

MAY-JUNE 2021

Registration Open for our 2021 Conferences

How do you find your teams and your culture in 2021? Are you embracing the immense accelerated energy of these extraordinary times? Our 2021 conferences theme addresses the three levels of action required to do just that with intention and intelligence. It's about:

- **Aligning teams.** Teams are more effective when people are purpose-driven and aligned around a common mission.
- **Accelerating development.** Building the right skills for the future of the business and the future of your career is critical to remaining relevant.
- **Growing knowledge.** In an information-driven, connected world, knowledge has truly become power. Continuous learning, when well-directed, expands thinking and helps fuel innovation.

ALIGN. ACCELERATE. GROW. *Powered by FCCS.*

It's your 2021 guide for reaching that next level of productivity and purpose.
