**THESE ORACLE CLOUD SERVICES PUBLIC SECTOR SUPPLEMENTAL TERMS AND CONDITIONS ("CLOUD STCS") SHALL APPLY TO THE ORACLE CLOUD SERVICES THAT YOU ORDER FROM THE CONTRACT HOLDER (THE "CONTRACTOR"). THESE CLOUD STCS SHALL TAKE PRECEDENCE OVER ANY CONFLICTING TERMS IN ANY NON-ORACLE ORDER OR ORDERING DOCUMENTATION. THESE CLOUD STCS ARE CONSIDERED PART OF THE SCHEDULE OF SUPPLIES/SERVICES IN YOUR ORDER TO THE CONTRACTOR.**

**A. Definitions**

"You" and "Your" refers to the ordering activity that has ordered Oracle Services from an authorized distributor ("Contractor") under the Contract.

The term "Contract" refers to your contract or ordering document with the Contractor.

The term "Oracle Software" means any software agent, application or tool that Oracle makes available to You for download specifically for the purpose of facilitating Your access to, operation of, and/or use with, the Services.

The term "Program Documentation" refers to the user manuals, help windows, readme files for the Services and any Oracle Software. You may access the documentation online at <http://oracle.com/contracts> or such other address specified by Oracle.

The term "Service Specifications" means the following documents, as applicable to the Services under Your order: (a) the Cloud Hosting and Delivery Policies, the Program Documentation, the Oracle service descriptions, and the Data Processing Agreement described in these Cloud STCs; (b) Oracle's privacy policies; and (c) any other Oracle documents that are referenced in or incorporated into Your order as required by the Contractor. The following do not apply to any non-Cloud Oracle service offerings acquired in Your order, such as professional services: the Cloud Hosting and Delivery Policies, Program Documentation, and the Data Processing Agreement. The following do not apply to any Oracle Software: the Cloud Hosting and Delivery Policies, Oracle service descriptions, and the Data Processing Agreement.

The term "Third Party Content" means all software, data, text, images, audio, video, photographs

and other content and material, in any format, that are obtained or derived from third party sources outside of Oracle that You may access through, within, or in conjunction with Your use of, the Services. Examples of Third Party Content include data feeds from social network services, rss feeds from blog posts, Oracle data marketplaces and libraries, dictionaries, and marketing data. Third party content includes third-party sourced materials accessed or obtained by Your use of the Services or any Oracle- provided tools.

The term “Users” means for Services, those employees, contractors, and end users, as applicable, authorized by You or on Your behalf to use the Services in accordance with these Cloud STCs and Your order. For Services that are specifically designed to allow Your clients, agents, customers, suppliers, or other third parties to access the Services to interact with You, such third parties will be considered “Users” subject to the terms of these Cloud STCs and Your order.

The term “Your Content” means all software, data (including Personal Data as that term is defined in the Data Processing Agreement), text, images, audio, video, photographs, non-Oracle or third party applications, and other content and material, in any format, provided by You or any of Your Users that is stored in, or run on or through, the Services. Services under these Cloud STCs, Oracle Software, other Oracle products and services, and Oracle intellectual property, and all derivative works thereof, do not fall within the meaning of the term “Your Content”. Your content includes any Third Party Content that is brought by You into the Services, by Your use of the Services or any Oracle provided tools.

**B. Use of Services**

Upon Contractor’s acceptance of Your order, Oracle will make the Oracle services listed in Your order (the “Services”) available to You pursuant to these Cloud STCs and Your order. Except as otherwise stated in these Cloud STCs or Your order, You have the non-exclusive, worldwide, limited right to use the Services during the period defined in Your order (the “Service Period”), solely for Your internal business operations. You may allow Your Users to use the Services for this purpose and You are responsible for Your Users’ compliance with these Cloud STCs and the order.

The Service Specifications describe and govern the Services. During the Services Period, Oracle may update the Services and Service Specifications (with the exception of the Data Processing Agreement as described below) to reflect changes in, among other things, laws, regulations, rules, technology, industry practices, patterns of system use, and availability of Third Party Content. Oracle updates to the Services or Service Specifications will not materially reduce the level of performance, functionality, security or availability of the Services during the Services Period of Your order.

You may not, and may not cause or permit others to: (a) use the Services to harass any person; cause damage or injury to any person or property; publish any material that is false, defamatory, harassing or obscene; violate privacy rights; promote bigotry, racism, hatred or harm; send unsolicited bulk e-mail, junk mail, spam or chain letters; infringe property rights; or otherwise violate applicable laws, ordinances or regulations; (b) perform or disclose any benchmarking or availability testing of the Services; (c) perform or disclose any performance or vulnerability

testing of the Services without Oracle's prior written approval, or perform or disclose network discovery, port and service identification, vulnerability scanning, password cracking or remote access testing of the Services; or (d) use the Services to perform cyber currency or crypto currency mining ((a) through (d) collectively, the "Acceptable Use Policy"). In addition to other rights that Oracle has in these Cloud STCs and Your order, Oracle has the right to take remedial action if the Acceptable Use Policy is violated, and such remedial action may include removing or disabling access to material that violates the policy.

**C. Ownership Rights and Restrictions**

You and Your licensors retain all ownership and intellectual property rights in and to Your Content. Oracle or its licensors retain all ownership and intellectual property rights to the Services, derivative works thereof, and to anything developed or delivered by or on behalf of Oracle under Your order.

