday, April 28 – 6:30 pm
 - Midterm 2: Wednesday, May 19 – 6:30 pm
 - Final: Monday, June 7 – 8 am

GRADING

Item	Option 1	Option 2
Technology Quiz: Tuesday, April 6 th	2%	2%
Midterm 1: Wednesday, April 28 th , at 6:30 pm	28%	Best midterm: 40%
Midterm 2: Wednesday, May 19 th , at 6:30 pm	28%	
Final: Monday, June 7 th , at 8 am	42%	58%

COURSE GRADE = max { OPTION 1 , OPTION 2 }
(I choose for you)

GRADING

- All assessments will be done on Canvas. Please make sure you have good and stable internet connection.
- The questions asked on the assessments will be based on lectures, textbook reading and practice problems.
- While I will do what I can to keep to the predicted assessments for this course, the evolving situation may make it necessary for me to make a change.

GRADING

- We will *likely* use Respondus LockDown Browser and Monitor or individual zoom meetings for proctoring this quarter. Either uses video and audio recording or other personal information capture for the purpose of facilitating the course and/or test environment. UC San Diego does not allow vendors to use this information for other purposes. Recordings will be deleted when no longer necessary. However, if cheating is suspected, the recording may become part of the student's administrative disciplinary record.
- Finally, I reserve the right to give an oral test if I can't be sure that you follow the rules. I will report you to the academic integrity office if I suspect of any violation of academic integrity.

Academic Integrity

- Students are expected to do their own work, as outlined in the UCSD policy on Academic Integrity. Cheating will not be tolerated, and any student who engages in suspicious conduct will be confronted and subjected to the disciplinary process. Students found guilty of academic dishonesty will earn a failing grade for the course. In addition, the Council of Deans of Student Affairs will impose a disciplinary penalty.
- The following are a few examples of academic dishonesty
 1. Having another student complete an assignment for you or give you answers to specific questions
 2. Using unauthorized materials in an exam
 3. Having someone else take your exam for you
 4. Lying about having taken an exam or completed an assignment

How to Succeed in Econ 110B?

- *Attend class and discussion sessions*
- *Ask questions*
- *Work on practice problems*
- *Be active on Piazza*
- *Take advantage of office hours!*

Course Description

- This course is the second part of the intermediate macroeconomic theory. The objective of the sequence is to teach students how to understand broad movements in the aggregate economy. While Econ 110A focused on the long-run, the objective of Econ 110B is to understand business cycles, government policy, and international macroeconomics. Topics include the analysis of the Great Recession, the IS and the Philips curves, AS/AD model, government policy, and international trade and finance and exchange rates.

Tentative Schedule

Days	Number of Lectures	Topic	Textbook Chapters
Mar 29 th – Apr 2 nd	3	Class Introduction An Introduction to the Short Run	9
Apr 5 th – Apr 12 th	4	The Great Recession: A First Look	10
Apr 14 th – Apr 21 st	4	The IS Curve	11
Apr 23 rd – May 3 rd	5	Monetary Policy and the Philips Curve	12
May 5 th – May 17 th	6	Stabilization Policy and the AS/AD Framework	13
May 19 th – May 24 th	3	The Great Recession and the Short-Run Model	14
May 26 th – May 28 th	2	The Government and the Macroeconomy	18
Jun 2 nd – Jun 4 th	2	Exchange Rates and International Finance	20
