## The Railroads of Ron V. Nixon

### What is great about it:

The exhibition “The Railroads of Ron V. Nixon” presents the steam, electric and diesel eras of three railroads by one of the best railroad photographers of our time. His dramatic views offer a unique experience with the historic world of railroading.

### What's in it!

- 55 images framed in 20x24 in. metal frames
- 175 linear feet
- 5 text panels
