2021-2022 Accomplishments
Kristin Rabe - Technology Support Services
Updated: 9/1/2022

Strategic Direction #3 – Facilities and Technology
- In collaboration with the ISIT committee, reviewed and prioritized technology requests from the Annual Program Review process and evaluated and assessed the new prioritization process. [ISIT goal #3 for 2019-2020]
- Coordinated the audio/visual build at Bakersfield College Southwest campus new facility. 22+ Classrooms and conference room build.
- Worked on the annual Non-Instructional Program Review for Technology Services and ISIT, Staffing and equipment requests.
- Contributed to the design and specifications for several of the Measure J construction projects (Gym, Science and Engineering, Welcome Center, Admin Services building, Delano LRC, Arvin, Agriculture, Automall)
- Contributed to the design and specification of non-Measure J funded projects, such as student housing and other campus beautification and sustainability projects.
- Coordinated and specified early phases of Hyflex (hybrid-flexible) classroom development in collaboration with Academic Technology. Provided technical expertise and engineering of audio/visual systems while working with outside vendors and service providers.
- Completed the technology specifications and work to update renovation of the Writing Center and Nursing Simulation labs.
- In response to the return to campus from the COVID-19 pandemic, coordinated the technology needs and restoration of classrooms while moving while continuing to support a work from home environment for some faculty and staff.
- Collaborated with the Automotive Production team and the District Office to develop a plan to support the technology for the new automall location.
- Collaborated with the Marketing team to facilitate updating of the Video production studio and equipment.
- Worked to eliminate/clean out Video production control room to make way for the new Incident Command Center location.
- Facilitated and successfully hired talented staff to support Technology Services initiatives.
- Facilitated and coordinated renovation of technology at the Olive Drive Fire Training Center.

Strategic Direction #4 – Leadership and Engagement
- Coordinated and helped facilitate as Administrative Co-Chair, Program Review Committee.
- Serve as Program Review Liaison with the Accreditation and Institutional Quality Committee (AIQ).
- Coordinated and helped facilitate budget development in addition to both facilities and ISIT requests for the 2021-2022 Program Review cycle.
• Played a key role in developing and facilitating the 2022 Technology Services Retreat.
• Assisted in the development of the 2021-2024 College Strategic Direction Initiatives.
• Chaired the screening committee for the Information Technology Coordinator position.
• Lead coordination for all technical A/V (Sound and Video) operations for Commencement 2022.
• BC Measure J contact person for all A/V IT related projects.
• Contributor for the updated BC Accreditation Mid-Term Report.
