

“Passkey” is the New National Discount Program

It is with great excitement that we introduce Passkey, the next generation of the FCC Services' National Discount Program.

The National Discount Program has successfully provided discounts and business solutions for more than 20 years to the employees, directors and retirees of the Farm Credit System and agricultural cooperatives. Passkey builds on that foundation by increasing brands, services and savings.

Passkey remains a free, no-obligation affinity program for our Members. Members have 24/7 access to significant savings on a wide range of products and services.

Passkey opens doors to:

- **Trusted National Brands.** Enjoy savings on name-brand products and services – from vehicles to vacations, technology to travel, and flowers to fleet, Passkey provides you with exclusive savings you won't find elsewhere.
- **Concierge Service and Support.** That's right...Passkey comes with a direct connection to a well-informed human (her name is Heather Tseng and her email is below) who can answer your questions, save you time and provide the support you want when making buying decisions.
- **A Track-Record You Can Trust.** FCC Services has been powering this program for more than 20 years. We create buying power for our Members. You can literally “cash in” on our experience.
- **Improved Navigability and Ease of Use.** Visit the new Passkey website at www.fccservices.com/passkey and see how we have updated the site. Now the savings you want are easier to find and simpler to use.

Start saving now at www.fccservices.com/passkey. For more information, contact Affinity Program Manager Heather Tseng at heather.tseng@fccservices.com.
