
Radielle
LightArt

A Family of Soft Geometry

Rounded pill forms, sculptural spheres, teardrops, cones, and slender candlesticks create a cohesive visual language across the collection.

With 15 stock color options including warm neutrals, soft white, crimson, citrus yellow, and earthy tones, Radielle makes it easy to build contrast, rhythm, or create quiet continuity into an interior.

LARGE TEARDROP IN CRIMSON, SHORT CONE IN SPRUCE, SMALL PILL IN MIDNIGHT BLUE, CANDLESTICK 65D IN HARVEST, AND LARGE SPHERE IN SAND.

LARGE TEARDROP IN CRIMSON, SMALL AND LARGE SPHERE IN BONE

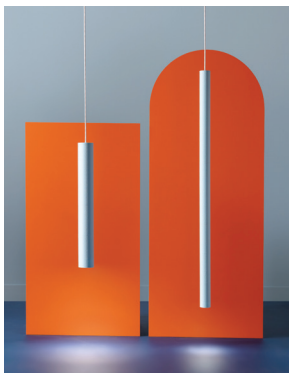

The Radielle Collection

Radielle brings color, form, and focused light to spaces where larger decorative fixtures feel out of scale. Its compact pendants add visual warmth above dining tables, work surfaces, and gathering areas—equally effective as a single accent or a composed grouping.

Radielle is designed to work in multiples. Arrange pendants at varied heights for a lively installation, repeat a form in a linear sequence, or mix silhouettes and colors to create a more expressive ceiling moment. The result is a flexible system that can shift from understated to statement-making.
