2.0 Contract Interpretations

- 2.1 Usage. Where the Contract:
 - 2.1.1 assigns obligations to Contractor, any reference to “Contractor” is to be construed to be a reference to the Contractor and all Subcontractors, whether they are first-tier Subcontractors, sub-subcontractors, suppliers, sub-suppliers, consultants, or sub-consultants, as well as all of Contractor’s and the Subcontractor’s respective agents, representatives, and employees in every instance unless the context plainly requires that it is a reference only to Contractor as apart from Subcontractors.
 - 2.1.2 uses the permissive “may” with respect to a party’s actions, determinations, etc., the terms is to be interpreted as in A.A.C. R2-7-101(32) *[Definitions]*. For clarity of intent, any right given to State using “State may” or a like construction denotes discretion and freedom to act so far as any regulatory or operative constraints permit in the relevant circumstances, provided that: (a) where written “may, at its discretion,” the discretion extends to whatever is most advantageous to State; and (b) where written only as “may,” the discretion is constrained by what is fair, reasonable, and as accommodating of the respective best interests of both parties as practicable under the circumstances;

	Attachment A, Part 1: Special Terms and Conditions	Arizona Department of Administration State Procurement Office
	Contract No.: CTR068886	
	Description: Computer Equipment, Peripherals & Related Services	

- 2.1.3 uses the imperative “shall” with respect to a party’s actions, duties, etc., the term is to be interpreted as in A.A.C. R2-7-101(44) [Definitions]. Conversely, the phrase “shall not” is to be interpreted as an imperative prohibition.
- 2.1.4 uses the term “must” with respect to a requirement, criterion, etc., the term is to be interpreted as conveying compulsion or strict necessity;
- 2.1.5 uses the term “might” with respect to an event, outcome, action, etc., the term is to be interpreted as conveying contingency or non-discretionary conditionality; and
- 2.1.6 uses the term “will” or the phrases “is to be” or “are to be” with respect to an event, outcome, action, etc., the term or phrase is to be interpreted as conveying such certainty or imperativeness that “shall” is either unnecessary or irrelevant in that instance.

2.2 Contract Order of Precedence

- 2.2.1 Complementary Documents. All of the documents forming the Contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the Work as though the relevant Work, requirements, obligations, or duties had been fully described in all, consistent with the other documents forming the Contract and as is reasonably inferable from them as being necessary to produce complete results.
- 2.2.2 Conflicts. In case of any inconsistency, conflict, or ambiguity among the documents forming the Contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document, but not in another, is not to be considered a conflict or inconsistency.
 - 2.2.2.1 State of Arizona Participating Addendum, including all Attachments and Exhibits, in the following order:
 - 2.2.2.1.1 Attachment E, Conformance Statements
 - 2.2.2.1.2 Special Terms and Conditions, as modified by Attachment E and Supplements to the Special Terms and Conditions;
 - 2.2.2.1.3 Exhibits to the Special Terms and Conditions;
 - 2.2.2.1.4 Uniform Terms and Conditions, as modified by Attachment E;
 - 2.2.2.1.5 Participating Addendum Scope of Work;

3.0 Contract Administration and Operation

- 3.1 Term of Contract. The term of the Contract will commence on the date indicated in the State of Arizona Participating Addendum signature block and continue through June 30, 2025, unless canceled, terminated, or permissibly extended.
- 3.2 Contract Extensions. State may, at its discretion, request for a mutual agreement to extend the initial Contract term in increments of one (1) or more months and do so one or more times, provided that the maximum aggregate term of the Contract including extensions cannot exceed the maximum aggregate term of five (5) years, and the Master Agreement term.
- 3.3 Notices and Correspondence
 - 3.3.1 To Contractor. State shall address all Contract correspondence other than formal notices to the email address indicated as “Default for Type” for “General Mailing Address” in Contractor’s corresponding State’s eProcurement System Vendor Profile; and address any required notices to Contractor to the “Contact Name and Title” at the “Mailing Address” indicated on the Accepted Offer, as that address might have been amended during the term of the Contract.
 - 3.3.2 To State. Contractor shall address all Contract correspondence other than formal notices to the email address indicated in “Contact Instructions” in the State’s eProcurement System Summary for State; and address any required notices to State via email to the Procurement Officer identified as “Purchaser” in the State’s eProcurement System and via mail to the following mailing address:

Phoenix, AZ 85007

3.3.3 Changes. State may change the designated Procurement Officer, update contact information, or change the applicable mailing address.

3.4 Signing of Contract Amendments. Contractor's counter-signature (or "approval" in the State's eProcurement System, in the case of an amendment) is not required to give effect if the Contract Amendment only covers either:

3.4.1 extension of the term of the Contract within the Master Agreement term and maximum aggregate term; or

3.4.2 modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the Contract.

In every case other than those listed in 3.4.1 and 3.4.2 above, both parties' signatures (or "approval" in the State's eProcurement System in the case of an Amendment) are required to give it effect.

3.5 Click-through Terms and Conditions. If either party uses a web-based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the Contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of State do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the Contract. Accordingly, where an authorized State user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering System, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized State user is required to accept or be made subject to any terms and conditions in accessing or employing any Materials or Services, those terms and conditions will also be void.

3.6 Books and Records

3.6.1 Retain Records. In addition to the audit rights detailed in the Uniform Terms and Conditions, State also requires that, pursuant to A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and

	Attachment A, Part 1: Special Terms and Conditions	
	Contract No.: CTR068886	Arizona Department of Administration State Procurement Office
	Description: Computer Equipment, Peripherals & Related Services	

records relating to any cost and pricing data submitted in satisfaction of § 41-2543 for the period specified in the statute.

