ABOUT US

The 31st RACI Research and Development Topics Conference is being held in Adelaide in 2025, continuing a long-standing tradition of fostering scientific collaboration and innovation. Founded in 1992, it is a prestigious event that showcases cutting-edge research in **analytical and environmental chemistry**. Organised primarily by **postgraduate students**, the conference provides a platform for Honours, MSc, and PhD students, as well as early-career researchers from academia, government, and industry to present their work.

The event attracts over 100 delegates from 16 Australian universities and features oral and poster presentations, invited lectures, and industry trade displays. It offers an excellent opportunity for sponsors to engage with Australia's next generation of scientists, network with leading academics, and support ground-breaking research.

We are committed to making this conference **free for all students**, ensuring accessibility for students across Australia.

By sponsoring this event, you will help promote analytical and environmental sciences, encouraging learning and awareness among students, teachers, and the community.
