WORLD-CLASS GOLF, DISCOVERED IN VALENTINE’S BACKYARD.

In 2010, our Club was birthed along the rim of the Snake River canyon, seventeen miles south of Valentine, Nebraska.

Over ten years later, we’ve emerged as one of the greatest golf destinations anywhere in the world.

Complete with two championship 18-hole golf courses, a 10-hole short course, 71 comfortably appointed rooms on location, and a 5-star dining experience, The Prairie Club is undoubtedly a bucket list resort.

WELCOME TO PURE GOLF.

Welcome to the Sandhills of Cherry County

The Sandhills of Cherry County sit quietly above the Ogallala Aquifer, one of the largest sources for groundwater in the world. Small, spring-fed lakes and sand marshes can be discovered over much of the area, providing wildlife habitat for an amazing array of species.

Cherry County is the largest county in the state, and is approximately the size of Connecticut! It is safe to say that there are more cattle than people in this region, that some have deemed, "The Sea of Grass". If you were to place only 1 person per mile, of the 6,000 square miles of the county, that would surpass the approximate population of all of Cherry County....And we like it that way!

The wide open spaces of the Sandhills were unfriendly to some early settlers and was labeled as an unlivable desert. In time it proved to be prime rangeland for raising livestock, and that remains true for the ranchers of today. Experience this rich history and step back with a visit to the Bowring Ranch in Merriman. The Sandhills of Cherry County may fit right in to the slogan for rest of the state of Nebraska, "Honestly, it's not for everyone!" It's OK to think that, but don't think we are flat or just endless cornfields. We are not just a fly-over country, either. We do have the darkest skies, tallest waterfalls, most majestic rivers, scenic drives, and amazing wildlife in the state. So, next time you are headed somewhere, skip the interstate and take Hwy 83, Hwy 20, or the "Outlaw Trail" Scenic Byway Hwy 12. All roads lead to the Heart of the Sandhills......Perfect! Visit Valentine & Cherry County.

Kayaking and Canoeing

Niobrara. Say it with me (nahy-uh-brair-uh). This magnificent, easy flowing, family friendly river is easier to float than it is (for some) to say. Canoers have ranked the Niobrara River as one of the nation’s best, and it was designated by Congress as a National Scenic River in 1991. Spring fed tributaries provide the river with reliable water levels year around, so the tens of thousands of annual floaters shouldn’t have to worry about a poor time of year to get out on the water. Would you like to have the river to yourself...? Try to come in the spring or late fall. Book a trip for earlier in the week...Wednesday or Thursday, perhaps.
While enjoying a "fun day" on the river, many who visit do not even realize the treasure trove of history and wonderment they are floating just feet above.

What an unexpected sight to behold in the middle of the sandhills. Smith Falls is a natural, spring fed waterfall that cascades down a rock face almost 70 ft high. Step under its splendor and let the cold, crisp water take your breath away. This is a welcome, and refreshing stopping point for those floating the river.

Smith Falls State Park’s visitor center and camping area are on the other side of the Niobrara River and just few miles off of Highway 12. A large walking trestle bridge spans the river giving park goers easy access to Smith Falls and the Jim MacAllister Trail. The trails offer you many more surprises and leads you through the canyon, to open prairie before you descend along the Niobrara River edge. You will get an up-close view of all 6 ecosystems in one hike.

A fun, candid shot of Fred Kryzanowski as you would have seen him back in the day. Fred, in his bib overalls, would amble down to his cow pasture near the river in the morning to collect a $1 fee from visitors for camping there overnight and seeing Smith Falls - Nebraska’s highest waterfall.

Valentine National Wildlife Refuge

Valentine National Wildlife Refuge is located on Highway 83 just 20 miles south of Valentine. Nestled among the sandhills and marshes of the refuge, are numerous lakes in which 9 are open for fishing. With a small boat, kayak, or canoe you will find bass, perch, bluegill, and northern pike.

There is seriously, something for everyone on the refuge. Hunters from across the country come to hunt deer, coyote, pheasants, dove, sharp-tailed grouse and prairie chicken. Plus there are over 80 miles of sand trails dedicated for hiking only. Everyone loves Cherry County in the summer time, but let's not forget about winter, too! Valentine National Wildlife Refuge is open year-round, so ice fishing is a must! ....and the catch can be incredible. If you just want to observe, you can do that, too!

With over 240 bird species identified on it's over 71,000 acres, the Valentine National Wildlife refuge is an excellent place for bird watching. During annual migrations, thousands of ducks and geese stop by for feeding and rest on their journey. In April and early May there are observation blinds set out for viewing the prairie chicken and sharp-tailed grouse display grounds. Get there early. Best viewing times are early morning and at dusk. This is a perfect opportunity to get photos and video of them during mating season.

