## options.....

To help you plan your event, please keep in mind:

- Catering, table linens, and china are available through our chef.
- We do have a wine and beer license.
- There are many activity options available such as a climbing wall, guided nature hike, creek hike, challenge course, story-telling around the fire, black-smithing, and more! If there is something that you would like to offer your guests, please let us know and we will provide you with an activity list and group pricing.
- You can book a llama hike with us or even reserve the llamas to take part in your ceremony or entertain the younger guests.

## what we don't do.....

We try to be as flexible as possible to let you create the event of your dreams. Here, you will not find:

- Time restrictions on your event or music
- Required vendors or a fee for bringing your own (we can send you suggestions, but the rest is up to you)
- Different pricing for different ceremony and reception sites (the place is yours for the weekend at one flat rate)
- Additional fees for parking, trash, and cleaning (everything is included in your rate)
- Limited number of walk throughs or visits with family, friends, and vendors (as long as we are available, come on by)

## why choose Earthshine Lodge.....

- We make it easy with a one-price package and no hidden fees!
- You have the flexibility to choose vendors that best suit your style and budget.
- We will share our extensive network of local vendors who can help make your day extra special.
- The mountain views make for amazing photos!
- On site accommodations make planning easier
