Councilmember Paul concurred with Councilmember Litzenberger and thanked everyone for coming.

Councilmember Dunn said that he was surprised that there was nothing on the agenda for the Centerpoint developer agreement as there are only 2 meetings before the current agreement expires. He also thanked Miranda for getting the information from when the original one was

approved for him to review. He stated that he would be in favor of possibly extending the current agreement for 6 months so it can be further evaluated.

Councilmember Stephens inquired about whether there had been word back on the Ridge Road repair. Mayor McFadden stated that there had not been and that Nick had proceeded forward with getting bids. He said the hanging baskets look good, but he would like to see the Town staff use more safety precautions when hanging them.
