

# Acoustic Rings

A large, dark blue, cylindrical acoustic ring is the central focus of the image. It has a glowing white inner rim that creates a bright, circular light effect. The ring is set against a light gray background with faint vertical lines. The text 'Acoustic Rings' is written in a large, white, sans-serif font on the left side of the ring.

*Silence  
Illuminated*

LightArt

Acoustic Rings integrate sound absorption and LED technology to create the ultimate acoustic lighting solution.

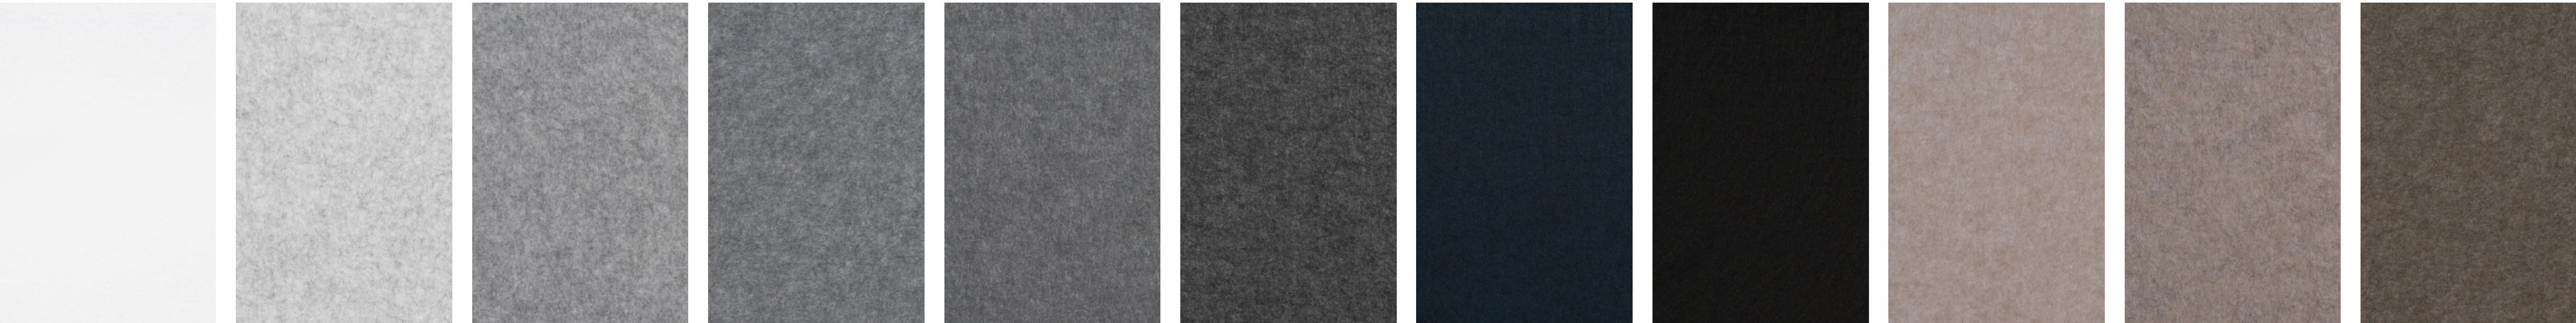

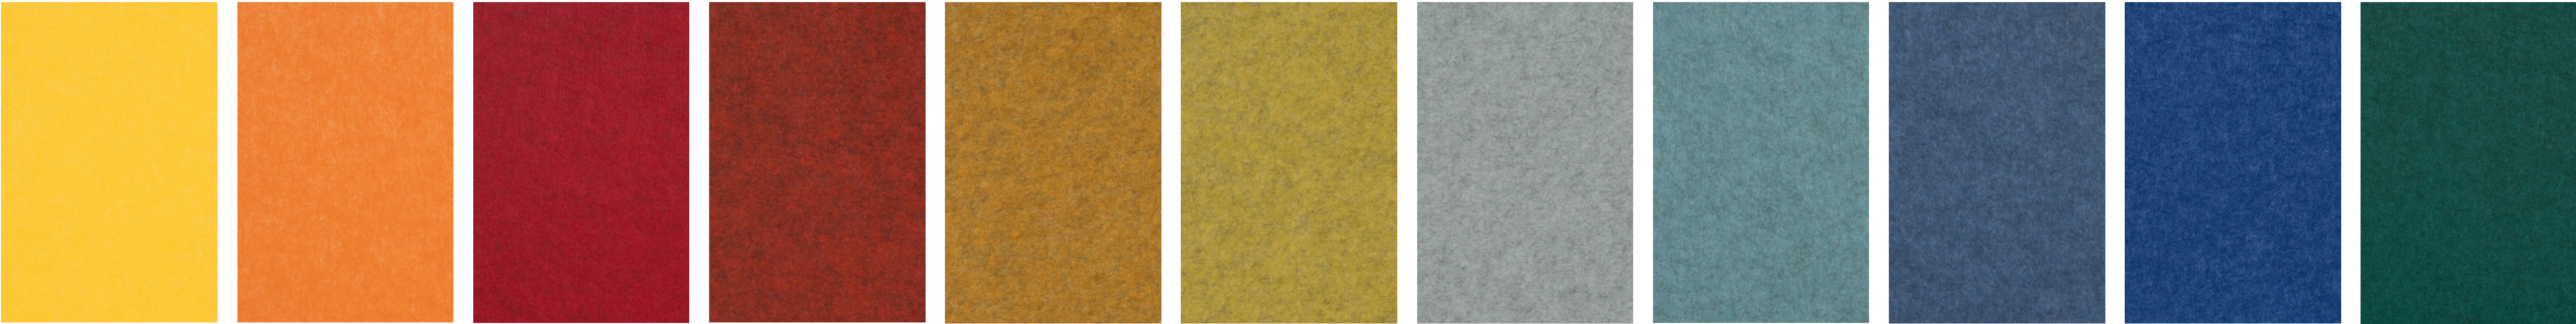

Get Modern
