WEDDINGS AT BLACK

ABOUT THE VENUE

Black Mountain of Maine is the perfect setting for your special day. Have your ceremony at the base of the ski slope and make your grand entrance across the bridge then head inside to celebrate with your friends and family in the open post-and-beam lodge. The lodge can accommodate groups of 50 to 200 guests with parking for up to 300 cars, has indoor bathrooms, air conditioning, and is an ADA approved handicapped facility.

GUEST COUNT AND FLOOR PLAN LAYOUT

Black Mountain of Maine can provide outside ceremony seating for up to 100 guests and indoor seating for up to 200 guests. Due to the post-and-beam design of the lodge, we find the most comfortable seating capacity is 150 guests and we can offer various floor plan layouts up to this guest count. There will be some floor plan arrangement limitations for weddings with between 150-200 guests.

Your final guest count is required five (5) days prior to your wedding to ensure we have the space set up for your decorating time. Our Event Manager will discuss floor plan options with you based on your guest count and we will do our best to accommodate any special layout requests.

GETTING READY LOCATION

Black Mountain of Maine has two private areas where the bridal party can get ready before the event. The Allagash and Moxie Packages include access to the second floor Last Run Pub and the ground floor Ski Patrol room, both of which are closed to event guests and allow for plenty of space to get ready before the ceremony. Make the most of your prep time with a mimosa bar and beer basket for up to ten (10) people, included in the Moxie Package, and able as an add-on to the Allagash Package.

If you have chosen the Ellis Package and would like to add-on “Getting Ready Access”, our Event Coordinator will be happy to discuss options with you.

COORDINATING SERVICE

Our experienced Event Manager is happy to provide coordinating services on the day of your wedding to ensure everything runs seamlessly. This service includes navigating vendor arrival and setup arrangements, troubleshooting any unexpected events, coordinating the bridal party prior to the ceremony, and assisting in the creation and execution of the event timeline.