- 3.6.2 Usage Information. Additionally, any and all information (including, but not limited to, documentation or Data) related to Eligible Agency and Co-Op Buyer usage retained solely within the Contractor's system (for example, related to punch-out or Contractor catalog sales) shall be considered public information or information that can be shared with and distributed by the State freely and for any purpose under the State's government purpose rights detailed in Section 3 of the Uniform Terms and Conditions [Ownership of Intellectual Property]. Any modifications to this Contract notwithstanding, the State shall have free use of any and all information related to Eligible Agency or Co-Op Buyer purchasing. Upon request by the State, Contractor shall promptly provide the State with any usage information requested and shall not attempt to limit the State's use in any way.
- 3.6.3 Right To Audit. The retained books and records are subject to audit by State during that period. Pursuant to A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records relating to performance under the Contract for the period specified in the statute and those retained books and records are subject to audit by State during that period.
- 3.6.4 Auditing. Contractor or Subcontractor shall either make all such books and records under subparagraphs 3.6.1 and 3.6.2 available to State at all reasonable times or produce the records at a designated State office on State's demand, the choice of which being at State's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

3.7 Subcontract

- 3.7.1 Initial list. At the time of Contract execution, Contractor's candidate Subcontractors were identified in Attachment D – List of Subcontractors. Agreeing to them being included signified Procurement Officer's advance consent for Contractor to enter into a Subcontract with each candidate, which Contractor shall do as promptly as necessary to ensure its ability to carry out the Work in a timely manner.
- 3.7.2 Additional names. Contractor shall not enter into a Subcontract to perform Work under the Contract, without first obtaining Procurement Officer's written consent with

	Attachment A, Part 1: Special Terms and Conditions		Arizona Department of Administration State Procurement Office
	Contract No.: CTR068886		
	Description: Computer Equipment, Peripherals & Related Services		

any prospective Subcontractor that (a) was not listed on the Attachment Proposed Subcontractors at time of Contract execution or (b) is for any Materials or Services categories other than the ones for which they were previously consented. For either case (a) or (b), Contractor shall submit a written request sufficiently in advance of the need date for those materials or services so that performance under the Contract is not impaired. Procurement Officer may request any additional information he or she determines is necessary to assess the submittal and may withhold consent pending it. Approval of additional subcontractors shall be added to the Contract by a bilateral Contract Amendment.

- 3.7.3 Flow-down. Contractor shall incorporate the provisions, terms, and conditions of the Contract into every Subcontract by inclusion or by reference, as appropriate. When making any post-execution consent requests, Contractor shall include its warrant that it will do the same for the pending Subcontracts covered by the request. Entering into Subcontracts will not relieve Contractor of any of its obligations or duties under the Contract, including, among other things, the duty to supervise and coordinate the work of Subcontractors. Nothing contained in any Subcontract will create or is to be construed as creating any contractual relationship between State and the Subcontractor.

3.8 Orders

- 3.8.1 Order Sufficiency. The Contract was awarded in accordance with the Arizona Procurement Code; the transactions and procedures required by the Arizona Procurement Code for competitive source selection have been met. An Order issued that cites the correct State contract number will suffice to authorize the Contractor to provide the Materials and perform the Services covered by that Order.
- 3.8.2 Order Terms. All Orders are subject to the Contract Terms and Conditions; an Order cannot modify the Contract Terms and Conditions. Any Contractor terms added to quotes or otherwise unilaterally added to Eligible Agency or Co-Op Buyer Orders are null and void.
- 3.8.3 Orders are Obligatory. Until the expiration or earlier termination of the Contract, State may issue, and Contractor shall accept Orders that make proper reference to the Contract and are permissible hereunder, provided that, Contractor is not obliged to accept any Order that is not consistent with the then-current pricing, lead times, specifications, or payment provisions of the Contract. Contractor shall fulfill and

	Attachment A, Part 1: Special Terms and Conditions	
	Contract No.: CTR068886	Arizona Department of Administration State Procurement Office
	Description: Computer Equipment, Peripherals & Related Services	

complete any Orders that are begun but not yet completed as of expiration or earlier termination of the Contract unless State instructs otherwise at the time.

3.8.4 No Minimums or Commitments. (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on Orders; (b) State makes no commitment of any kind concerning the quantity or monetary value of activity actually initiated or completed during the term of the Contract; (c) Contractor shall only deliver or perform as authorized by Orders; and (d) State is not limited as to the number of Orders it may issue for the Contract. For clarity of intent, the foregoing applies equally whether an Eligible Agency issues the Order or, if applicable, a Co-Op Buyer issues it.

3.8.5 Non-contracted Materials or Services. Any attempt to knowingly represent for sales, marketing, or related purposes that Materials or Services not specifically awarded are under a State contract is a violation of the Contract and law.

3.9 Order Cancellations. State may cancel Orders within a reasonable period after issuance and at its discretion. The same method used for ordering will be used for cancellation.

3.9.1 If State cancels an Order, then State shall:

3.9.1.1 pay Contractor for any portion of the Materials and Services from that Order that have been properly delivered or performed as of the cancellation effective date; and

3.9.1.2 reimburse Contractor for actual, documented costs incurred in fulfilling the Order up to the cancellation effective date and the cost of any obligations incurred in fulfilling the Order up to the cancellation effective date that demonstrably cannot be canceled or that have pre-established cancellation penalties specified in the relevant Subcontracts, to the extent the penalties are reasonable and customary for the work in question.

3.9.2 Contractor shall not charge or be entitled to charge State for any new costs it incurs after receiving the cancellation notice; State is not liable for any Materials that were produced, shipped, or delivered, or Services that were performed before Contractor had acknowledged the corresponding Order.

3.9.3 State shall also be able to cancel Orders freely and without any further obligation at any time prior to Contractor's formal acknowledgement of the Order.

3.10 The Contract is a mandatory statewide contract (per A.A.C. R2-7-607) for multiple purchases, projects, or assignments, and a cooperative contract (per A.R.S. § 41-2632 and A.A.C. R2-7-1002(B)) that can be purchased against by some or all Eligible Agencies and any Co-Op Buyers that elect to participate. Even if only one Eligible Agency needs or elects to purchase against the Contract, it is to be construed as being a cooperative contract hereunder.

3.10.2 Contractor shall sell to Co-Op Buyers at the same price and on the same lead times and other terms and conditions under which it sells to Eligible Agencies, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the Co-Op Buyer is having Materials delivered or installed or Services performed at locations not contemplated in the contracted pricing (e.g. delivery to a location outside Arizona).

3.10.3 Contractor shall pay State an administrative fee against all Contract sales to Co-Op Buyers, as provided for under A.R.S. § 41-2633. The fee rate is one and a half (1.5%) percent. On January 1, 2025, the administrative fee will increase to two percent (2%). Rates are set in accordance with SPO Technical Bulletin (TB) 007, available on the SPO website. For convenience (though note that this link may change over time) TB 007 may be found here:

<https://spo.az.gov/suppliers/usage-reporting>.

Failure to remit the administrative fees is a material breach of contract and will entitle the State to its remedies under Contract Terms and Conditions Section 8 and its right to terminate for default under Section 9. Method of calculation, payment procedures, and other details are provided on the State Procurement Office website:

<https://spo.az.gov/suppliers/usage-reporting>

3.10.4 Contractor shall submit to State a quarterly usage report documenting all Contract sales to both Eligible Agencies and Co-Op Buyers, itemized separately. Contractor

shall further itemize divisions, groups or areas within a given Eligible Agency if they place Orders independently of each other. Failure to submit the report is a material breach of contract and will entitle the State to its remedies under Contract Terms and Conditions Section 8 and its right to terminate for default under Section 9. Contractor shall submit the report using the forms and following the instructions on the State Procurement Office website:

<https://spo.az.gov/suppliers/usage-reporting>.