You may have access to Third Party Content through use of the Services. Unless otherwise stated in Your order, all ownership and intellectual property rights in and to Third Party Content and the use of such content is governed by separate third party terms between You and the third party.

You grant Oracle the right to host, use, process, display and transmit Your Content to provide the Services pursuant to and in accordance with these Cloud STCs and Your order. You have sole responsibility for the accuracy, quality, integrity, legality, reliability, and appropriateness of Your Content, and for obtaining all rights related to Your Content required by Oracle to perform the Services.

You may not, and may not cause or permit others to: (a) modify, make derivative works of, disassemble, decompile, reverse engineer, reproduce, republish, download or copy any part of the Services (including data structures or similar materials produced by programs); (b) access or use the Services to build or support, directly or indirectly, products or services competitive to Oracle; or (c) license, sell, transfer, assign, distribute, outsource, permit timesharing or service bureau use of, commercially exploit, or make available the Services to any third party except as permitted by these Cloud STCs or Your order.

**D. Term and Termination**

Services shall be provided for the Services Period defined in Your order, unless earlier suspended or terminated in accordance with these Cloud STCs. These Cloud STCs will continue to govern any order for the duration of the Services Period of such order.

If You order Services that are designated in the Service Specifications or Your order as Services that will be automatically extended, such Services will NOT automatically be extended for an additional Services Period of the same duration. To extend the Services, You must provide Contractor with written notice no later than thirty (30) days prior to the end of the applicable Services Period of Your intention to renew such Services and You execute an order modification or enter into a new order to renew such Services. The preceding sentence shall not apply if Contractor provides You with written notice no later than ninety (90) days prior to the end of the

applicable Services Period of its intention not to renew such Services.

Oracle may suspend Your or Your Users' access to, or use of, the Services if Oracle believes that (a) there is a significant threat to the functionality, security, integrity, or availability of the Services or any content, data, or applications in the Services; (b) You or Your Users are accessing or using the Services to commit an illegal act; or (c) there is a violation of the Acceptable Use Policy. When reasonably practicable and lawfully permitted, Oracle will provide You with advance notice of any such suspension. Oracle will use reasonable efforts to re-establish the Services promptly after Oracle determines that the issue causing the suspension has been resolved. During any suspension period, Oracle will make Your Content (as it existed on the suspension date) available to You. Any suspension under this paragraph shall not excuse You from Your obligation to make payments under these Cloud STCs or Your order.

If Oracle, the Contractor, or You breach a material term of Your order, including these Cloud STCs, and fails to correct the breach within 30 days of written specification of the breach, then a nonbreaching party may terminate the order under which the breach occurred. If Contractor terminates the order as specified in the preceding sentence, You must pay within thirty (30) days all amounts that have accrued prior to such termination, as well as all sums remaining unpaid for the Services under such order plus related taxes and expenses. Except for nonpayment of fees, the nonbreaching parties may agree in their sole discretion to extend the thirty (30) day period for so long as the breaching party continues reasonable efforts to cure the breach. You agree that if You are in default under Your order or Your contract (including these Cloud STCs) with Contractor, You may not use those Services ordered

You may terminate the Contract or Your order at any time without cause by giving Contractor 30 days' prior written notice of such termination. Termination of the Contract will not affect orders that are outstanding at the time of termination. Those orders will be performed according to their terms as if the Contract and these Cloud STCs were still in full force and effect. However, those orders may not be renewed or extended subsequent to termination of the Contract.

For a period of no less than 60 days after the end of the Services Period of an order, Oracle will make Your Content (as it existed at the end of the Services Period) available for retrieval by You. At the end of such 60-day retrieval period, and except as may be required by law, Oracle will delete or otherwise render unrecoverable any of Your Content that remains in the Services. Oracle's data deletion practices are described in more detail in the Service Specifications.

Provisions in these Cloud STCs that survive termination or expiration of the Contract are those relating to limitation of liability, indemnification, payment and others which by their nature are intended to survive.

**E. Fees and Taxes**

Fees paid for Services performed are non-refundable, except as provided in these Cloud STCs or Your order. Fees for Services offerings are invoiced in arrears of the service performance.

Fees for Services listed in an order are exclusive of taxes and expenses. You agree and acknowledge that You have not relied on the future availability of any services, programs or updates in executing Your order; however, the preceding does not relieve Oracle of its obligation during the Services Period to deliver services that You have ordered per the terms of these Cloud STCs.

**F. Nondisclosure**

By virtue of Your order and these Cloud STCs, Oracle, the Contractor and You may disclose to each other information that is confidential ("Confidential Information"). Confidential information shall be limited to the terms and pricing under these Cloud STCs and Your order, Your Content residing in the Services, and all information clearly identified as confidential at the time of disclosure.

A party's Confidential Information shall not include information that: (a) is or becomes a part of the public domain through no act or omission of the other party; (b) was in the other party's lawful possession prior to the disclosure and had not been obtained by the other party either directly or indirectly from the disclosing party; (c) is lawfully disclosed to the other party by a third party without restriction on the disclosure; or (d) is independently developed by the other party. Subject to applicable law, Oracle, the Contractor and You each agree not to disclose each other's Confidential Information to any third party other than as set forth in the following sentence for a period of five years from the date of the disclosing party's disclosure of the Confidential Information to the receiving party; however, Oracle will protect the confidentiality of Your Content residing in the Services for as long as such information resides in the Services. Each party may disclose Confidential Information only to those employees, agents or subcontractors who are required to protect it against unauthorized disclosure in a manner no less protective than required under these Cloud STCs, and each party may disclose the other party's Confidential Information in any legal proceeding or to a governmental entity as required by law. Oracle will protect the confidentiality of Your Content resident in the Services in accordance with the Oracle security practices defined as part of the Service Specifications applicable to Your order.