Overnight camping and fires are not allowed. Usage is limited to daylight use only. For full rules and regulations please see website, pick up a map, or call for more information. (402)376-3789.
Samuel R. McKelvie National Forest sits on over 100,000 acres of land in Nebraska’s Sandhills prairie ecosystem. Unlike the name suggests, you are more likely to encounter sand dunes, windmills and small water pockets, than you will actual forest. Miles of multi-use trails weave through the Sandhills, and can be used for hiking, mountain biking, and horseback riding. The area is one of the best places in the state for birdwatching, with hundreds of species spotted throughout the year. Most of the area is open to hunting, with popular game species including white-tailed deer, antelope, and mule deer. If you are looking for actual tree filled landscape, you will have to travel a little further west, just south of Nenzel.

RV camping is limited within the forest, with only one main campground. Located at Steer Creek, the campground has over 20 RV sites, with miles of hiking trails that take you into the surrounding Sandhills. If you want more privacy, you can dispersed camp throughout much of the forest. There are also a number of rivers and lakes in the area, giving RV campers a number of recreation opportunities out on the water. Merritt Reservoir is the most popular fishing spot in the forest, with large populations of large and small-mouth bass, catfish, trout, and walleye. You can canoe and kayak on the lake, as well as along the scenic Niobrara River.

Get Back to Nature!
Everything you need - on or off the water!
Outfitting the Niobrara for over 40 Years!
A true sign that summer has arrived is when you see the American flag flying high above the west side of the lake. Robert Joseph and his family provide, raise and maintain the flag all season. Sandhill winds take their toll, and kind donations have helped with costly replacement of the flag to keep it flying.

The area also has become recognized as having some of the darkest night skies in the region and perfect for star gazing. The Nebraska Star Party calls Merritt home for its annual star party each summer. You will find that much of Cherry County is perfect for star gazing, but there is something to be said for witnessing the milky way from atop the Snake River Campground area, in the still of a moonless night!

Merritt Reservoir located in a picturesque valley of the Snake River 26 miles southwest of Valentine and offers some of Nebraska’s best fishing, boating and camping areas. It is a deep lake with excellent inflow from the Snake River and Boardman Creek. Walleye, crappie and white bass have long been the favorites, but there are numerous other species including catfish, perch, bluegill, northern pike, large & small mouth bass, and even muskellunge. You name it. They have it.

Merritt Trading Post is located at the North end of the main lake at the dam. Stop in for more fishing and hunting information, bait, ice, refreshments, fuel and anything else you may need or have forgotten. They also have several options for lodging and small boat and equipment rentals.
Among Nebraska’s most spectacular waterfalls, Snake River Falls tumbles over a 54 foot wide ledge and flows 12 miles to the Niobrara River. When the Snake River is full, it is the largest waterfall in Nebraska by volume.

The waterfall is located 23 miles southwest of Valentine on Highway 97. Only 3 miles from Merritt Reservoir. Because access to the falls is on private property, it is not well marked. Your turn will be on the west side of the road about a 1/4 of a mile after the canal crosses the highway. Watch for a large water tank and a few trees. This will be your cue to turn.

You can view the falls from trails on both sides of the Snake Falls Sportsman’s Club building. Admission is only $1.00, and there is a pay box in front of the Sportsman’s Club building.

Please be respectful of the property when you visit. We are privileged to be able to have this beautiful sight open to public access, and would appreciate every effort to adhere to all posted restrictions. Thank You.

Although not an original sod house, this reproduction located at Bowring Ranch State Historical Park is definitely worth a visit. Don’t miss the rest of the Bowring Ranch, a working Sand Hills cattle ranch with an impressive visitor’s center detailing the lives of Arthur and Eva Bowring.

In 1985, the Nebraska Game & Parks Foundation accepted the gift of the 7,202-acre Bar 99 Ranch from the estate of former U.S. Senator Eve Bowring. She stipulated that the land was to remain a working ranch, maintaining the ranch’s prize herd of Herefords.

Cottonwood Lake campground is located nearby and offers many camping amenities along with power boating, fishing, bird watching and picnicking. Its remote location makes it an excellent place to see the stars and get away from it all.

Built in 1897, Nebraska’s oldest standing high school sits proudly at 3rd and Macomb Street in Valentine, NE. It was placed in the National Registry of Historic places in 1984. It boasts 12 classrooms filled with historic exhibits to quickly transport you to how things looked in the area back then and through the years. These walls have a few extra secrets and a story or two that only they can tell for sure. Locals and visitors have reported some unexplained phenomenon. What could it be? You will have to see........or hear.... for yourself.

