Ends can be joined by gluing, nailing or cutting out dovetail joinery.

DRAWER FRONT ADJUSTER

Material: Nylon

Part #	Color
6310-BR	Brown

• Use on drawer fronts to provide realignment facility on fronts attached to 4-sided drawers.
• Housing is nylon with die cast threaded insert screw, plated steel.
• Housing is hammer driven into a 25MM pre-bored hole.
• Screw attaches 4th side of drawer to allow adjustment of front until fully tightened.
• Screw size is 7/8" x 8/32".
Features:
• 2mm of adjustment in vertical or horizontal directions.
• 25mm hole boring in drawer front.
• Large head screw attachment to 4th side of drawer.
• Simple to use.

3M™ AUTHORIZED DISTRIBUTOR

EXCELLENT FOR GLASS TABLES, CABINET DOOR, LIDS & DRAWERS!

Bumpon's products are made of durable, resilient polyurethane polymer formulated especially for its unique high coefficient of friction, slip-resistant, non-marring features. An aggressive, high tack pressure sensitive adhesive protected with any easy release liner makes application fast & easy. Use to prevent slamming, nicking, scuffing, sliding, vibration or noise. Clear bumpons become virtually invisible, since the clarity of the polyurethane bumpers enables them to transmit any color they are placed on.

• Non-skid   • Non-marring   • Crack resistant   • Self adhesive backing

OP-0071	8x33mm HI-LO Funnel Head
OP-0077	8x45mm HI-LO Funnel Head
OP-6077	8x50mm HI-LO Funnel Head

Fast, easy, secure anchoring in ALL building materials — drywall, gypsum board, brick, concrete, block, stone, plaster ...
• No special tools needed   • Stronger than any anchor of comparable screw size

TOGGLER® BRAND SnapSkru® Self Drilling Drywall Anchor

Securely hang alarms, mirrors, bathroom accessories, picture frames, drapery, lighting fixtures, smoke detectors, thermostats, electric boxes, etc.

• Material: Glass Filled Nylon
• Positive "stop" prevents overturning
• Can be used with a screw gun or hand drill
• Activates & locks with an audible "pop" indicating correct installation

STRIPLOX™

Fully Concealed Hidden Joining System

- Material: Glass Reinforced Nylon
- UV and Fire Rated
- Guaranteed to save on production time and labor costs because it's easy to install and you do not need to wait for glue to dry.
- Units can ship knock down. Less money will be spent on transportation.
- Reduce inventory levels on other fastening components when you switch to this system. Very cost effective and requires less fasteners.
- There is no need to buy expensive new tooling because this system allows you to use standard router, screw drivers or CNC machine.

Striplox Pro 23

This connector has over 100 uses and can be used in a variety of applications ranging from large scale Architectural projects to hanging artwork or building floating shelves

Striplox Pro 55

Striplox Clip 50

Designed for small and precise applications, while providing a secure connection in the tightest of places.

Striplox Mini 60

Striplox Mini 120

Allows the user to create fully concealed joints.

Striplox 90D 98

Designed to quickly and easily connect any right angle, miter box and flush joints.

Striplox 180D

Allows you to easily join tables together at conference venues and restaurants in less then a minute.

Striplox Griplox

Is a great alternative to traditional wood biscuits. No more glue, no more waiting time and no more bulge.

Striplox Megalox

Megalox is ideal for bench, table top installations with mitre joints, T joints or box joints.

For Striplox Starter Kits, See Page G-39

Striplox Pro 23 & 55

- **Type of Application:** Ceiling panels, acoustic panels, timber battens, floating shelves, furniture, bookcases, mirrors, RV and marine, exhibition/tradeshow events, shop fitting displays and signage.
- **Connection:** Male and female, ideally male is mounted to the wall, ceiling or other surfaces.
- Designed for panels, frames or components. This hidden mounting system delivers a flawless finish with a perfect alignment every time.
- Very strong and durable and will support the load capacity evenly over the entire product.
- Cabinetry or panels can be fitted permanently or removed and re-used with ease.
- 2 sizes to choose from with slim design for easy concealment.
- **Mounting Options:** Horizontal, Vertical and Ceiling Mount
- **Board or Panel Materials To Use:** Solid Wood, MDF, Composite Materials, Aluminum, Acrylic and More
- **Lock Tab:** Lock tab for permanent mounting or remove when repeated access is needed.

