

ACOUSTIC SHADES

EMPIRE & CYLINDER

LightArt®

The Empire Shade

The classic tapered design features a double layer of material that maximizes acoustic performance, making it an easy acoustic and lighting solution in one package.

The Cylinder Shade

A bold new addition to the Acoustic Collection. Designed to be versatile, with a comforting and flexible style, perfect for residential, co-working and privacy spaces, schools and other environments.

Mix and Match Your Shade

Choose the inner and outer shade material from 15 stock colors. Create fixtures with a vibrant pop of color or neutral tone, mix and match to achieve your design goals.

Sola Felt

Sola Felt utilizes 3form's PET technology, incorporating 50% post-consumer recycled content. The material is designed to be environmentally sound, durable, and acoustically impactful.