- 3.10.5 Contractor shall acknowledge each Order from Eligible Agencies within one (1) business day after receipt by either: (a) “approving” the Order electronically in the State’s eProcurement System, which will indicate Contractor’s unqualified acceptance of the Order as-issued; or (b) “rejecting” the Order electronically in the State’s eProcurement System, with a concurrent explanation by email to relevant originator as to the reason for rejecting it. By way of reminder, the only grounds on which the Contractor may reject or refuse an Order are those set out in subparagraph 3.11.3 [*Orders are Obligatory*]. Unless and until Contractor has approved the Order in the State’s eProcurement System, it will have no effect under the Contract and will not oblige either State or Contractor. If the relevant Eligible Agency explicitly instructs at the time that an electronic mail (email) acceptance is sufficient because of urgency or other unusual circumstances and Contractor duly gives its email acceptance, then Contractor will be deemed to have accepted the Order immediately upon commencing performance, provided that, Contractor must follow-up its email acceptance by accepting the Purchase Order electronically in the State’s eProcurement System within three (3) business days. Contractor shall thereafter be barred from subsequently rejecting the Order in the State’s eProcurement System and if it does so the rejection will be void.
- 3.10.6 Contractor shall acknowledge each Order from Co-Op Buyers in conformance with each Co-Op Buyer’s instructions given at the time of ordering or in any supplemental participating agreement Contractor might have with them. Orders from Co-Op Buyers create no obligation on State’s part since they are entirely between the Co-Op Buyer and Contractor. That notwithstanding, Contractor’s obligation under the Contract is to service Co-Op Buyers commercially as though they were with an Eligible Agency, and Contractor’s refusal to do so would be a material breach of the Contract.

3.11 Multiple-Use Provisions. Eligible Agencies may issue Orders for Services in several forms, all of which become final and effective by a Purchase Order in the State's eProcurement System. Orders issued by Co-Op Buyers will be in whatever form the Co-Op Buyer normally uses. Regardless of origin, Orders must cite the State contract number to be valid. State may, at its discretion in each instance, determine the scope, schedule, and price for each Order in any of the following ways:

3.11.1 By choosing some or all of the Materials or Services items covered by the Contract for which a price is established in the Contract, then preparing an Order using those prices (e.g. filling out an order form), and sending it to the Contractor;

3.11.2 By instructing Contractor to provide a comprehensive proposal of item quantities, combinations, etc., or services hours, personnel, etc., for a defined scope using those established prices as a basis, then validating and negotiating the proposal with Contractor and issuing an Order if and when reaching agreement;

3.11.3 As described in 3.11.2 above but requesting the proposal from both Contractor and other vendors who are contracted within the applicable scope categories and locations, either sequentially or concurrently, then selecting the proposal or proposals combination that is most advantageous to State; or

3.11.4 As described in 3.11.3 above but introducing ad-hoc commercial competition by making the selection and ordering conditional on obtaining more favorable prices than the contractually-established ones.

3.12 Work on State Premises

3.12.1 Compliance With Rules. Contractor is responsible for ensuring that its personnel comply with State's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing Materials or performing Services on State's grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the Contract. Contractor is reminded that violation of the prohibition under A.R.S. § 13-1502 against possession of weapons on State's property by anyone for

whom Contractor is responsible is a material breach of contract and grounds for termination for default.

3.12.2 Protection Of Grounds and Facilities. Contractor shall deliver or install the Materials and perform the Services without damaging any State grounds or facilities. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions State needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements in a timely manner, State will be entitled to exercise its remedies under paragraph 8.5 of the Uniform Terms and Conditions [Right of Offset].

3.13 Transitions

3.13.1 During commencement, Contractor shall attend transition meetings with any outgoing suppliers to coordinate and ease the transition so that the impact on State's operations is kept to a minimum. State may elect to have outgoing suppliers complete some or all of their Work or Orders in progress, even if that Work could be covered under the incoming supplier's Contract. Conversely, the State may have a continued need for the same Materials and Services upon expiration or earlier termination of the Contract. Accordingly, Contractor shall work closely with any incoming supplier and State to ensure as smooth and complete a transition transfer as is practicable.

3.13.2 Eligible Agency or Co-Op Buyer's representative will coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both Contractor and the incoming supplier. As with the incoming transition, State may permit Contractor, when Contractor is outgoing, to complete work or orders in progress to ease the transition as is safest and most efficient in each instance.

3.13.3 RESERVED [for additional transition needs including, but not limited to, the transfer of any required data]

Contractor must provide conclusive evidence of a need for any price increases.
 - 4.2.1 Initial Contract prices shall be honored for one year after award of Contract.
 - 4.2.2 All written requests for price adjustments made by the Contractor shall be initiated thirty (30) days in advance of any desired price increase to allow the State sufficient time to make a fair and equitable determination to any such requests.  - 4.2.3 All price adjustments will be implemented by a formal Contract Amendment. State shall determine whether the requested price increase or an alternate option is in the best interest of the State.
 - 4.2.4 State expects Contractors to use Lean Six Sigma principles to reduce costs in their supply chain, and not simply pass new costs on to the State. If a price increase is requested, State will ask for evidence that Lean Six Sigma principles and tools have been used by Contractor to attempt to reduce costs in advance of any request for a price increase under the Contract.
- 4.3 Reserved.

Unless and then only to the extent expressly stated otherwise in the Pricing Section of the Special Terms and Conditions above, State shall make payment in full for Materials that have been delivered and accepted and Services that have been performed and accepted within the time specified in A.R.S.

§ 35-342, after both of the following occur: (a) all of the Materials being invoiced have been delivered or installed (as applicable) and accepted and all of the Services being invoiced have been performed and accepted; and (b) Contractor has provided a complete and accurate invoice in the form and manner called for in the Contract, provided that, State will not make or be liable for any payments to Contractor until Contractor has registered properly in the State's eProcurement System and provided a current IRS Form W-9 to State unless excused by law from providing one.

- 4.7.2 Payments Only To Contractor. Unless an assignment and assumption agreement has been reached between the Contractor and State pursuant to Section 5.1 of the Special Terms and Conditions [Assignment and Delegation] or the State has been otherwise compelled by operation of law or order of a court of competent jurisdiction, State will only make payment to Contractor under the federal tax identifier the Contract was awarded to within the eProcurement System.