The parties acknowledge and agree that You and these Cloud STCs are subject to applicable freedom of information or open records law. Should You receive a request under such law for Oracle's Confidential Information, You agree to give Oracle adequate prior notice of the request and before releasing Oracle's Confidential Information to a third party, in order to allow Oracle sufficient time to seek injunctive relief or other relief against such disclosure.

In the event of any conflict between the terms of the Data Processing Agreement and the terms of the Service Specifications (including any applicable Oracle privacy policies), the terms of the Data Processing Agreement shall take precedence.

You are responsible for (a) any required notices, consents and/or authorizations related to Your provision of, and Oracle's processing of, Your Content (including any Personal Data) as part of the Services, (b) any security vulnerabilities, and the consequences of such vulnerabilities, arising from Your Content, including any viruses, Trojan horses, worms or other harmful programming routines contained in Your Content, and (c) any use by You or Your Users of the Services in a manner that is inconsistent with the terms of these Cloud STCs. You may disclose or transfer, or instruct Oracle to disclose or transfer in writing, Your Content to a third party, and upon such disclosure or transfer, Oracle is no longer responsible for the security, integrity or confidentiality of such content outside of Oracle.

Unless otherwise specified in Your order (including in the Service Specifications), Your Content may not include any sensitive or special data that imposes specific data security or data protection obligations on Oracle in addition to or different from those specified in the Service Specifications. If available for the Services, You may purchase additional services from us (e.g., Oracle Payment Card Industry Compliance Services) designed to address specific data security or data protection requirements applicable to such sensitive or special data You seek to include in Your Content.

**H. Warranties, Disclaimers and Exclusive Remedies**

For the sake of clarity, this is Oracle's warranty; nevertheless, it shall be accessed by You through the Contractor.

Oracle warrants that during the Services Period, Oracle will perform Services using commercially reasonable care and skill in all material respects as described in the Service Specifications. **J. Intellectual Property Indemnification**

If a third party makes a claim against You or Oracle ("Recipient" which may refer to You or Oracle depending upon which party received the Material), that any information, design, specification, instruction, software, service, data, hardware, or material (collectively "Material") furnished by either You or Oracle ("Provider" which may refer to You or Oracle depending on which party provided the Material) and used by the Recipient infringes the third party's intellectual property rights, the

Provider, at the Provider's sole cost and expense will, to the extent not prohibited by law, defend the Recipient against the claim and indemnify Recipient from the damages, liabilities, costs and expenses awarded by the court to the third party claiming infringement or the settlement agreed to by the Provider if Recipient does the following:

- a. notifies the Provider promptly in writing, not later than 30 days after Recipient receives notice of the claim (or sooner if required by applicable law);
- b. gives the Provider sole control of the defense and any settlement negotiations; and
- c. gives the Provider the information, authority, and assistance Provider needs to defend against or settle the claim.

If the Provider believes or it is determined that any of the Material may have violated a third party's intellectual property rights, the Provider may choose to either modify the Material to be non-infringing (while substantially preserving its utility or functionality) or obtain a license to allow for continued use, or if these alternatives are not commercially reasonable, the Provider may end the license for, and require return of, the applicable Material and refund the fees the Recipient may have paid for such Material. If such return materially affects Oracle's ability to meet its obligations under the relevant order, then Oracle may upon 30 days prior written notice, terminate the order. If such Material is third party technology and the terms of the third party license do not allow Oracle to terminate the license, then Oracle may, upon 30 days' prior written notice, end the Services associated with such Material and refund any unused, prepaid fees for such Services.

The Provider will not indemnify the Recipient if the Recipient (a) alter the Material or use it outside the scope of use identified in the Provider's user documentation or Service Specifications, or (b) uses a version of the Materials which has been superseded, if the infringement claim could have been avoided by using an unaltered current version of the Material which was provided to the Recipient. The Provider will not indemnify the Recipient to the extent that an infringement claim is based upon Material not furnished by the Provider. Oracle will not indemnify You to the extent that an infringement claim is based on third Party Content or any Material from a third party portal or other source that is accessible or make available to Your within or by the Services (e.g. a social media post from a third party blog or forum, a third party Web page accessed via a hyperlink, marketing data from a third party data providers, etc.

**K. Third Party Content, Services and Websites**

The Services may enable You to link to, transmit Your Content or Third Party Content to, or otherwise access, third parties' web sites, platforms, content, products, services, and information ("Third Parties Services"). Oracle does not control and is not responsible for Third Party Services. You are solely responsible for complying with the terms of access and use of Third Party Services, and if Oracle accesses or uses any Third Party Services on Your behalf to facilitate performance of the Services, You are solely responsible for ensuring that such access and use, including through passwords, credentials or tokens issued or otherwise made available to You, is authorized by the terms of access and use for such services. If You transfer or cause the transfer of Your Content or Third Party Content from the Services to a Third Party Service or other location, that transfer constitutes a distribution by You and not by Oracle.

