Introduction

Started in 2014 by Tim and Michelle Borland and their three kids, Kailey, Colton, and Maddi, the Bar SZ Ranch is a true family business with a mission to help others “forge their legacy.” Set on 2200 acres in its own valley with iconic California oak trees and golden hills; views of the surrounding mountains and Pinnacles National Park; and painted, sunlit skies, this working ranch offers a unique backdrop for any size wedding.

Two-Night Wedding Weekend

Our Two-Night Wedding Package offers a comprehensive experience that includes two nights of accommodation in our charming hilltop Ranch House and Log Cabin, providing comfortable overnight stays for up to 26 people, with room for even more in our spacious camping meadow. Unlike other facilities that do multiple weddings on the same day, or multiple events each weekend, each couple planning with the Bar SZ Ranch gets our undivided attention to detail.

For weddings with a maximum guest count of up to 125

“

We could not have picked a better place to get married. All of our guests were amazed with this place! It has stunning views and so many cute animals. It was also great to be there for 3 days and not feel so rushed to set things up and take things down.

Saddle Up, Partner!

Horseback riding experience

At the Bar SZ, we provide a safe and enjoyable horseback riding experience where guests can learn to skillfully and safely ride a horse! The journey begins at our Cowboy Barn where you will receive an orientation on horsemanship and safety. You'll then be fitted with a helmet and matched with a well-suited horse. Our Barn Manager, Michelle Borland, has decades of riding, trail-guiding, and instruction experience and is passionate about educating everyone she can on all things horsemanship. Michelle has also earned the title of "Master Instructor" through the Certified Horsemanship Association which places an emphasis on safety and positive coaching. All our riding instructors have the training and experience to ensure you will build confidence and enjoy your ride regardless of your experience level.