Striplox Mini 60 & 120

- **Type of Application:** Commercial, domestic and architectural furniture, wardrobe closets, cabinetry, framing of artwork and mirrors, RV and marine fit outs and locker room.
- **Connection:** Male and female mortised into position.
- Replaces the need to use biscuit joints, fasteners or cam dowels. This saves time on labor with a quick and easy install. Completely hidden joint.
- The connectors produce a tight and strong joint either in permanent or reversible applications.
- Will not interfere with substrate finishes, such as veneers and paint.
- **Mounting Options:** Horizontal, Vertical and Lock Up Mount
- **Board or Panel Materials To Use:** Solid Wood, MDF and Other Composite Materials

Striplox 90D 98

- **Type of Application:** Bulk head and kickboard, furniture, shop fitting displays and signage, exhibition and tradeshow events.
- **Connection:** Male and female, ideal male is mounted to the wall ceiling or other surface. Surface mounted ideal for any right angle.
- This patented design pulls the substrate firmly together to form a strong and tight joint in one simple action by distributing the loads evenly over the entire connector and joint.
- The joint is not visible once the cover is snapped into place.
- Can create a perfect 90 degree angle.
- **Mounting Options:** Horizontal, Vertical and Side Mount
- **Board or Panel Materials To Use:** Solid Wood, MDF and Other Composite Materials
- **Lock Tab:** Cannot be removed, but can be overridden when you start the connection from the beginning of the clip.

- When creating a waterfall, saves time and because there is no glue to dry.
- Will allow you to create a perfect alignment.
- Can support heavy panels, 650 lbs. when used vertically.
- **Mounting Options:** Horizontal, Vertical and Lock Up Mount
- **Board or Panel Materials To Use:** Solid Wood, MDF and Other Composite Materials
- **Lock Tab:** Lock tab for permanent mounting or must be sanded off or sliced off with a utility knife.
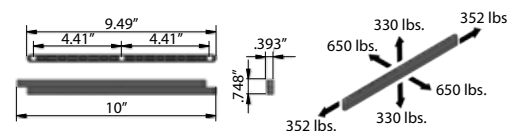

- **Board Depth:** 3/4"
- **Projection- Recessed Mounted:** Fully concealed joints
- **Size of Screws:** #8 x 5/8"
- **# of Screws:** 6 pieces
- **Screw Adjustment:** Yes
- 32MM Compatible

Non-Outrigger

*OP6-6431*

Outrigger

OP6-6397

- **MATERIAL: Nylon / Zinc**
- Works with 16mm & 19mm panels
- Drop-On application
- "Klix" locking system provides a strong, vibration proof connection
- Compatible with all screw-in and Quickfit System6 dowels
- Ideal for high volume production case goods, closets & garage storage systems
- No edge boring required
- Available in Almond **AL**, Black **BK**, Brown **BR**, Candlelight **CN**, Silver **SL** & White **WH**

System 6: Quickfit Dowels
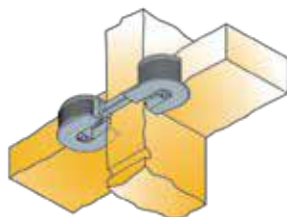

- Zinc construction
- For panel-to-panel and back-to-back applications
- Works with all System 6 housing
- Depth stop collar for accurate insertion

OPHS-6402

| Part #	Drill Length For Dowel Thread	Finish	Pieces Per Carton
OPHS-6402	(8mm) 0.315"	Zinc	5000
OPHS-6406	(11.5mm) 0.45"	Zinc	5000

Expandable Dowel

ØD2 x 12.5

- Simply slide into pre-drilled 5mm hole
- The dowel expands in the hole as the housing cam is rotated
- Can quickly and easily be moved to a different location without damaging panels

Part #	Finish	Pieces Per Carton
OPHS-6408	Zinc	5000

Double Ended Dowel

| Part #	Finish	Pieces Per Carton
OP6-6416	Zinc	1000

System 5: Cam & Dowels

15mm Cam
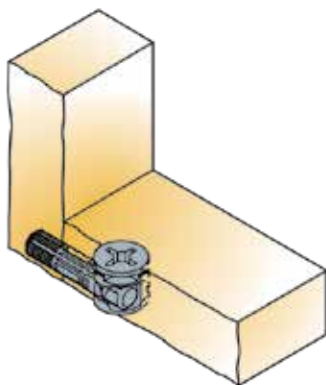

- Zinc construction (OP5-5644B: Zinc/Nylon)
- For 15/16mm & 18/19mm panel thickness
- "Klix" locking feature provides a strong vibration proof connection
- Linear cam profile results in smooth easy cam rotation & dowel pull up