Any Third Party Content Oracle makes accessible is provided on an "as-is" and "as available" basis without any warranty of any kind. You acknowledge and agree that Oracle is not responsible for, and has no obligation to control, monitor, or correct, Third Party Content. Oracle disclaims all liabilities arising from or related to Third Party Content.

You acknowledge that: (i) the nature, type, quality and availability of Third Party Content may change at any time during the Services Period, and (ii) features of the Services that interoperate with third parties such as Facebook™, YouTube™ and Twitter™, etc., depend on the continuing availability of such third parties' respective application programming interfaces (APIs). Oracle may update, change or modify the Services under the Contract, as a result of a change in, or unavailability of, such Third Party Content, Third Party Services or APIs. If any third party ceases to make its Third Party Content or APIs available on reasonable terms for the Services, as determined by Oracle in its sole discretion, Oracle may cease providing access to the affected Third Party Content or third party services without any liability to You or the Contractor. Any changes to Third Party Content, Third Party Services or APIs, including their unavailability, during the Services Period does not affect Your obligations under the Contract, these Cloud STCs or the applicable order, and You will not be entitled to any refund, credit or other compensation due to any such changes.

**L. Service Monitoring, Analyses and Oracle Software**

Oracle continuously monitors the Services to facilitate Oracle's operation of the Services; to help resolve Your service requests; to detect and address threats to the functionality, security, integrity, and availability of the Services as well as any content, data, or applications in the Services; and to detect and address illegal acts or violations of the Acceptable Use Policy. Oracle monitoring tools do not collect or store any of Your Content residing in the Services, except as needed for such purposes. Oracle does not monitor, and does not address issues with, non-Oracle software provided by You or any of Your Users that is stored in, or run on or through, the

Services. Information collected by Oracle monitoring tools (excluding Your Content) may also be used to assist in managing Oracle's product and service portfolio, to help Oracle address deficiencies in its product and service offerings, and for license management purposes.

Oracle may (i) compile statistical and other information related to the performance, operation and use of the Services, and (ii) use data from the Services in aggregated form for security and operations management, to create statistical analyses, and for research and development purposes (clauses (i) and (ii) are collectively referred to as "Service Analyses"). Oracle may make Service Analyses publicly available; however, Service Analyses will not incorporate Your Content, Personal Data or Confidential Information in a form that could serve to identify You or any individual. Oracle retains all intellectual property rights in Service Analyses.

Oracle may provide You with the ability to obtain certain Oracle Software for use with the Services. If Oracle provides Oracle Software to You and does not specify separate terms for such software, then such Oracle Software is provided as part of the Services and You have the non-exclusive, worldwide, limited right to use such Oracle Software, subject to the terms of these Cloud STCs and Your order (except for separately licensed elements of the Oracle Software, which separately licensed elements are governed by the applicable separate terms), solely to facilitate Your use of the Services. You may allow Your Users to use the Oracle Software for this purpose, and You are responsible for their compliance with the license terms. Your right to use Oracle Software will terminate upon the earlier of Oracle's notice (by web posting or otherwise) or the end of these Services associated with the Oracle Software. Notwithstanding the foregoing, if Oracle Software is licensed to You under separate terms, then Your use of such software is governed by the separate terms. Your right to use any part of the Oracle Software that is licensed under the separate terms is not restricted in any way by these Cloud STCs.

**M. Export**

Export laws and regulations of the United States and any other relevant local export laws and regulations apply to the Services. Such export laws govern Your use of the Services (including technical data) and any services deliverables provided under Your order, and You and Oracle each agree to comply with all such export laws and regulations (including "deemed export" and "deemed re-export" regulations). You agree that no data, information, software programs and/or materials resulting from Services (or direct product thereof) will be exported, directly or indirectly, in violation of these laws, or will be used for any purpose prohibited by these laws including, without limitation, nuclear, chemical, or biological weapons proliferation, or development of missile technology.

You acknowledge that the Services are designed with capabilities for You and Your Users to access the Services without regard to geographic location and to transfer or otherwise move Your Content between the Services and other locations such as User workstations. You are solely responsible for the authorization and management of User accounts across geographic locations, as well as export control and geographic transfer of Your Content.

Neither You, Contractor, nor Oracle shall be responsible for failure or delay of performance if caused by: an act of war, hostility, or sabotage; act of God; pandemic; electrical, internet, or telecommunication outage that is not caused by the obligated party; government restrictions (including the denial or cancelation of any export, import or other license); or other event outside the reasonable control of the obligated party. All parties will use reasonable efforts to mitigate the effect of a force majeure event. If such event continues for more than 30 days, either You, Contractor, or Oracle may cancel unperformed Services and affected orders upon written notice. This Section does not excuse any party's obligation to take reasonable steps to follow its normal disaster recovery procedures or Your obligation to pay for the Services.

**O. Assignment**

You may not assign Your order or give or transfer the Services, or an interest in the Services, to another individual or entity.

**P. Other**

1. Oracle is an independent contractor, and each party agrees that no partnership, joint venture, or agency relationship exists between You and Oracle or between Contractor and Oracle.
2. Oracle's business partners and other third parties, including any third parties with which the Services have integrations or that are retained by You to provide consulting services, implementation services or applications that interact with the Services, are independent of Oracle and are not Oracle's agents. Oracle is not liable for, bound by, or responsible for any problems with the Services or Your Content arising due to any acts of any such business partner or third party, unless the business partner or third party is providing Services as Oracle's subcontractor on an engagement ordered under these Cloud STCs and, if so, then only to the same extent as Oracle would be responsible for Oracle's resources under these Cloud STCs. The Contract (including these Cloud STCs) and Your order is entered exclusively between You and the Contractor. While Oracle has no contractual relationship with You, Oracle is a third-party beneficiary of the Contract (including these Cloud STCs) and Your order.
3. Any notice required under your order shall be provided to the other party, and Oracle, in writing. Oracle may give notices applicable to Oracle's Services customers by means of a general notice on the Oracle portal for the Services, and notices specific to You by electronic mail to Your e-mail address on record in Oracle's account information or by written communication sent by first class mail or pre-paid post to Your address on record in Oracle's account information.