4.8 Applicable Taxes

- 4.8.1 Contractor To Pay All Taxes. State is subject to Arizona Transaction Privilege Tax (TPT). Therefore, Arizona TPT applies to all sales under the Contract and Arizona TPT is Contractor's responsibility (as seller) to remit. Contractor's failure to collect Arizona TPT or any other applicable sales or use taxes from an Eligible Agency or Co-Op Buyer will not relieve the Contractor of any obligation to remit sales or use taxes that are due under the Contract or laws. Unless clearly stated otherwise in the Contract, all prices therein include Arizona TPT as well as every other manner of transaction privilege or sales/use tax that is due to a municipality or another state or its political subdivisions. Contractor shall pay all federal, state, and local taxes applicable to its operations and personnel.
- 4.8.2 Tax Indemnity. Contractor shall hold State harmless from any responsibility for taxes or contributions, including any applicable damages and interest, that are due to federal, state, and local authorities with respect to the Work and the Contract, as well as any related costs; the foregoing expressly includes Arizona TPT, unemployment compensation insurance, social security, and workers' compensation insurance.

5.0 Contract Changes

5.1 Assignment and Delegation

- 5.1.1 In Whole. Contractor shall not assign in whole its rights or delegate in whole its duties under the Contract without Procurement Officer's prior written consent, which consent Procurement Officer may withhold at his or her discretion. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving State satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when State first awarded it the Contract.
- 5.1.2 In Part. Subject to Special Terms and Conditions sections 3.10 [Subcontracts] with respect to subcontracting, Contractor may assign particular rights or delegate particular duties under the Contract but shall obtain Procurement Officer's written consent before doing so. Procurement Officer shall not unreasonably withhold consent so long as the proposed assignment or delegation does not attempt to

modify the Contract in any way or to alter or impair State's rights or remedies under the Contract or state law.

6.0 Risk and Liability

6.1 Risk of Loss. Contractor shall bear all risk of loss to Materials while in pre-production, production, storage, transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the scope of the Work, until they have been accepted as conforming by State in the particular location and situation specified in the Order, or as specified generally elsewhere in the Contract if the Order does not provide particulars, provided that, risk of loss for nonconforming Materials will remain with Contractor notwithstanding acceptance to the extent the loss stems from the nonconformance.

6.2 General Contractor Indemnification and Insurance Requirements

6.2.1 Contractor Indemnification (Not Public Agency). To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees (hereinafter referred to as "Indemnitee") from and against any and all third-party claims, actions, liabilities, damages, losses, or expenses (including court costs, attorneys' fees, and costs of claim processing, investigation and litigation) (hereinafter referred to as "Claims") for bodily injury or personal injury (including death), or loss or damage to tangible or intangible property caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of Contractor or any of its owners, officers, directors, agents, employees or Subcontractors. This indemnity includes any claim or amount arising out of, or recovered under, the Workers' Compensation Law or arising out of the failure of such Contractor to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. It is the specific intention of the parties that the Indemnitee shall, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by Contractor from and against any third-party claims for personal injury and/or property damage as specified herein above. It is agreed that Contractor will be responsible for primary loss investigation, defense, and judgment costs where this indemnification is applicable. In consideration of the award of this contract, the Contractor agrees to waive all rights

of subrogation against the State of Arizona, its officers, officials, agents, and employees for losses arising from the work performed by the Contractor for the State of Arizona. This indemnity shall not apply if the Contractor or Subcontractor(s) is/are an agency, board, commission, or university of the State of Arizona.

6.2.2 Public Agency Language Only. Each party (as 'indemnitor') agrees to indemnify, defend, and hold harmless the other party (as 'indemnitee') from and against any and all claims, losses, liability, costs, or expenses (including reasonable attorney's fees) (hereinafter collectively referred to as 'claims') arising out of bodily injury of any person (including death) or property damage but only to the extent that such claims which result in vicarious/derivative liability to the indemnitee, are caused by the act, omission, negligence, misconduct, or other fault of the indemnitor, its officers, officials, agents, employees, or volunteers."

6.2.3 **Insurance Requirements: Supplement A to the Special Terms and Conditions: Contractor Insurance Requirements is incorporated herein as part of the Special Terms and Conditions.**

6.3 Patent and Copyright Indemnification. *[CONTRACTOR/VENDOR (NOT PUBLIC AGENCY)]*. With respect to Materials or Services provided or proposed by a Contractor Indemnitor for performance under the Contract, Contractor shall indemnify, defend and hold harmless State Indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the Contractor-branded Materials and the Services. With respect to the defense and payment of claims under this subparagraph:

6.3.1 State shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

6.3.2 Contractor, with reasonable consultation from State, shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

6.3.3 State may elect to participate in such action at its own expense; and

- 6.3.4 State may approve or disapprove any settlement or compromise, provided that, (i) State shall not unreasonably withhold or delay such approval or disapproval and (ii) State shall cooperate in the defense and in any related settlement negotiations.

If Contractor is a public agency, this section 6.3 does not apply

12.0 General Provisions for Materials

- 12.1 Applicability. Section 12 applies to the extent the Work is or includes Materials.
- 12.2 Off-Contract Materials. Contractor shall ensure that the design and/or procedures for the Materials ordering method prevents Orders for items not included in the scope of the Contract (and for which no price or compensation has been established contractually) or specifically excluded items. Notwithstanding that State might have its own internal administrative rules regarding off-contract or excluded item ordering, and endeavors to prevent such orders from occurring, Contractor is responsible for not accepting any such Orders. State may, at its discretion, return any such items under subparagraph 12.19 or cancel any such Order, in either case being without obligation and at Contractor's expense.
- 12.3 Reserved.
- 12.4 Indicate Shipping Costs on Order. Contractor shall identify and provide the required substantiating documentation for the amount it intends to add for shipping in the Order

acknowledgment if shipping is additional to the contracted price or rate for an item; otherwise, Contractor shall indicate that shipping is included in the Order price (in other words, every Order must indicate clearly whether or not shipping is included in the Order price, and if not included, how much is to be added and why that amount is the correct or appropriate one).

