Fleurs de Lille - QC Hash1

THC: 42% CBD: <0.01%

The spectrum of QC Hash 1 is complete with the presence of THCV, CBG, CBN, CBC and CBD, which may provide the effects sought by many cannabis consumer. The extraction is carried out on a blend of quality flowers and carefully selected to have a kief that is rich in mature trichomes, with earthy and floral aromas. Its texture is highly resinous due to a mixture of resins and extracts, which allows for a very malleable and particularly rich hash. These product characteristics combined with our diligent procedures, allow us to offer a great hash product at a THC potency between 40-48%.

2g - Available at Prince Albert.

Nugz - Pheno Hunter (Pixie Stix)

THC: 27.5% CBD: <0.01%

At Cannara, all our incredible flower starts with a pheno hunt. We sprout hundreds of seeds of each strain to find perfection within the strain. This is a long process where we flower out entire rooms of genetics that, up until today, we might not release. Introducing our "Pheno Hunter" 15g bag! For those passionate canna-thusiasts who search out new releases. Our Strain hunter offering is rotating harvests of unique Tribal and Nugz genetics loaded with exotic terpenes. Perfect for those of us who like to try new things, or those of us who are a bit more DIY with our concentrates. Get them while they're hot!

15g - Available at 8th Street and Prince Albert.

Roilty - The Mountain Kush + Purple Dream Shatter