4. If any term of these Cloud STCs is found to be invalid or unenforceable, the remaining provisions will remain effective and such term shall be replaced with another term consistent with the purpose and intent of these Cloud STCs.
5. Except for actions for nonpayment or breach of Oracle's proprietary rights, no action, regardless of form, arising out of or relating to these Cloud STCs may be brought by any party more than two years after the cause of action has accrued.
6. Prior to entering into an order governed by these Cloud STCs, You are solely responsible for determining whether the Services meet Your technical, business or regulatory requirements. Oracle will cooperate with Your efforts to determine whether use of the standard Services are consistent with those requirements. Additional fees may apply to any additional work performed by Oracle or changes to the Services. You remain solely responsible for Your regulatory compliance in connection with Your use of the Services.
7. Upon forty-five (45) days written notice and no more than once every twelve (12) months, Oracle may audit Your compliance with the terms of these Cloud STCs and Your order. You agree to cooperate with Oracle's audit and to provide reasonable assistance and access to information. Any such audit shall not unreasonably interfere with Your normal business operations. Oracle shall comply with reasonable security and safety rules, policies, and procedures ("security rules") while performing any such audit, provided that (i) such security rules are applicable to the performance of the audit; (ii) You make such security rules available to Oracle prior to the commencement of the audit; and (iii) such security rules do not modify or amend the terms and conditions of these Cloud STCs or the applicable order(s). You shall be responsible for paying the additional fees related to use of the Services in excess of Your rights.
8. The Uniform Computer Transactions Act does not apply to these Cloud STCs nor any order placed pursuant to them.
9. The extent to which an Oracle product is, prior to any customizations, capable of providing comparable access to individuals with disabilities consistent with the applicable provisions of the Architectural and Transportation Barriers Compliance Board standards set out in 36 CFR Part 1194 (known as 'Section 508') effective as of June, 2001, or the Revised version in Appendix A (known as 'Revised Section 508') effective as of January, 2018 and the Web Content Accessibility Guidelines (WCAG) version 2.0 level AA, respectively, is indicated by the dependencies, comments and exceptions (some of which may be significant, if any) noted on the applicable Voluntary Product Accessibility Templates (VPAT) available at [www.oracle.com/us/corporate/accessibility](http://www.oracle.com/us/corporate/accessibility) for each product, when they are used in accordance with Oracle's associated documents and other written information, and provided that any assistive technologies and any other products used with them properly interoperate with them. Oracle customers may call Oracle Support at 1.800.223.1711. Hearing-impaired customers in the U.S. who wish to speak to an Oracle Support representative may use a telecommunications relay service (TRS). Information about the TRS is available at <https://www.fcc.gov/file/15195/download>, and a list of telephone numbers is available at <https://www.fcc.gov/general/telecommunications-relay-services-directory>. International hearing-impaired customers should use the TRS at +1.605.224.1837. An Oracle Support engineer will respond to technical issues according to the standard service request process. Oracle cannot make any commitments about future product directions, including plans to address accessibility or the availability of VPATs. Product direction remains at the sole discretion of Oracle. No other terms, conditions, statements or any other such representations regarding or related to accessibility shall apply to the Services provided under these Cloud STCs.

10. Internet Protocol version 6 (IPv6). Prior to any customizations, the Oracle product(s) and service(s) to be delivered pursuant to the Contract are capable of accommodating Internet Protocol version 6 (IPv6) solely to the extent defined and noted in the relevant product/service documentation available at [oracle.com](https://www.oracle.com). Please note that such capabilities are subject to the dependencies, comments and exceptions (some of which may be significant, if any) noted in such documentation, and require that Oracle product(s) and service(s) are used in accordance with Oracle's associated documents and other written information and that any other products properly interoperate with them. If no relevant product/service documentation is found addressing IPv6, then Oracle makes no representations as to the capabilities of the product/service in question to accommodate IPv6. Oracle cannot make any commitments about future product directions, including plans to address IPv6. Product direction remains at the sole discretion of Oracle. No other terms, conditions, statements, requirements or any other such representations regarding or related to IPv6 shall apply to the Oracle products and services to be delivered pursuant to these Cloud STCs.
11. If any document incorporated by reference into these Cloud STCs contains a provision (a) allowing for the automatic termination of Your Services; or (b) allowing for the automatic renewal of Services and/or fees, then such terms shall not apply.

