

7th Annual Savannah Traffick Jam

Alexis Mack

Alexis Mack has approximately three years of experience working in the Mental Health field. Mack is a Parent Support Specialist at Coastal Children's Advocacy Center (CCAC), providing individual and group counseling sessions to children and their non-offending caregivers, as well as community outreach. She has always felt that working with this population was her calling and is very passionate about it!

Mack started as an intern at CCAC, which gave her experience and a commitment to improve the quality of life for our child abuse victims and non-offending caregivers. She decided to join the CCAC team because she felt there was an opportunity to grow and focus on trauma.

Mack graduated from Savannah State University with her master's in social work with a Clinical concentration. She is also certified as a Forensic Interviewer.
