Cultivator Highlight

"We at Regal Cannabis LTD have a focus on growing quality over quantity. We are a small, craft cannabis facility specifically growing EXOTIC strains. Smoking cannabis is a sensory experience that's not to be short-changed by effects alone.

We believe aroma, taste, appearance and overall terpene profile correlate with the experience you have, enhancing therapeutic benefits of both cannabinoid partners, THC and CBD. We put tons of love and care into our cannabis and it shows!"