PUBLIC SECTOR SUPPLEMENTAL TERMS AND CONDITIONS**

**THESE ORACLE SOFTWARE PROGRAM AND/OR SERVICES PUBLIC SECTOR SUPPLEMENTAL TERMS AND CONDITIONS ("SOFTWARE STCs") SHALL APPLY TO THE ORACLE SOFTWARE PROGRAMS AND/OR SERVICES THAT YOU ORDER FROM THE CONTRACT HOLDER (THE "CONTRACTOR"). THESE SOFTWARE STCs SHALL TAKE PRECEDENCE OVER ANY CONFLICTING TERMS IN ANY NON-ORACLE ORDER OR ORDERING DOCUMENTATION. THESE SOFTWARE STCs ARE CONSIDERED PART OF THE SCHEDULE OF SUPPLIES/SERVICES IN YOUR ORDER TO THE CONTRACTOR.**

**A. Definitions**

"You" and "Your" refers to the ordering activity that has ordered programs, and/or services from an authorized distributor ("Contractor") under the contract.

The term "ancillary programs" refers to third party materials specified in the program documentation which may only be used for the purposes of installing or operating the programs with which the ancillary programs are delivered.

The term "contract" refers to your contract or ordering document with the Contractor.

The term "program documentation" refers to the program user manual and program installation manuals.

The term "programs" refers to the software products owned or distributed by Oracle which you have ordered, program documentation, and any program updates acquired through technical support.

The term "services" refers to annual technical support services which you have ordered.

**B. Rights Granted**

Upon Contractor's acceptance of your order, you have the non-exclusive, non-assignable, royalty free, perpetual (unless otherwise specified in your order with Contractor), limited right to use the programs and receive any services you ordered solely for your internal ordering activity operations and subject to the terms of these, including the Oracle License Definitions and Rules, the order, the contract and the program documentation. You may allow your agents and contractors (including, without limitation, outsourcers) to use the programs for this purpose and you are responsible for their compliance with these Software STCs, including the Oracle License Definitions and Rules, the order, the contract and the program documentation in such use. For programs that are specifically designed to allow your customers and suppliers to interact with you in the furtherance of your internal business operations, such use is allowed.

**C. Ownership and Restrictions**

Oracle or its licensors retain all ownership and intellectual property rights to the programs. Oracle retains all ownership and intellectual property rights to anything developed by Oracle and delivered

under your order resulting from services. You may make a sufficient number of copies of each program for your licensed use and one copy of each program media.

Third party technology that may be appropriate or necessary for use with some Oracle programs is specified in the program documentation. Such third party technology is licensed to you under the terms of the third party technology license agreement specified in the program documentation and not under the terms of the contract or these Software STCs.

You may not:

- use the programs in a rental, timesharing, subscription service, hosting or outsourcing capacity;
- remove or modify any program markings or any notice of Oracle's or its licensors' proprietary rights;
- make the programs or materials resulting from the services available in any manner to any third party for use in the third party's business operations (unless such access is expressly permitted for the specific program license or materials from the services you have acquired);
- cause or permit reverse engineering (unless required by law for interoperability), disassembly or decompilation of the programs (the foregoing prohibition includes but is not limited to review of data structures or similar materials produced by programs), operating system or integrated software; or
- disclose results of any program benchmark tests.

**D. Warranties, Disclaimers and Exclusive Remedies**

For the sake of clarity, this is the Oracle manufacturer's warranty; nevertheless, it shall be accessed by you through the Contractor.

Oracle warrants that a program licensed to you will operate in all material respects as described in the applicable program documentation for one year from delivery (i.e. via physical shipment or electronic download). You must notify Oracle of any program warranty deficiency within one year from delivery. **ORACLE DOES NOT GUARANTEE THAT THE PROGRAMS WILL PERFORM ERROR-FREE OR UNINTERRUPTED, OR THAT ORACLE WILL CORRECT ALL PROGRAM ERRORS.**

Oracle also warrants that services will be provided in a professional manner consistent with industry standards. You must notify Oracle of any services warranty deficiencies within 90 days from performance of the deficient services.

**FOR ANY BREACH OF THE ABOVE WARRANTIES, YOUR EXCLUSIVE REMEDY AND ORACLE'S ENTIRE LIABILITY SHALL BE: (A) THE CORRECTION OF PROGRAM ERRORS THAT CAUSE BREACH OF THE WARRANTY; OR, IF ORACLE CANNOT SUBSTANTIALLY CORRECT SUCH BREACH IN A COMMERCIALY REASONABLE MANNER YOU MAY END YOUR PROGRAM LICENSE AND RECOVER THE FEES PAID TO ORACLE FOR THE PROGRAM LICENSE DISTRIBUTED TO YOU; OR (B) THE REPERFORMANCE OF THE DEFICIENT SERVICES PROVIDED BY ORACLE; OR, IF ORACLE CANNOT SUBSTANTIALLY CORRECT A BREACH IN A COMMERCIALY REASONABLE MANNER, YOU MAY END THOSE SERVICES AND RECOVER THE FEES**

TO THE EXTENT NOT PROHIBITED BY LAW, THESE WARRANTIES ARE EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS WITH RESPECT TO THE ABOVE ITEMS, INCLUDING ANY WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.**

**E. Technical Support**

Technical support consists of annual technical support services you may have ordered or will order for the programs, including support renewals. Support must be ordered pursuant to a valid End User License Agreement such as these Software STCs. Bug fixes, security fixes and any updates received shall be provided under the terms of the license agreement that You accepted upon ordering the programs.