- 12.5 **Current Products.** Contractor shall keep all products being offered under the Contract: (a) in current and ongoing production; (b) in its advertised product lines; (c) as models or types that are actively functioning in other paying customer environments; and (d) in conformance to the requirements of the Contract.
- 12.6 **Maintain Comprehensive Selection.** Contractor shall provide at all times the comprehensive selection of products for which a price is established in the Contract for ordering by Eligible Agencies, and Co-Op Buyers, if applicable.
- 12.7 **Additional Products.** State, at its discretion, may modify the scope of the Contract by Contract Amendment to include additional products or product categories so long as they are within the general scope of the ones originally covered by the Contract. Once the Contract Amendment has been fully executed, Contractor shall then update all applicable pricing and make the pricing available to all affected entities at no additional cost. Either party may make the request to add products to the Contract; regardless of who makes the request, the parties shall negotiate in good faith a fair price for any additional products, but State may elect not to add some or all of the products in question if no agreement is reached on pricing in a timely manner. Contractor's request or proposal in response to State's request shall include: (a) documentation demonstrating that the additional products meet or exceed the specifications for the original products while remaining in the same product groups as the original ones; and (b) documentation demonstrating that the proposed price for the additional products is both fair and reasonable and at the same level of discount relative to market price as were the original ones. Demonstration of (b) typically requires showing how prices offered to a significant number of buyers compare to the prices or discounts proposed for the additional products.
- 12.8 **Discontinued Products.** If a product or groups of products covered by the Contract are discontinued by the manufacturer, Contractor shall notify State within five (5) business days after receiving the manufacturer's notification. State, at its discretion, may allow Contractor to provide substitutes for the discontinued products or delete the products from the scope of the Contract. The resulting change to the Contract will be formalized by Contract

Amendment. Contractor shall then update all applicable pricing and make the pricing available to all affected entities at no additional cost. The parties shall negotiate in good faith a fair price for any substitute product, but State may elect to delete the products from the scope of the Contract if no agreement is reached on substitute pricing in a timely manner. When notifying State of any discontinuance, Contractor shall provide: (a) manufacturer's announcement or documentation stating that the products have been discontinued, with identification by model/part number; (b) documentation demonstrating that the substitute products meet or exceed the specifications for the discontinued products while remaining in the same product groups as were the discontinued ones; and (c) documentation demonstrating that the proposed price for the substitute products is both fair and reasonable and at the same level of discount relative to market price as were the discontinued ones.

- 12.9 Forced Substitutes. The Contractor shall not provide forced substitutions under the Contract; Contractor shall obtain State's prior written consent before making any discretionary substitution for any product covered by the Contract.
- 12.10 Recalls. In the event of a recall notice, technical service bulletin, or other important notification affecting a product offered under the Contract (collectively, "recalls" hereinafter), Contractor shall send timely notice to State for each applicable Order referencing the affected Order and product. Notwithstanding whatever protection Contractor might have under A.R.S. § 12-684, with respect to a manufacturer, Contractor shall handle recalls entirely and without obligation on State's part, other than to permit removal of installed products, retrieve stored products, and take any other reasonably necessary actions, to implement the recall.
- 12.11 Delivery Time. Contractor shall make delivery as specified in the Purchase Order.
- 12.12 Delivery Locations. Contractor shall offer deliveries to every location served under the scope of the Contract, specifically
- 12.12.1 if the Contract is for a single State agency in a single area, then Contractor shall deliver to any agency location in that area;
- 12.12.2 if the Contract is for a single State agency in all its locations, then Contractor shall deliver to any of that agency's location in Arizona;

	Contract No.: CTR068886	Arizona Department of Administration State Procurement Office
	Description: Computer Equipment, Peripherals & Related Services	

12.12.3 if the Contract is for cooperative use, but excludes certain areas, then Contractor shall deliver to any Eligible Agency or Co-Op Buyer location that is not in the excluded areas; and

12.12.4 if the Contract is for unrestricted mandatory statewide and cooperative use, then:

12.12.4.1 Contractor shall deliver to any Eligible Agency or Co-Op Buyer anywhere in Arizona;

12.12.4.2 if a prospective Co-Op Buyer outside Arizona wishes to order against the Contract, Contractor agrees to negotiate in good faith any fair and reasonable price or lead time adjustments necessary to serve that location if practicable to do so within the scope of its normal business; and,

12.12.4.3 if the Purchase Order indicates defined delivery areas and prices, those always apply unless the Order expressly states otherwise and Contractor accepts it.

12.13 Conditions at Delivery Location. Contractor shall verify receiving hours and conditions (e.g. height/weight restrictions, access control, etc.) with the relevant Eligible Agency or Co-Op Buyer for the receiving site before scheduling or making a delivery. Contractor shall make each delivery to the specific location indicated in the Order, which Contractor acknowledges might be inside an industrial building, institutional building, low-rise office building, or high-rise office building instead of a normal receiving dock. Contractor might be required to make deliveries to locations inside a secured perimeter at certain institutional facilities such as prisons where prior clearances are required for each delivery and driver individually. Contractor shall contact each such facility directly to confirm its most current security clearance procedures, allowable hours for deliveries, visitor dress code, and other applicable rules. State shall not pay extra charges for wait time, comebacks, or the like, nor excuse late deliveries if Contractor has failed to comply with this section.

12.14 Materials Acceptance. State has the right to accept Materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. State may require acceptance criteria, including, but not limited to, conformity to the Contract, workmanship, and quality under the Contract or for a specific Order. Contractor shall remove any rejected Materials from the delivery location, or from any area to which it might have been reasonably necessary to move it, and subsequently deliver an equal quantity of conforming items within a timeframe set by the Eligible Agency or Co-Op Buyer. State shall

not owe Contractor any payment for rejected Materials, and State may, at its discretion, withhold or make partial payment for any rejected Materials that have been returned to Contractor in those instances where State has agreed to permit repair instead of demanding replacement.

- 12.15 Correcting Defects. Contractor shall, at no additional cost and without entitlement to extension of any delivery deadline or specified time for performance, remove or exchange and replace any defective or non-conforming delivered or installed Materials.
- 12.16 Contractor shall be solely responsible for the cost of any associated cutting and patching, temporary protection measures, packing and crating, hoisting, and loading, transportation, unpacking, inspection, repacking, reshipping, and reinstallation if installation is within the scope of the Contract.
- 12.17 If Contractor fails to do so in a timely manner, State will be entitled to exercise its remedies under the Contract, including but not limited to, paragraph 8.5 [*Right of Offset*] of the Uniform Terms and Conditions.
- 12.18 Whether State will permit Contractor to repair in place or demands that Contractor remove and replace is at State's discretion in each instance, provided that, State shall not apply that discretion punitively if repair in place is practicable and doing so would not create safety hazards, put property at risk, unreasonably interfere with operations, create public nuisance, or give rise to any other reasonable concern on State's part.
- 12.19 Returns. State may, at its discretion, return any delivered Materials unused in the original packaging in accordance with the terms of Exhibit E, Contractor Terms and Conditions, State and Local Government and Education Customer Return Policy, of the Master Agreement 23008. If State elects to return delivered Materials, then State shall pay delivery costs to return the products to the place from which Contractor shipped them. However, if State returns delivered Materials because they are defective or non-conforming or for any other reason having to do with Contractor fault or error, then State will not be responsible for any costs associated with returning the Materials and may, at its discretion, either have those billed directly to Contractor, offset them under paragraph 8.5 [*Right of Offset*] of the Uniform Terms and Conditions, or take any other appropriate actions under the Contract.
- 12.20 Product Safety. Materials as-shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, State is not responsible for making any Materials safe or compliant following acceptance. Contractor

shall only deliver Materials that are already safe and compliant with the warranties in the Contract Terms and Conditions.

