

2024 Refuse Service Re-Route for Eatonville

Lemay is re-routing the Service Day for the Town of Eatonville automated refuse service. Friday pick up will be moving to Thursday effective the week of **February 5, 2024**.

February 2nd-Garbage & Recycle
February 8th-Garbage* & Recycle
February 15th-Garbage* & Yard Waste
February 22nd-Garbage* & Recycle
February 29th-Garbage* & Yard Waste

Recycle & Yard Waste services will also be switching weeks with this re-route.

Please note: Recycle will be picked up Friday, February 2nd, and again on Thursday, February 8th. You will have an additional week between Yard Waste pick ups, so they will be taking extra yard waste on the February 15th pick up to account for the change.

*Every other week service for garbage will continue to follow the even/odd address schedule, the only change for this is the day of the week, so Thursday pick up instead of Friday.

This change does NOT effect dumpster service.

Download the Pierce County Refuse app for easy access to your pick up schedule and to receive reminder notifications.