If ordered, annual technical support (including first year and all subsequent years) for programs is provided under Oracle's technical support policies in effect at the time the services are provided. The technical support policies, incorporated herein, are subject to change at Oracle's discretion; however, Oracle policy changes will not result in a material reduction in the level of services provided for supported programs during the period for which technical support has been ordered. You should review the policies prior to entering into an order for the applicable services. You may access the current version of the technical support policies at <http://www.oracle.com/us/support/policies/index.html>. The technical support policies state that, "global customer support services and systems are not designed to accommodate special security controls that may be required to store or process certain types of sensitive data." Accordingly, as stated in the technical support policies, You agree not to submit any health, payment card, or other controlled or sensitive data that require protections greater than those specified in the Oracle Global Customer Support Security Practices to Oracle as part of any service request. Software Update License & Support (or any successor technical support offering to Software Update License & Support, "SULS") acquired with your order may be renewed annually through a reseller that is expressly authorized to distribute support renewals. The order with Contractor will specify your SULS fee for the first renewal year should you renew SULS for the same number of licenses for the same programs as contained in the original order; the fee for SULS for the second renewal year will not increase by more than 4% over the prior year's fees. If you elect not to purchase technical support at the time that the program is ordered, then you may be required to pay reinstatement fees in accordance with Oracle's technical support policies in effect at the time of reinstatement if you decide to purchase technical support at a later date. Technical support for programs is effective upon shipment of tangible media or upon the effective date of the order if shipment of tangible media is not required.

Invoices for technical support services shall be submitted by Contractor on a quarterly basis (unless otherwise specified in the order) after the completion of such period.

Notwithstanding anything in Oracle's technical support policies to the contrary, you may discontinue technical support at the end of any current technical support term and, at any time thereafter, reinstate technical support by executing an order for such services with Contractor. If you decide

RESELLERS 2022-2027]**

to reinstate technical support, you must pay a reinstatement fee. The reinstatement fee shall be the amount that would have been paid by the ordering activity for the past support period had technical support not lapsed. In addition to the reinstatement fee described in the preceding sentence, you must pay the technical support fee for the new support period. This technical support fee for the new support period is computed as follows: (i) if technical support lapsed, then the technical support fee for a twelve month support period shall be the last annual technical support fee you paid for the relevant program; (ii) if you never acquired technical support for the relevant program, then the annual technical support fee shall be the fee that would have been charged if support had been ordered originally for the relevant program per Oracle's Support pricing policies in effect at the time of reinstatement. Renewal adjustments may be applied to the annual support fee described in (i) and (ii) above.

**F. Intellectual Property Indemnification**

If someone makes a claim against you or Oracle ("Recipient" which may refer to you or Oracle depending upon which party received the Material), that any information, design, specification, instruction, software, data, or material ("Material") furnished by either you or Oracle ("Provider", which may refer to you or Oracle depending on which party provided the Material), and used by the Recipient infringes its intellectual property rights (including U.S. or foreign patent, trademark and copyright), the Provider will indemnify the Recipient against the claim to the extent permitted by law if the Recipient does the following:

- notifies the Provider promptly in writing, not later than 30 days after the Recipient receives notice of the claim;
- gives the Provider control of the defense, with input from Recipient, and any settlement negotiations; and
- gives the Provider the information, authority, and assistance the Provider needs to defend against or settle the claim.

If the Provider believes or it is determined that any of the Material may have violated someone else's intellectual property rights, the Provider may choose to either modify the Material to be non-infringing (while substantially preserving its utility or functionality) or obtain a license to allow for continued use, or if these alternatives are not commercially reasonable, the Provider may end the license for, and require return of, the applicable Material and refund any fees the Recipient may have paid for it. If you are the Provider and such return materially affects Oracle's ability to meet its obligations under the relevant order (e.g., impairs Oracle's ability to perform due to a work statement, schedule or cost impact), then Oracle may, at its option and upon 30 days prior written notice, request termination of the order. The Provider will not indemnify the Recipient if the Recipient alters the Material or uses it outside the scope of use identified in the Provider's user documentation or if the Recipient uses a version of the Materials which has been superseded, if the infringement claim could have been avoided by using an unaltered current version of the Material which was provided to the Recipient, or if the Recipient continues to use the applicable Material after the end of the license to use that Material. The Provider will not indemnify the Recipient to the extent that an infringement claim is based upon any information, design, specification, instruction, software, data, or material not furnished by the Provider. Oracle will not indemnify you to the extent that an infringement claim is based upon the combination of any Material with any products or services not

provided by Oracle. Oracle will not indemnify you for infringement caused by your actions against any third party if the Oracle program(s) as delivered to you and used in accordance with the terms of the order and the Software STCs would not otherwise infringe any third party intellectual property rights. Oracle will not indemnify you for any infringement claim that is based on: (1) a patent that you were made aware of prior to the effective date of your order with Contractor (pursuant to a claim, demand, or notice); or (2) your actions prior to the effective date of your order with Contractor.

