## Eastcann - Banana Mints

THC: 29.6-33% CBD: <0.01%

This Indica smells a bit like kiwi, giving a banana adjacent taste. The extra fruitiness is evidence of a luscious stash of terpenes and flavonoids. The rather intoxicating aroma is both pleasantly tart and honey sweet. Remarkably, the banana flavor follow through into the smoke, amidst the citrusy terpenes and something reminiscent of chocolate. The green and earthy color of this beautiful bud highlights the light orange hair and crystal trichomes.
