

Chart the Course - Treasure Hunt Edition

Your mission: Start at C15 on the map. Each clue gives you a number – move that many spaces in the direction given. Follow the clues carefully to reach the final island and uncover the hidden treasure.

When you've charted your course and found the destination, email me the island's name to be entered in the raffle for one of two \$20 Amazon gift cards.

Your Sailing Orders

- 1. Go EAST by the number of cardinal directions.**
- 2. Go NORTH by the number of principal tidal patterns.**
- 3. Go WEST by the number of NOAA tsunami alert levels.**
- 4. Go NORTH by the number of oceans whose names start with "A".**
- 5. Go EAST by the number of oceans that border Africa.**
- 6. Go NORTH by the number of primary lunar phases.**
- 7. Go EAST by the number of major oceans.**
- 8. Go NORTH by the number of physical states of water.**
- 9. Go WEST by the number of seas named after colors.**

 **Tip: Track your moves on the map after each step to avoid getting off course.**