Ø15

Part #	Panel Thickness	Drilling Depth	Finish	Pieces Per Carton
OP5-5644B	15/16mm	(12mm) 0.50"	Black	2000

System 4: Quickloc

- Zinc construction
- For use with 5/8" and 3/4" panels
- **Drill Size: *Cam*: 25mm, *Dowel*: 10mm**
- **Drilling Depth: *Cam*: 11mm, *Dowel*: 13mm**
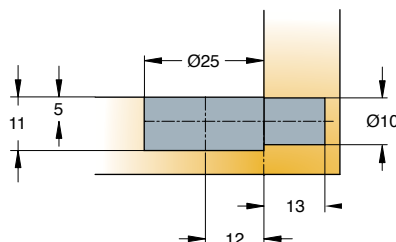

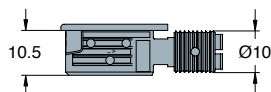

- One piece expanding connector
- Capable of hand insertion
- Highly tolerant and tightens in less than one turn
- Face boring product with high degree of drilling tolerance
- Only connector to provide pull-up of cabinet panels when tightened

• **Kiln Dried To 6-8% Moisture**

Which pin is better, Spiral or Fluted? ....There is no real answer as to which pin offers better holding power. While some manufacturers dowel-inserting machinery may advise which groove suits its machinery better, both pins offer excellent dispersion of glue as well as excellent bonding qualities.

RATCHET ASSEMBLY POST & SCREW

- Polypropylene
- Simply press together these screws with serrated pins for fast and easy assembly
- Works with flat panels, punched papers, key cases, catalogs, etc.
- Not intended for applications requiring removable/reusable fasteners!
- Usable in corrosive environments
- Will not mark or mar most surfaces

Natural Nylon Arrow Clips

- Natural Nylon is off-white in color
- Molded natural nylon fasteners offer an inexpensive fast method to hand assemble metal, wood and plastic composition or any other thin gauge materials.
- Reusable
- Specially designed body compresses through a pre-punched hole and springs back to shape, locking the assembled parts securely.
- Provides a vibration, abrasion and corrosion resistant connection.
- Electrically insulating

Table Pins

Material: HDPE

• Self-lubricating for easy, smooth action; will not swell, shrink, check or rust
• No glue required
• Finishing materials will not adhere to the pin; will not mar fine table surfaces
• Table pins are also used for top & bottom glides for sliding doors

7" FLAT OR 3-D

THIS IS OUR MOST POPULAR AND VARIED LINE OF SWIVELS.
7" SQUARE PLATES HAVE SLOTS ON 5-1/4" CENTERS. 12 GAUGE STEEL. PITCH AVAILABLE IN FLAT, 3°.
NOTE: FLAT SWIVELS ARE FOR CHAIRS WITHOUT BACKS, 3-D SWIVELS ARE FOR CHAIRS WITH BACKS.

Top & Bottom Plates,
5-1/4" Slotted Centers
7 Square Plate
12 Gauge Steel
Pieces Per Carton: 16

T712F (FLAT)
T712 (3-D)

Standard Swivel Used On Entire Trendler Pedestal Base Line.
May Be Used In Conjunction With 3-1/4" Weld Plates.
Four 1/4"-20 Threaded Holes On 2-1/2" Centers.
Pieces Per Carton: 25
Weight Each: 2.50 Lbs.

TRB3 (FLAT)
ALSO AVAILABLE 3-1/4" WELD PLATE:
TP325

Revolving Turntables

STEEL LAZY SUSANS

- Only 5/16" Thick (Can be recessed into surfaces for 1/8" thickness).
- Large, Full Ball Race For Maximum Stability & Smooth Gliding Rotation.
- 360° Interlock Prevents Separation.
- Electro Zinc Coated For Rust Resistance.
- Orders for less than the carton quantity are subject to a broken box fee.
- Made in the USA.

2P10 ADHESIVE KIT

2P-10 is a two-part ten-second adhesive. Just apply the adhesive, then spray the activator and stick it together for a strong permanent bond. Its greatest benefits are its speed and strength.

Kit Includes:
(1) 2.25 oz. Thin for filling micro cracks
(1) 2.25 oz. Medium for use on smooth surfaces such as laminate
(1) 2.25 oz. Thick for use on porous surfaces such as particle board
(1) 2.25 oz. Jel all purpose application. Will not run on vertical surfaces
(1) 2 oz. Activator
(1) 2 oz. Adhesive debonder
(5) Mirco tips
(2) Brushes
(1) Pump spray top

2P-10-KIT

16 OZ. GLUE BOTTLE

The Glübot™ is designed with a 2-chamber system that pushes glue from the bottom up through the secondary side chamber which ensures fresh glue every time.

• Replaceable tips and cap storage
• Dispenses glue from the bottom first
• Includes: 1 Blade Tip, 1 Yorker Tip, 1 Red Cap

GLU-BOT

Great for...Yellow glue, wood glue and other liquids

2P10 ADHESIVE ACTIVATOR

12 oz. aerosol can of adhesive activator produces a ten-second bond time when used with 2P-10 adhesives.

2P10-SOLO-ACT

30 NF FASTBOND™ CONTACT ADHESIVE, GREEN
(PROTECT FROM FREEZING)

Fastbond™ brand adhesives are industrial-quality products designed to provide innovative answers to a wide variety of non-structural bonding problems. (TECHNICAL INFO AVAILABLE UPON REQUEST)

A water dispersed high strength contact adhesive that changes color from blue to green when dry. Has high coverage, a long bonding range and good heat resistance. Can be used to bond foamed plastics, plastic laminate, wood, plywood and wood veneer, and canvas to themselves and each other, as well as for postforming operations. Meets requirements of MIL-A-24179-A. Non-flammable in the wet state.

Adhesive Blocks

PERMANENT ADHESIVE BOTH SIDES

• Rubber based adhesive
• Works on a variety of surfaces
• Helps signage stand out with 3D effects
• For light-weight applications or filling gaps

Part #	Size	Color	Pad Qty.	Box Qty.
RFTB-501010	1/2" x 1" x 1"	White	12	2400
RFTB-757510	3/4" x 3/4" x 1"	White	24	2400
RFTB-101010	1" x 1" x 1"	White	36	2520

REMOVABLE ADHESIVE ONE SIDE, PERMANENT ADHESIVE ONE SIDE

Part #	Size	Color	Pad Qty.	Box Qty.
NPAB-1-501010	1/2" x 1" x 1"	White	12	2400
NPAB-1-101010	1" x 1" x 1"	White	36	6012

REMOVABLE ADHESIVE BOTH SIDES

• Helps create 3D effects for your graphics
• Works with graphics in traveling exhibit booths
• Easily removable from most hard surfaces with no residue
• Good for temporary signage and displays
• Can be used as protective packaging

Part #	Size	Color	Pad Qty.	Box Qty.
NPAB-2-101010	1" x 1" x 1"	White	N/A	6012

Removable Tapes

REMOVABLE ONE SIDE, PERMANENT ONE SIDE

• Removable side leaves no residue on most hard surfaces
• Good for single use graphics

Part #	Size	Color	Coil Size
NPA1-1-0500	1/2" W x 1/32" T	White	216 ft.
NPA2-1-0500-BK	1/2" W x 1/16" T	Black	216 ft.

REMOVABLE TWO SIDES

• Removable side leaves no residue on most hard surfaces
• Allows graphics to be used multiple times with no damage

Part #	Size	Color	Coil Size
NPA-1-2-0500	1/2" W x 1/32" T	White	216 ft.
NPA-1-2-0500-BK	1/2" W x 1/32" T	Black	216 ft.

CLEAR REMOVABLE TAPE

• For use with glass, acrylic, polycarbonate, and more
• Removable side leaves no residue on most hard surfaces
• Allows graphics to be used multiple times with no damage

Part #	Size	Color	Coil Size
NPA1-2-0500-CL	1/2" W x 1/32" T	Clear	216 ft.

REMOVABLE TAPE FOR METAL SHELVING

• Adhesive comes off metal shelves with no residue
• Change campaigns, change the shelf edge

Part #	Size	Color	Coil Size
MST1-1-0500	1/2" W x 1/32" T	White	216 ft.