**This section provides Your and Oracle's exclusive remedy for any infringement claims or damages.**

**G. NEITHER PARTY SHALL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES, OR ANY LOSS OF PROFITS, REVENUE, DATA, OR DATA USE. CONTRACTOR'S MAXIMUM LIABILITY FOR ANY DAMAGES ARISING OUT OF OR RELATED TO AN ORDER ISSUED PURSUANT TO THESE SOFTWARE STCs, WHETHER IN CONTRACT OR TORT, OR OTHERWISE, SHALL BE LIMITED TO THE AMOUNT OF THE FEES YOU PAID CONTRACTOR UNDER THE RELEVANT ORDER, AND IF SUCH DAMAGES RESULT FROM YOUR USE OF PROGRAMS, HARDWARE, OPERATING SYSTEM, INTEGRATED SOFTWARE OR SERVICES, SUCH LIABILITY SHALL BE LIMITED TO THE FEES YOU PAID CONTRACTOR FOR THE DEFICIENT PROGRAM, HARDWARE, OPERATING SYSTEM, INTEGRATED SOFTWARE OR SERVICES GIVING RISE TO THE LIABILITY.**

**H. Other**

1. You may not assign orders or give or transfer the programs and/or any services or an interest in them to another individual or entity. If you grant a security interest in the programs and/or any services deliverables, the secured party has no right to use or transfer the programs and/or any services deliverables, and if you decide to finance your acquisition of programs and/or any services, you will follow Oracle's policies regarding financing which are at <http://oracle.com/contracts>. The foregoing shall not be construed to limit the rights you may otherwise have with respect to the Linux operating system, third party technology or separate works licensed under open source or similar license terms.

2. In entering into an order under the contract, you agree and acknowledge that you have not relied on the future availability of any program or updates. However, (a) if you order technical support, the preceding sentence does not relieve Oracle of its obligation to provide such technical support under the relevant order, if and when available, in accordance with Oracle's then current technical support policies, and (b) the preceding sentence does not change the rights granted to you for any program licensed under the order, per the terms of these Software STCs.

In the event that no VPAT is available for a particular Oracle product, please contact the Oracle Accessibility Program Office at [accessible\\_ww@oracle.com](mailto:accessible_ww@oracle.com). Oracle customers may call Oracle Support at 1.800.223.1711. Hearing-impaired customers in the U.S. who wish to speak to an Oracle Support representative may use a telecommunications relay service (TRS). Information about the TRS is available at <https://www.fcc.gov/file/15195/download> and a list of telephone numbers is available at <https://www.fcc.gov/general/telecommunications-relay-services-directory>. International hearing-impaired customers should use the TRS at +1.605.224.1837. An Oracle Support engineer will respond to technical issues according to the standard service request process. Oracle cannot make any commitments about future product directions, including plans to address accessibility or the availability of VPATs. Product direction remains at the sole discretion of Oracle. You agree that the representations provided and referenced in this paragraph satisfy Your requirements relating to Section 508 and Accessibility, and that no other Section 508- or accessibility-related requirements, terms, conditions, statements or any other such representations, including any which may be contained in any non-Oracle order or ordering documentation, shall apply to the Oracle products and/or services provided under these Software STCs.

Please note that such capabilities are subject to the dependencies, comments and exceptions (some of which may be significant, if any) noted in such documentation, and require that Oracle product(s) and service(s) are used in accordance with Oracle's associated documents and other written information and that any other products properly interoperate with them. If no relevant product/service documentation is found addressing IPv6, then Oracle makes no representations as to the capabilities of the product/service in question to accommodate IPv6. Oracle cannot make any commitments about future product directions, including plans to address IPv6. Product direction remains at the sole discretion of Oracle. You agree that the representations provided and referenced in this paragraph satisfy Your requirements relating to IPv6, and that no other IPv6-related requirements, terms, conditions, statements or any other such representations, including any which may be contained in any non-Oracle order or ordering documentation, shall apply to the Oracle products and/or services provided under these Software STCs.

which arise out of or are in any manner connected with, or are claimed to arise out of or be in any manner connected with services or products provided by Mythics under this agreement which may be attributed to negligence by Mythics.

**Intellectual Property Rights** - All drawings, models, designs, formulas, methods, documents and tangible items prepared for and submitted to the Client by Mythics in connection with the services rendered under this Agreement shall belong exclusively to the Client and shall be deemed to be works made for hire (the "Deliverable Items"). To the extent that any of the Deliverable Items may not, by operation of law, be works made for hire, Mythics hereby assigns to the Client the ownership of copyright or mask work in the Deliverable Items, and the Client shall have the right to obtain and hold in its own name any trademark, copyright, or mask work registration, and any other registrations and similar protection which may be available in the Deliverable Items. Mythics agrees to give the Client or its designees all assistance reasonably required to perfect such rights.

- Notifies the Provider promptly in writing, not later than 30 days after the Recipient receives notice the claim, (or sooner if required by applicable law);
- gives the Provider sole control of the defense and any settlement negotiations;
- and gives the Provider the information, authority, and assistance the Provider needs to defend against or settle the claim.

If the Provider believes or it is determined that any of the Material may have violated a third party's intellectual property rights, the Provider may choose to either modify the Material to be non-infringing (while substantially preserving its utility or functionality) or obtain a license to allow for continued use, or if these alternatives are not commercially reasonable, the Provider may end the license for, and require return of, the applicable Material and refund any fees the Recipient may have paid to the other party for it and any unused, prepaid technical support fees you have paid for the license. the Recipient uses a version of the Materials which has been superseded, if the infringement claim could have been avoided by using an unaltered current version of the Material which was provided to the Recipient. Mythics will not indemnify you to the extent that an infringement claim is based upon the combination of any Material with any products or services not provided by Mythics. This section provides the parties' exclusive remedy for any infringement claims or damages.

MYTHICS' TOTAL LIABILITY UNDER THIS AGREEMENT, FOR ANY CAUSE OF ACTION WHATSOEVER, SHALL BE LIMITED TO THE AMOUNT OF FEES PAID BY CLIENT UNDER THE APPLICABLE STATEMENT OF WORK FROM WHICH SUCH LIABILITY ARISES.
