## Brand Highlight

# [ADULTS ONLY]

"Welcome to Adults Only: where the products are potent and the flavours are cheekily delicious. We're looking to make the Canadian cannabis landscape a little more fun, and a lot more entertaining. Come see what we have waiting for you, behind closed doors.

We know you've been burned by liquid diamond products before. Unlike traditional diamonds, we only allow the crystalline structures to form momentarily before we separate the terp sauce and process the diamonds to liquid.

The same liquid diamonds found in our vapes, but in the most convenient format. The all-glass hardware makes these diamonds easy for dabbing, and adding to your flower."