This treasure trove of history stands on the Corner of Hwy 20 and Main Street next to the Visitor Center. It is known for its extensive genealogy library, newspaper collection, and microfilm records that date back to 1884. The rooms inside will wind back the clock of time with artifacts from Ft. Niobrara, the Sioux Indians, the homesteader, the early cattleman and the town builders. Just outside the museum stands a log cabin from 1882. This gem has something to peak the interest of anyone at any age. You don’t want to miss an opportunity to step inside.

After designing one of modern golf's greatest courses at The Prairie Club, Tom Lehman and Chris Brands returned to Valentine to design a public golf course accessible to anyone. Opened in 2017, Frederick Peak Golf Club boasts 10 of the most fun golf holes that you will ever play. The dramatic canyon landscape carved out by the Minnechaduza Creek is ideal for golf. The area's natural beauty blends perfectly into golf course to create an unheralded outdoor experience.

Come visit us. Experience municipal golf at its best. Experience Valentine.
Hunt... like a local

Do your research. Learn about all of the public land Cherry County has to offer for hunting, or find an outfitter to have exclusive access to some of the prime hunting grounds in the region. When you stay in Cherry County, you are only a few miles from the South Dakota border and additional hunting opportunities. Plan to stay a while - We will keep you busy!

Valentine Bike Share

The Valentine Bike Share is Valentine's newest addition! The Cowboy Trail trail-head at 1st & Main Street will greet you with these adorable bikes. Rent 1 for a couple hours. Follow the Cowboy Trail out East of town to the railroad bridge. You can hang a left at green street and cruise along the new pedestrian path that will take you to the far North East end of Valentine. How about rolling just downtown to do some shopping or a few blocks over to the local brewery? Valentine Bike share is the first of it’s kind being the most rural bike share in state. Payment can accessed by an app on your smartphone or at the bike kiosk. Locals or frequent visitors can even get a low monthly rental rate.

Valentine Mill Pond & Valentine State Fish Hatchery

Valentine Mill Pond was originally created in the 1890s to power a gristmill and is located just west of the city park. The Minnechaduza creek flows though it and over the spill way and on its way through the city park. Since the 1970s the lake had shrunk from more than 30 acres to less than 15 acres. Exposed mud bars indicated the source of the problem, which is excessive sediment. The Valentine Mill Pond was once known as the Valentine "Bathing Resort" where swimmers would take a dip in the pond to cool off. The Mill Pond is currently maintained by the City of Valentine and is now a quaint spot to throw in a fishing line from off the long pier or down off the rocks. It is a fun little ice fishing spot, too. A stroll around the pond will take you to an overlook of the spill way. In case you were wondering, the new and updated "bathing resort" can now be found at the Valentine Aquatic Center on 6th and Government Street.

The Valentine City park's 40 acres sits at the far north end of Main street and is open year round. Enjoy the multiple areas of playground equipment, primitive camping and fishing. There is more than a mile of hiking trails and an 18 hole disc golf course.

The park has a rentable pavilion, picnic tables, water, sand volleyball courts and an entertainment stage. There are restrooms and showers available but are, however, closed in the winter months. Enjoy a shaded walk among the oak and ponderosa pines trees along the trout filled Minechaduza creek. Your walk will take you by the Valentine State Fish Hatchery. Spread over 700 acres, the hatchery handles millions of fish eggs annually. In most years, lakes in Cherry County alone are stocked with some 675,000 fish. Enjoy watching the geese as they wander between the numerous ponds on site.

Just to the north is Government Canyon, a 640 acre area, offers prime wildlife habitat and activities including hiking, biking, bird watching, and hunting in specified areas.
Have you seen THIS?

Time was when one could step outside the door and look up to see a panorama of jewel-like stars stretching from horizon to horizon in an endless parade as the seasons changed. Nowadays, man-made light has drowned most of the universe above our cities, and even in our rural communities.

Ah, but the Nebraska Sandhills still hold vast stretches of prairie without a light to be seen, resulting in some of the darkest skies you’ll find over the face of the Earth. And once each year to these dark skies come hundreds of men, women, and children on a quest to see the amazing expanse of the night sky as our ancestors once knew it.

They come with telescopes and binoculars or with nothing more than their own two eyes. Some arrive armed with an intimate knowledge of the stars; others, mere curiosity and a sense of wonder. For one week each summer they gather to greet the hours between sunset and dawn with amazement.

And they party!

Here is your invitation! The week-long Nebraska Star Party is a vacation for the entire family, with ample opportunity for recreation, entertainment, and shopping during the day, and the magic of the sky at night.

Whether you’re a veteran star gazer, or you’ve never even looked through a telescope, plan to spend the week with us for an unforgettably fun, economical, and educational vacation under the stars! Check out all of the details at:
