

# Steel Countertop Support Brackets

**Available In:** 1008 Cold Rolled Steel / Raw (treated for customer's own painting or finishing) or 304 Stainless Steel  
**Thickness:** 1/4" (Except Where Noted)    **Flange Width:** 2"- 3"    **Hole Size:** Fits standard 1/4" screws/bolts

▲ Non-gusseted brackets have a 750 lb. load rating

## Finishes Available:

304 Stainless Steel (Brushed #4) – SS  
 1008 Cold Rolled Steel (Raw) – CRS  
 Powder Coated Black – BLK  
 Powder Coated White – WH

## Floating/Hidden Countertop Support Brackets

Our New Jersey, New York & Maine brackets create a floating countertop appearance with the solid strength of metal support. They give the maximum leg room, liberating you from the annoying knee knocking in cramped spaces. New Jersey brackets are ideal for island extensions where 2/3 of counter rests on another surface, hallway & pony wall applications. The New Jersey bracket is not useful in elevated applications or wall mounted countertops. New York & Maine brackets are best installed on the top plate of a knee wall.

# Steel Countertop Support Brackets

**Available In:** 1008 Cold Rolled Steel / Raw (treated for customer's own painting or finishing) or 304 Stainless Steel  
**Thickness:** 1/4" (Except Where Noted)    **Flange Width:** 2"- 3"    **Hole Size:** Fits standard 1/4" screws/bolts

## Finishes Available:

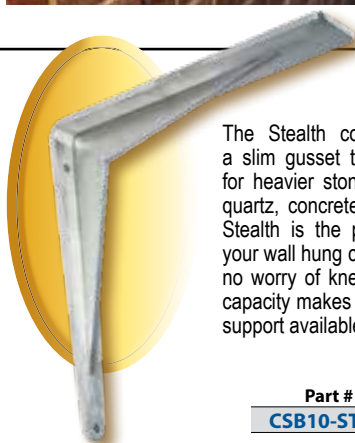

**304 Stainless Steel (Brushed #4) – SS**  
**1008 Cold Rolled Steel (Raw) – CRS**  
**Powder Coated Bronze – BRZ**

## TERRANCE

The Terrance countertop support bracket is a decorative countertop support bracket that is perfect for supporting countertop overhangs. Standard island applications or wall hung counters will have full support and maximum leg room for stools with this countertop support bracket. Stainless steel is perfect for outdoors while raw steel can be painted to match indoors.

Part #	Finish	Size
<b>CSB10-TE-SS</b>	SS	10" x 10"
<b>CSB12-TE-SS</b>	SS	12" x 12"

## STEALTH

The Stealth countertop support bracket has a slim gusset that provides additional support for heavier stone countertops such as granite, quartz, concrete and other solid surfaces. The Stealth is the perfect selection for supporting your wall hung counters, floating desks, etc. with no worry of knee knocking. A 500 pound carry capacity makes it perfect when there is no other support available.

Part #	Finish	Size
<b>CSB10-ST-SS</b>	SS	10" x 10"

## IDAHO

A popular design, the decorative, curved gusset on the bracket makes for a very attractive support while giving good leg room. The gusset extends through the flanges of the brace to allow for welding on the backside of the support, giving no visible weld on the face. With a strong support capacity and an elegant appearance, these are great for all kitchen, bath and other decorative applications.

## SUTHERLAND

The Sutherland bench bracket is an angle bracket with a low profile gusset providing additional support while remaining virtually invisible under the bench. For use indoors and outdoors, the Sutherland bench support can be installed over the tile with the proper tools or tiled around if installed prior to tile work.

## BANQUET

A heavy duty bench support bracket so strong, failure is not an option and you can take that to the bank! This heavy duty bench support bracket is made of 1/2" steel, with a strong plug welded gusset, great for locker rooms, restaurant banquettes, or outdoor benches.

