DO I NEED A WEDDING PLANNER?

Auberge du Soleil will require a wedding planner for weddings taking place at the Resort. A wedding planner will be involved in assisting with all elements of your event, can save a considerable amount of stress and time over the months leading up to the wedding. They assist with design, budget, review contracts for other vendors, and manage the planning process with those vendors.

Additionally, a planner can take on details ranging from invitation design, wedding website production, and contracting vendors, to confirming rental orders, planning a rehearsal dinner and more. Auberge du Soleil provides a dedicated Event Service Manager to assist in menu selections, floorplan development, and questions pertaining to the property and will be on site the day of your event to help oversee the service and dining aspects of the day. We are happy to suggest experienced wedding planners for full service, partial planning or month of coordination depending on the scope of support that you are looking for.
