All over America young people are spending time, talent, and money to prepare themselves for the great profession of teaching. They are seeking to acquire the knowledge and personality that will better enable them to use their influence for the wholesome and full development of all children, and for the improvement of home, school, and community. It is their earnest desire that, in furthering their own education, they may become equipped with the ideals and practices which will be useful to them when they enter the classroom as teachers. It is to these students who dream of an improved society brought about by their mutual efforts - the future teachers in all America - that we dedicate this 1951 MOUNTAIN-EER.

The Eastern Oregon College Band has for the first time, appeared in new uniforms. During the football season the band played half-time shows, pep rallies and parades and accompanied the football team to Boise. The marching band sponsored the first annual High School Band Day when ten visiting bands performed. The Varsity Band or pep band played for the bas-

ketball games and accompanied the team on trips to Echo and Walla Walla.

The Concert Band played a spring concert which was well received and the program included contemporary music as well as the music of the old masters.

Members of these bands represent all divisions of the college as well as all classes.

"The object of this club shall be to further interest in and improve the quality of dramatic interpretation." So reads the statement of objective from the constitution of Sock and Buskin Players. In order to carry out this objective, Sock and Buskin Players annually produce three major plays on the EOC campus. These three plays are produced as a community theatre series and are presented for the public as well as for the students.

Alpha Psi Omega

Alpha Psi Omega, national dramatics honorary, is represented on the EOC campus with the Theta Chi cast. The Theta Chi cast is one of over two-hundred chapters on various college and university campuses throughout the U.S.

Membership to Alpha Psi Omega comes through activity in Sock and Buskin Players. Students on the campus who have made unusual contributions to theatre are elected annually to this honorary membership.