Part #	Finish	Size
<b>CSB16-BQ-CRS</b>	CRS	16" x 8" x 3"

# Steel Countertop Support Brackets

**Available In:** Powder Coated Black or 1008 Cold Rolled Steel (treated for customer's own painting or finishing)  
**Thickness:** 1/4" (Except Where Noted)    **Flange Width:** 2"- 3"    **Hole Size:** Fits standard 1/4" screws/bolts

## HARMONY

The Harmony hidden countertop support bracket is a hidden countertop support designed specifically for an island with base cabinets. Installed on 1 x 2 strips across the top of the cabinet, the Harmony hidden support is available in one size and positioned forward or back depending on support required. Strong support for granite, quartz, marble or other stone countertops from 8" to 24". The Harmony hidden countertop bracket is available with a right or left side mounting flange to avoid interference with drawer slides.

**Powder Coated Black – BK**

Sento

## REPUBLIC

The hidden support is a very popular configuration for breakfast bars and serving counters mounted on knee (pony) walls. Designed specifically to be used on a half wall, the Republic Top Plate hidden support is 12" long x 3.25" wide. When placed side by side the length of your half wall, our Republic's eliminate the need for routing or special wall treatment under the counter! Multiple holes allow you to fasten the Republic Top Plate without hitting the nails in the framework. Let Freedom Ring!

Part #	Finish	Size	Arm Width
<b>CSB10-RP-BK</b>	BK	10" x 12"	2"
<b>CSB12-RP-BK</b>	BK	12" x 12"	2"
<b>CSB14-RP-BK</b>	BK	14" x 12"	2"

**NOTE:** The size shown for the Republic is the length of arm extensions under your counter. The Republic has the additional 3.25" that mounts over the 2x4 stud wall. (Ex. Overall length of the 10x12 is 13.25")

## CORNERSTONE

We are proud to present another solution to countertop installation in that hidden category. The Cornerstone hidden bracket support extends from the corner of the base cabinets to support that awkward and always deeper overhang in an L shaped counter. The Cornerstone Corner bracket will identify with our New Jersey and New York brackets to support corners across America and beyond. Short down flanges for fastening to the inside of the cabinets will remain out of the way of cabinet drawers. Everything you could want in a hidden support bracket and then some. Sing your anthem today!

Part #	Finish	Size
<b>CSB15-CS-BK</b>	BK	12" x 6.44" x 2"
<b>CSB18-CS-BK</b>	BK	14" x 6.44" x 2"
<b>CSB20-CS-BK</b>	BK	17" x 6.44" x 2"

## SENTO

The Sento floating vanity support bracket provides balance and support strength with very little visibility. The formed fabrication process gives the Sento floating vanity support the strength to hold both base cabinets and countertops. The supporting arms are 18" long to support a 22" deep cabinet or countertop. Installation can be hidden behind wall material or through the cabinet base for a wall hung vanity.

Part #	Finish	Size
<b>VSB1818-SEN-CRS</b>	CRS	18" x 18"

**NOTE:** Vanity Supports will comply with the Americans with Disabilities Act (ADA) when installed per the requirements of the Accessibility Guidelines, Section 606 Sinks, of the Act.

**Available In:** 1008 Cold Rolled Steel / Raw (treated for customer's own painting or finishing) or 304 Stainless Steel  
**Thickness:** 1/4" (Except Where Noted)    **Flange Width:** 2"- 3"    **Hole Size:** Fits standard 1/4" screws/bolts

## Elevated Support Brackets

### Finishes Available:

**304 Stainless Steel (Brushed #4) – SS**  
**1008 Cold Rolled Steel (Raw) – CRS**  
**Powder Coated Black – BK**  
**Powder Coated Bronze – BRZ**

### SOUTH DAKOTA

The South Dakota floating countertop support is designed to support a floating countertop above another counter or solid surface. The back plate facilitates connection to the wall or base cabinet so the gusset can extend above your countertop to support glass or granite counters and other solid surfaces. The South Dakota floating counter support should not be used on counters deeper than 18".

Part #	Finish	Size
<b>CSB1120-SD-SS</b>	SS	11.5" x 20"

### ARIZONA

These brackets are designed for the elevated application and enhance the finest of kitchens. The Arizona support's smooth contours and serpentine profile gives this support a character all of its own.
