*Congratulations! Now that you are engaged the real fun begins. It is time to start planning the best day of your life, the day you marry your best friend. I am honored you have considered Cape Fear Vineyard and Winery as one of the possibilities to host your wedding and celebrate your love with your family and friends. Here at the winery we pride ourselves on true Southern hospitality and a stress free approach to any event we produce. As you continue through this packet you will find a variety of packages and services that we offer. Our all-inclusive packages are the most popular and really allow you and your loved ones to truly enjoy the wedding day without the stress of having to make sure things are done on time and the way they should be done.*

*I have been in the wedding business as both a floral designer and event coordinator since 2004. I love every detail of what I do and nothing makes me happier than to produce a wedding that showcases the love that two share for each other. I have developed a system here at Cape Fear Vineyard and Winery that allows the day-of planning to be done within a couple face to face meetings while offering unlimited access to me via email, phone, and text. When it is all over my couples have become family to me and I love seeing their relationship and families grow as the years carry on.*

*Look over the packages and give my office a call or send me an email and let's book a tour! I look forward to meeting you and sharing all that we have to offer. Also, building custom packages is always an option as well.*

*All my best,  
Derrick*
