

New Gettysburg Leadership Experience Resources

Visit gettysburgleadershipexperience.com and facebook.com/GettysburgExperience to experience how your leadership can be transformed – that’s the challenge that awaits you. Our new website and Facebook page invite those interested in advancing their leadership skills to do so on the historic Civil War battlefield where the course of our country was recalibrated.

We’re very excited about these new sites for five reasons:

1. The website is more interactive and easier to navigate. It communicates quickly that this is a proven opportunity in “the nation’s greatest classroom.”
2. The website provides both organizations and individuals a clear path forward in meeting specific leadership development goals. Boards, executives and Human Resource directors now have a direct contact to begin planning customized experiences. Open Enrollment sessions for individuals and small groups are described in detail...and the new year’s calendar is set!
3. The website offers PDF tools to share the experience with others and streamline planning. From what to pack to travel tips, essentials are now downloadable.
4. The website showcases the deep experience and true passion of our onsite team. Our certified guides and instructors make this experience an unparalleled learning event.
5. Our Facebook page opens the door to our online Experience community. We are sharing leadership traits, facts about the battle, photos and quotes from the Experience. Stay current by visiting facebook.com/GettysburgExperience and clicking LIKE and FOLLOW.

We are currently developing a Gettysburg Leadership Experience Young Professionals Program for June 2018. [Click here](#) to sign up to receive the email announcements.

We hope to see you at Gettysburg in 2018!