- 12.21 Hazardous Materials. Contractor shall timely provide State with any “Safety Data Sheets” (SDS) and any other hazard communication documentation required under the United States Department of Labor’s Occupational Safety and Health Administration (OSHA) “Hazard Communication Standard” (often referred to as the “HazCom 2012 Final Rule”) that is reasonably necessary for State to comply with regulations when it or its other contractors install, handle, operate, repair, maintain or remove any Materials. Note that, in the past, those documents might have been referred to as “Material Safety Data Sheets” or “Product Safety Data Sheets”, but State (and this Contract) use only the more up-to-date “SDS” reference. Contractor shall ensure that all its relevant personnel understand the nature of and hazards associated with, to the extent they are Contractor’s responsibility under the Contract, the design, shipping, handling, delivery, installation, repair and maintenance of any portion of the Work that is, contains or will become upon use a hazardous material, with “hazardous material” being any material or substance that is: (1) identified now or in the future as being hazardous, toxic or dangerous under applicable laws; or (2) subject to statutory or regulatory requirement governing special handling, disposal or cleanup.

13.0 General Provisions for Services

- 13.1 Applicability. Article 13 applies to the extent the Work is or includes Services.
- 13.2 Comprehensive Services. Contractor shall provide the comprehensive range of Services for which a price is established in the Contract for ordering by Eligible Agencies and Co-Op Buyers.
- 13.3 Reserved.
- 13.4 Off-Contract Services. Contractor shall ensure that the ordering process for the Services prevents Orders for Services not included in the scope of the Contract (and for which no price or compensation has been established in the Contract) or Services explicitly excluded from the Contract. Notwithstanding that State might have its own internal administrative rules regarding off-contract or excluded ordering of Services, and endeavors to prevent such Orders from occurring, Contractor is responsible for not accepting any such Orders. State may, at its discretion, cancel any such Order without obligation.

	Attachment A, Part 1: Special Terms and Conditions	Arizona Department of Administration State Procurement Office
	Contract No.: CTR068886	
	Description: Computer Equipment, Peripherals & Related Services	

- 13.5 Removal of Personnel. Notwithstanding that Contractor is in every circumstance responsible for hiring, assigning, directing, managing, training, disciplining, and rewarding its personnel, State may at its discretion, and without the obligation to demonstrate cause, instruct Contractor to remove any of its personnel from State's facilities or from further assignment under the Contract. In such cases, Contractor shall promptly replace removed personnel with other personnel that have equivalent qualifications, experience, and capabilities.
- 13.6 Accuracy of Work. Contractor is responsible for the accuracy of the Services and shall promptly make all necessary revisions or corrections resulting from errors and omissions on its part without additional compensation. Acceptance by State shall not relieve Contractor of responsibility for correction, in accordance with the warranty terms, of any errors discovered subsequently.
- 13.7 Requirements at Location of Services
- 13.7.1 Contractor personnel shall perform their assigned portions of the Services at the specific location indicated in the Order. Contractor acknowledges that the location might be inside an industrial building, institutional building, or one of various office types and classes.
- 13.7.2 If performing the Services requires Contractor personnel to work inside a secured perimeter at certain institutional facilities (including but not limited to prisons) where prior clearances are required, Contractor shall contact the facility directly in advance of performing the Services to confirm its current security clearance procedures, allowable hours for work, visitor dress code, and other applicable rules. State shall not pay any additional fees (including but not limited to service charges) or excuse late performance, if Contractor has failed to comply with these requirements.
- 13.8 Acceptance of Services. State has the right to accept Services subject to acceptance criteria. State may apply acceptance criteria to the Contract or a specific Order, which may include, but are not limited to, accuracy, completeness, conformance to requirements, or quality. State shall not pay Contractor for unaccepted Services, and State may, at its discretion, withhold or make partial payment for any rejected Services, while Contractor is in the process of re-performing or otherwise curing the grounds for State's rejection.

13.9 Corrective Action Required. Notwithstanding any other guarantees, general warranties, or particular warranties Contractor has given under the Contract, and in addition to any other rights and remedies available under the Contract, if Contractor fails to perform any material portion of the Services including, but not limited to, failure to complete any contractual deliverable or failure to meet agreed-upon service levels or service standards set out in or referred to in the Contract, then Contractor shall perform a root-cause analysis to identify the source of the failure and use all commercially reasonable efforts to correct the failure and meet the Contract requirements as promptly as is practicable.

13.9.1 Contractor shall provide State a report detailing the identified cause and setting out its detailed corrective action plan promptly after the date the failure occurred (or the date when the failure first became apparent, if it was not apparent immediately after occurrence).

13.9.2 State may demand to review and approve Contractor's analysis and plans, and Contractor shall make any and all reasonable corrections State instructs and adopt State's recommendations, including any measures State determines to be necessary for employee or public safety, or the protection of property or the environment.

13.9.3 Contractor shall take the necessary action(s) to avoid any like failures in the future.

14.0 Data and Information Handling

14.1 Applicability. Article 14 applies to the extent the Work includes handling of any (1) State's proprietary and sensitive data or (2) confidential or access-restricted information obtained from State or from others at State's behest.

14.2 Data Protection and Confidentiality of Information. Contractor warrants that it will establish and maintain procedures and controls acceptable to State for ensuring that State's proprietary and sensitive data is protected from unauthorized access and information obtained from State or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the Contract, provided to Contractor by State, or prepared by others for State are proprietary to State, and all information by those same avenues is State's confidential information. To comply with the foregoing warrant:

14.2.2 Contractor shall not: (a) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the Contract, unless State has agreed otherwise in advance and in writing; or (b) respond to any requests it receives from a third party for such data or information, and instead route all such requests to State's designated representative.

