The Hanford Garden

A DESTINATION GETAWAY - CLOSER TO HOME

Nestled at the edge of historic Main Street in Sutter Creek, our garden venue offers a timeless setting just steps from charming hotels, wine tasting rooms, local shops, and restaurants. It's the kind of place that feels both tucked away and wonderfully connected — perfect for a full wedding weekend.

We provide the beautifully kept grounds; you bring your vision to life. With the freedom to choose your own vendors and design a day that feels true to you, your celebration becomes something entirely personal — and *unforgettable*.

*Following a **complete luxury renovation**, we're also proud to introduce an elevated experience that's entirely included in your base venue fee.*

*Every wedding at The Hanford Garden **now includes professional post-event cleaning and full breakdown of your items**, so your evening ends in celebration — not cleanup. We've also unveiled a stunning **new Groom's Suite**, privately nestled on the third tier of the garden, giving the couple a beautiful, dedicated space to prepare and gather before the ceremony.*

What is your max capacity?

175 guests.

Do I need a wedding planner or coordinator?

To ensure your day runs smoothly, we require all couples to have a **professional day-of-coordinator at minimum.**

While our venue team is here to make sure the property is in perfect working order, we do not manage your timeline or direct the flow of your event. Having a dedicated planner or coordinator ensures your day unfolds seamlessly, and allows you (and your loved ones) to be fully present.

Whether you choose a full-service planner, a month-of or day-of coordinator, having a professional in place is essential to creating a stress-free and organized experience.

We now offer in-house month-of coordination in collaboration with Amador Event Co! See above for more details.

Do you offer a discount for a low guest count?

Yes. For weddings (full wedding package only) with a guest count of 60 or less, there is a \$500 discount.

Can I hire my own vendors?

Yes! With some limitations. Please view Vendor Guidelines [here](#).

We want you to have the wedding of your dreams. At time of booking, you will receive a preferred vendor list of some of our favorite vendors—but you are not required to use it, with the exception of some limitations in regards to DJ/Entertainment and Coordinator (please see vendor guidelines for more details)

Do you offer Valet?

Yes! As an additional add-on. For a personalized quote, please email us at events@thehanfordgarden.com

What is your alcohol policy and are there corkage fees?

You can have beer, wine, & signature cocktails. No straight alcohol (shots, on the rocks, etc.). You **can** bring your own alcohol. There are **no** corkage fees. You must hire a licensed bartender. No self service allowed.

When can we start setting up?

Venue access begins at 10:00am, at which time you may begin setup and access the Bridal Suite.

For couples who wish to begin getting ready earlier in the morning, we do offer early Bridal Suite access for an additional hourly fee, subject to availability. Please note that early access is limited to the Bridal Suite only, and all décor, vendor setup, and general venue access will still begin at 10:00am.

What vendors do I need to hire?

The beauty of a base venue rental is that you are not locked into investing in vendors or services that may not feel meaningful to your celebration. You have the flexibility to curate the team that best fits your vision, priorities, and budget, with a few important requirements in place to ensure a seamless event.

At The Hanford Garden, all food must be prepared and served by a licensed, professional caterer, so a caterer will be required if food is being provided at your event. If you plan to serve alcohol, a licensed and insured bartender is also required. At minimum, all events must have a professional day-of coordinator to oversee the timeline, vendors, setup, and overall flow of the day.

If you would like music, dancing, announcements, or formal event transitions, you will also want to hire a DJ/MC (from our list). Many couples also choose to hire a photographer, videographer, florist, and officiant, depending on what they would like captured, styled, and included in their ceremony.

The wonderful news is that The Hanford Garden is already naturally beautiful, so many of our couples choose to keep décor minimal and let the gardens speak for themselves. Florals can be simple, and large décor, lighting, and installment investments are often not necessary.

For dining, you will want to plan for linens, dinnerware, glassware, and flatware unless you are choosing a more casual disposable option. We work in partnership with a wonderful tableware and linen rental partner, as shown above, to make this portion of planning feel thoughtful and streamlined.

Professional post event cleanup and breakdown are now provided by the venue, so you are all set for closing at the end of the evening.

Do you have an indoor space?

We are an outdoor venue. Our only indoor space is the bridal lounge & bathroom building. We do have a covered pergola space.

Are there overnight accommodations and restaurants nearby?

Yes! Sutter Creek is a popular vacation destination and The Hanford Garden is located near the end of Main Street—which means there are plenty of hotels, Inns, AirBNB's, restaurants, bars, pubs and wine rooms within walking distance to our venue! Bars & pubs are very popular for after parties. You can just walk right down.

How late can my event run?

Fridays, Saturdays and Sundays amplified music must be off by 9:00 PM and guests must be off the property by 10:00 PM in accordance with The City of Sutter Creek Noise Ordinances.

Monday - Thursday amplified music must be off by 8:00 PM. All guests must be off the property by 9:00 PM.

Main Street is super fun for after parties!

Vendor Pre-Approval

Pre-approval is required for the following vendor categories: caterers, bartenders, with *further requirements* for DJ, live entertainment and coordinators. Vendors such as photographers, videographers, content creators, florists, officiants, standard rentals and hair & makeup artists do not require any pre-approval steps at this time.

We love working with new vendors and are always happy to welcome fresh talent to The Hanford Garden. Our pre-approval process is simply a quick check-in before booking — send us the company name first, and we will inform you of next steps. Please note that there are a small number of vendors we're unable to accommodate on the property, so this step helps ensure everything aligns seamlessly with your experience.

DJ must be chosen from our list due to our strict noise ordinance to ensure alignment. Accommodations may be made on a case by case basis. Please contact us.

Coordinator's not on our list will need pre-approval prior to hire, simply due to complicated logistics of the venue. After clearing their name with us, we will coordinate a visit for your coordinator to familiarize themselves with the venue for approval. Coordinator must be a professional wedding coordinator and licensed business. Coordinator may not be a guest of the wedding.
