## FAQ's

### **Q: What time does the reception have to end?**

A: Since we are trying to be good neighbors, we like to end at 10 pm. We can push to 11pm but must close the barn doors and turn off the outside speakers. Our packages allow a 5-hour event plus ceremony, so if this means it is an ADDITIONAL hour, there will be an additional fee of \$20 per person. There is also the option for an after-party at the Inn, but we cannot do both.

### **Q: What if I don't need the Inn?**

A: Most of our couples are looking for the weekend wedding, in which they stay the night before and the night of the wedding, and possibly have rehearsal dinner and brunches. In particular situations, such as the ceremony is off-site and far distance, we can make an exception and apply a discount. However, we will still require at least one night stay.

### **Q: Do you allow outside catering?**

A: No, our chef will create a menu to your liking, meeting any dietary needs.

### **Q: Where do the guests park?**

A: We have a parking lot just across the street from the Inn that can fit up to 140 cars and a parking attendant is provided. We also have handicap parking closer to the barn. There is a lighted pathway to the barn so your guests can comfortably and safely find their way to and from the wedding.

### **Q: Can I set up the day before the wedding?**

A: Yes! Our site fee covers your access to the barn all weekend, allowing you to set up the day before, gather your things the day after, and have no concerns of setup or cleanup on your wedding day.

### **Q: Do you have preferred vendors?**

A: We have a list of our favorite wedding professionals that we provide upon booking. However, you are allowed to use any vendor you like, as long as they have the proper insurance and provide us with a certificate of insurance at least one month prior to the event.

### **Q: Should I hire a planner or coordinator?**

A: This is up to you. Do we highly recommend it? Absolutely. Especially if you are getting rentals and/or have a lot of design and setup involved. Our on-site coordinator is there on the day of to make sure that the venue is providing what we promised and to manage the timeline of the day, but is not responsible for your setup, personal items, and decorations. While we will do the best we can to meet your needs, if you want that particular attention and more personal assistance, consider hiring a planner or coordinator.

Any questions? Feel free to contact our wedding coordinator!
