EISNER HEALTH'S COMMITMENT

We believe health care is a human right. At Eisner Health, we work to address disparities and improve health care outcomes and access to care across Los Angeles County, serving patients in over 300 zip codes. When people have regular access to affordable, integrative, and culturally competent health care, it results in better long-term health outcomes that directly correlate to increased education, career opportunities, and income.

Embedded in our mission is a commitment to serve all in our community, regardless of one's ability to pay. The majority of our patients live in urban neighborhoods that are densely populated with large multi-generational families, challenged by high rates of chronic disease and shorter life expectancies.

Eisner Health addresses these challenges and more. Our success is a result of focusing on the entire household, not just the individual patient. We know that our patients' needs do not stop at health care. We connect patients and their families to social, legal, and educational services, treating all people with the dignity and care they deserve. Your support of Eisner Health benefits the lives and health care of vulnerable children, families, and seniors in Los Angeles — creating a healthier community for all of us.

WHY SPONSOR?

Align yourself with a transformative organization

Join Eisner Health in our commitment to provide regular access to integrative, quality health care to all Angelenos, regardless of ability to pay. Continue to celebrate our commitment to our community or join in as a first-time sponsor at this impactful event.

Support the fight against health care disparity

Health care is a human right, and your support helps Eisner Health provide health care and comprehensive services to over 41,000 children, families, and seniors every year across Los Angeles County. Help us create a healthier community for us all!

Connect with your community

Join the ranks of like-minded individuals and organizations supporting Eisner Health's mission and daily work in the community – from providing COVID-19 vaccines to our most vulnerable neighbors, to supporting birthing persons throughout their higher-risk pregnancies, to caring for our seniors and treating chronic diseases.
