WELCOME TO WILD ROOTS!

Inspired by the ideas of minimal living and spending more time unplugged from the world, Wild Roots was brought to life to provide a relaxing, unique and affordable experience for those looking to spend quality time with friends or to celebrate a big occasion.

This property is home for us and we share it with our two dogs, Bauer and Lola. As your hosts, we are thrilled to share it with you and your favorite people as well.

Feel free to reach out to us at any point with your questions. I (Joe) respond the fastest to text or phone calls mainly because Mona loses her phone 5 times a day and rarely has the ringer on anyway.

Seriously, we are so excited you are interested in Wild Roots and want to make this experience the best ever!!

Property Overview

A FEW THINGS TO KEEP IN MIND

Wild Roots is a 45 acre property with barbed wire fencing on all sides so you won't accidentally wander off. As you pulled in you saw a road that heads to the right. That road leads you to the back of the property and our back fishing pond. If you are walking the trails and get lost, that road will lead you back to the front.

We are home to many different wildlife including birds, deer, gophers as well as your typical insects. It's best to use a flashlight when walking at night. You are surrounded in native Texas scenery so enjoy it. It's all part of the adventure of being outdoors!

As a courtesy to our neighbors, we ask that all amplified music be turned down a little after 10:30pm. Party on and have fun, just don't decide to have an electric guitar contest at midnight.

Smoking is only permitted in outdoor areas where fire pits are located. Wildfires are a risk that should be taken seriously so please make sure that anything you light is properly extinguished. There are fire extinguishers located in each space and kitchen just in case.

It's Texas, so yes, we love guns but you cannot fire yours here at Wild Roots. Also, our insurance company would like for you to know that there are no life guards on duty. Swim at your own risk and do not dive into the water.

FAQs

☐ What is your vendor policy?

We save couples an average of \$7k on their overall wedding by giving them total freedom to bring in their own vendors and even alcohol, Note sure where to look for vendors? We can help!

☐ Can we bring pets?

Yes, we allow up to 2 dogs on the property and ask that they be leashed or crated at all times for their own safety.

☐ Do I have to hire security or have a coordinator?

No, you do not have to hire a security guard at your wedding. In our experience, wedding coordinators are worth the money even though we don't require you to have one.

☐ What if it rains?

We built the Pearl not only as a beautiful reception space but also as a place to get married too! You can also rent a tent for our turf lawn if extra shelter may be needed.

☐ Do I have to book the overnight lodging?

We only require the overnight lodging to be booked on Fridays and Saturdays during our peak season. It is optional outside of that.

☐ Where else can our guests stay nearby?

Lockhart is a big AirBnB town! There are 3 great hotels within 15 minutes of Wild Roots and RVs can also be rented and brought on site. See our vendor list for ideas.

☐ Can we get early access to the venue?

No, unfortunately 12pm is the earliest you can arrive on site. We encourage you to consider booking the day before your wedding to extend your stay at Wild Roots.

This image shows a full page of white paper with horizontal ruling lines. The lines are evenly spaced and extend across the width of the page. There is a small dark rectangular area at the top left corner, possibly a staple or binding mark. The rest of the page is completely blank except for the lines.
