

JULY-SEPTEMBER 2022

FCCS Donates 2,500 Meals to Feeding America

Attendees at June's FCCS Learning Conference helped raise funds for Feeding America, the largest hunger relief organization in the country, by participating in a forward-looking and fun activity – enough to provide 2,500 meals for American families facing hunger and food insecurity.

Conference attendees were invited to complete an FCCS "leaf" that asked the question: "In an ever-changing world, how will you move your Future Forward?" Reflecting both lessons learned at the conference and individuals' own personal goals, each completed leaf was hung on a tree at the FCCS booth. Each completed leaf triggered an FCCS donation to fund 50 meals.

Feeding America is the nation's largest domestic hunger-relief organization, working to connect people with food and end hunger. FCCS is proud to support their work and plan to repeat this engaging and meaningful activity at the 2022 Risk 360 Conference to raise further funds and awareness for the fight against hunger.
