about our venue

THE ESTATE

The 33-acre Annadel Estate is located in the heart of Sonoma County within the city of Santa Rosa, just 55 miles north of San Francisco. Today the property serves as a family-owned and operated winery, an elegant wedding and event venue, a commercial cut flower business, and a private residence.

The property was purchased and first established as a winery in 1880 by German immigrants Henry and Anna Bolle. According to historic records by the late 1880s, the once 545-acre property was producing nearly 50,000 gallons of wine a year, suggesting a harvest of about 300 tons from just over 90-acres of vineyards.

Over the last two centuries, the Estate has transferred ownership several times, been divided and sub-divided into smaller parcels, survived Prohibition and countless natural disasters, played host to an array of agricultural endeavors – including a turkey farm, benefited from advances in science and technology, and through it all continues to shine.

While time has altered the landscape, the Annadel Estate remains a magical place rooted in history. We invite you to join us and experience the original charm and character for yourself!