14.3 Personally Identifiable Information. Without limiting the generality of paragraph 14.2, Contractor warrants that it will protect any personally identifiable information ("PII") belonging to State's employees or other contractors or members of the general public that it receives from State or otherwise acquires in its performance under the Contract. For purposes of this paragraph:

14.3.1 PII has the meaning given in the [federal] Office of Management and Budget (OMB) *Memorandum M-17-12 Preparing for and Responding to a Breach of Personally Identifiable Information*, January 3, 2017; and

14.3.2 "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) *Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information*.

15.0 Information Technology Work

15.1 Applicability. Article 15 applies to any Invitation for Bids, Request for Proposals, or Request for Quotations for "Information Technology," as defined In A.R.S. §18-101(6) "...all computerized and auxiliary automated information processing, telecommunications and related technology, including hardware, software, vendor support and related services, equipment and projects," if and to the extent that the Work is or includes Information Technology.

15.2 Background Checks. Each Contractor's personnel who is an applicant for an information technology position must undergo the security clearance and background check procedure, which includes fingerprinting, as required by A.R.S. § 41-710, Eligible Agency, or Co-Op Buyer. Contractor personnel who will have administrator privileges on a State network must additionally provide identity and address verification and undergo State-specified training for unescorted access, confidentiality, privacy, and data security.

15.3 Information Access

	Attachment A, Part 1: Special Terms and Conditions	
	Contract No.: CTR068886	Arizona Department of Administration State Procurement Office
	Description: Computer Equipment, Peripherals & Related Services	

15.3.1 System Measures. Contractor shall employ appropriate system management and maintenance, fraud prevention and detection, and encryption application and tools to any systems or networks containing or transmitting State's proprietary data or confidential information.

15.3.2 Individual Measures. Contractor personnel shall comply with applicable State policies and procedures regarding data access, privacy, and security, including prohibitions on remote access and obtaining and maintaining access identifications (IDs) and passwords. Contractor is responsible to State for ensuring that any State access IDs and passwords are used only by the person to whom they were issued. Contractor shall ensure that personnel are only provided the minimum level of access necessary to perform the duties. Contractor shall, on request, provide a current register of the access IDs and passwords and corresponding access levels currently assigned to its personnel.

15.3.3 Access Control. Contractor is responsible to State for ensuring that hardware, software, data, information, and that has been provided by State or belongs to or is in the custody of State and is accessed or accessible by Contractor personnel is only used in connection with carrying out the Work and is never commercially exploited in any manner whatsoever not expressly permitted under the Contract. State may restrict access of Contractor personnel, or instruct Contractor to restrict their access, if in its determination the requirements of this subparagraph are not being met.

15.4 Pass-Through Indemnity

15.4.1 Indemnity from Third Party. For computer hardware or software included in the Work as discrete units that were manufactured or developed solely by a third party, Contractor may satisfy its indemnification obligations under the Contract by, to the extent permissible by law, passing through to State such indemnity as it receives from the third-party source (each a "Pass-Through Indemnity") and cooperating with State in enforcing that indemnity. If the third party fails to honor its Pass-Through Indemnity, or if a Pass-Through Indemnity is insufficient to indemnify State Indemnitees to the extent and degree, Contractor is required to do by the Uniform Terms and Conditions, then Contractor shall indemnify, defend, and hold harmless State Indemnitees to the extent the Pass-Through Indemnity does not.

	Attachment A, Part 1: Special Terms and Conditions	Arizona Department of Administration State Procurement Office
	Contract No.: CTR068886	
	Description: Computer Equipment, Peripherals & Related Services	

15.4.2 Notification of Claims. State shall notify Contractor promptly of any claim to which a Pass-Through Indemnity might apply. Contractor, with reasonable consultation from State, shall control the defense of any action on any claim to which a Pass-Through Indemnity applies, including negotiations for settlement or compromise, provided that:

15.4.3 State reserves the right to elect to participate in the action at its own expense;

15.4.4 State reserves the right to approve or reject any settlement or compromise on reasonable grounds and if done so timely; and

15.4.5 State shall in any case cooperate in the defense and any related settlement negotiations.

15.5 Systems and Controls. In consideration for State having agreed to permit Pass-Through Indemnities in lieu of direct indemnity, Contractor agrees to establish and keep in place systems and controls appropriate to ensure that State funds under this Contract are not knowingly used for the acquisition, operation, or maintenance of Materials or Services in violation of intellectual property laws or a third party's intellectual property rights.

15.6 Redress of Infringement

15.6.1 Replace, License, or Modify. If Contractor becomes aware that any Materials or Services infringe, or are likely to be infringing, on any third party's intellectual property rights, then Contractor shall, at its sole cost and expense and in consultation with State, either:

15.6.1.1 replace any infringing items with non-infringing ones;

15.6.1.2 obtain for State the right to continue using the infringing items; or

15.6.1.3 modify the infringing items so that they become non-infringing, so long as they continue to function as specified following the modification.

15.6.2 Cancellation Option. In every case under 15.6.1, if none of those options can reasonably be accomplished, or if the continued use of the infringing items is impracticable, State may cancel the relevant Order or terminate the Contract, and Contractor shall take back the infringing items. If State does cancel the Order or terminate the Contract, Contractor shall refund to State:

	Attachment A, Part 1: Special Terms and Conditions	
	Contract No.: CTR068886	Arizona Department of Administration State Procurement Office
	Description: Computer Equipment, Peripherals & Related Services	

- 15.6.2.1 for any software created for State under the Contract, the amount State paid to Contractor for creating it;
- 15.6.2.2 for all other Materials, the amount State paid to Contractor for the product; and
- 15.6.2.3 for Services, the amount paid by State or an amount equal to twelve (12) months of charges, whichever is less.

15.6.3 Exceptions. Contractor will not be liable for any claim of infringement based solely on any of the following by a State Indemnitee:

- 15.6.3.1 modification or use of Materials other than as contemplated by the Contract or expressly authorized or proposed by a Contractor Indemnitor;
- 15.6.3.2 operation of Materials with any operating software other than that supplied by Contractor or authorized or proposed by a Contractor Indemnitor; or
- 15.6.3.3 combination or use with other products in a manner not contemplated by the Contract or expressly authorized or proposed by a Contractor Indemnitor.

15.7 First Party Liability Limitation

15.7.1 Limit. Subject to the provisos that follow below and unless stated otherwise in the Special Terms and Conditions, State's, and Contractor's respective first party cumulative liability arising from or related to the Contract is limited to the greater of \$1,000,000 (one million dollars) or two (2) times the purchase price of the specific Materials or Services giving rise to the claim.

15.7.2 Provisos. This paragraph limits liability for first party direct damages relating to the Work regardless of the legal theory under which the liability is asserted. Neither party will be liable for any indirect, incidental, special, punitive, and consequential damages regardless of the legal theory under which the liability is asserted. This paragraph does not limit liability arising from any:

- 15.7.2.1 Indemnified Claim against which Contractor has indemnified State Indemnitees under paragraph 6.2;

	Attachment A, Part 1: Special Terms and Conditions	Arizona Department of Administration State Procurement Office
	Contract No.: CTR068886	
	Description: Computer Equipment, Peripherals & Related Services	

15.7.2.2 claim against which Contractor has indemnified State Indemnites under paragraph 6.3.

15.7.3 Purchase Price Determination. If the Contract is for a single-agency and a single Order (or if no Order applies), then “purchase price” in Subparagraph 15.7.1 above means the aggregate Contract price current at the time of Contract expiration or earlier termination, including all Contract Amendments having an effect on the aggregate price through that date. In all other cases, “purchase price” above means the total price of the Order for the specific equipment, software, or services giving rise to the claim, and therefore a separate limit will apply to each Order.

15.7.4 No Effect on Insurance. This paragraph does not modify the required coverage limits, terms, and conditions of, or any insured’s ability to claim against any insurance that Contractor is required by the Contract to provide.

15.8 Information Technology Warranty

15.8.1 Specified Design. Where the Scope of Work for information technology, Work provides a detailed design specification, Contractor warrants that the Work will provide all functionality material to the Contract, provided that, the foregoing warranty does not extend to any portions of the Materials that are:

15.8.1.1 modified or altered by anyone not authorized by Contractor to do so;

15.8.1.2 maintained in a way inconsistent to any applicable manufacturer recommendations; or

15.8.1.3 operated in a manner not within its intended use or environment.

15.8.2 COTS Software. With respect to Materials provided under the Contract that are commercial-off-the-shelf (COTS) software, Contractor warrants that:

15.8.2.1 to the extent possible, it will test the software before delivery using commercially available virus detection software conforming to current industry standards;

15.8.2.2 the COTS software will, to the best of its knowledge, at the time of delivery be free of viruses, backdoors, worms, spyware, malware, and other malicious code that could hamper performance, collect unlawfully any

personally identifiable information, or prevent products from performing as required by the Contract; and

15.8.2.3 it will provide a new or clean install of any COTS software that State has reason to believe contains harmful code.

15.8.3 Payment has no Effect. The warranties in this paragraph are not affected by State's inspection, testing, or payment.

15.9 Specific Remedies. Unless expressly stated otherwise elsewhere in the Contract, State's remedy for breach of warranty under paragraph 15.8 includes, at State's discretion, re-performance, repair, replacement, or refund of any amounts paid by State for the nonconforming Work, plus (in every case) Contractor's payment of State's additional, documented, and reasonable costs to procure materials or services equivalent in function, capability, and performance that was required under this Contract. For clarification of intent, the foregoing obligations are limited by the limitation of liability in paragraph 15.7. If none of the foregoing options can reasonably be effected, or if the use of the materials by State is made impractical by the nonconformance, then State may seek any remedy available to it under law.

15.10 Section 508 Compliance. Unless specifically authorized in the Contract, any electronic or information technology offered to the State of Arizona under this Contract shall comply with A.R.S. §18-131 and §18-132 and Section 508 of the Rehabilitation Act of 1973, which requires that employees and members of the public shall have access to and use of information technology that is comparable to the access and use by employees and members of the public who are not individuals with disabilities.

15.11 Cloud Applications. The following are required for Contractor of any cloud solution that hosts State data outside of the State's network or transmits and/or receives State data.

15.11.1 Submit a completed Arizona Baseline Infrastructure Security Controls assessment spreadsheet as found at: <https://azdohs.gov/information-security-policies-standards-and-procedures>, and mitigate or install compensating controls for any issues of concern identified by State. Contractor is required to provide any requested documentation supporting the review of the assessment. The assessment shall be re-validated on a minimum annual basis.

15.11.2 State reserves the right to conduct penetration tests or hire a third party to conduct penetration tests of the Contractor's application. Contractor will be alerted in

advance and arrangements made for an agreeable time. Contractor shall respond to all serious flaws discovered by providing an acceptable timeframe to resolve the issue and/or implement a compensating control.

15.11.3 Contractor must submit a copy of system logs from the cloud system to the State of Arizona security team on a regular basis to be added to the State SIEM (Security Information Event Monitor) or IDS (Intrusion Detection System).

15.11.4 If Contractor is hosting State data, Contractor must employ a government-rated cloud compartment to better protect sensitive or regulated State data.

Subcontractors. This indemnity includes any claim or amount arising out of, or recovered under, the Workers' Compensation Law or arising out of the failure of such Contractor to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. It is the specific intention of the parties that the Indemnitee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by Contractor from and against any and all claims. It is agreed that Contractor will be responsible for primary loss investigation, defense, and judgment costs where this indemnification is applicable. In consideration of the award of this contract, the Contractor agrees to waive all rights of subrogation against the State of Arizona, its officers, officials, agents, and employees for losses arising from the work performed by the Contractor for the State of Arizona. This indemnity shall not apply if the Contractor or Subcontractor(s) is/are an agency, board, commission, or university of the State of Arizona.

6.2.2. Public Agency Language Only. Each party (as 'indemnitor') agrees to indemnify, defend, and hold harmless the other party (as 'indemnitee') from and against any and all claims, losses, liability, costs, or expenses (including reasonable attorney's fees) (hereinafter collectively referred to as 'claims') arising out of bodily injury of any person (including death) or property damage but only to the extent that such claims which result in vicarious/derivative liability to the indemnitee, are caused by the act, omission, negligence, misconduct, or other fault of the indemnitor, its officers, officials, agents, employees, or volunteers.

6.3. Indemnification - Patent and Copyright. The Contractor shall indemnify and hold harmless the State against any liability, including costs and expenses, for infringement of any patent, trademark or copyright arising out of Contract performance or use by the State of Materials furnished or work performed under this Contract. The State shall reasonably notify the Contractor of any claim for which it may be liable under this paragraph. If the Contractor is insured pursuant to A.R.S. § 41-621 and § 35-154, this paragraph shall not apply.

6.4. Force Majeure.

6.4.1. Except for payment of sums due, neither the Contractor nor State shall be liable to the other nor deemed in default under this Contract if and to the extent that such party's performance of this Contract is prevented by reason of force majeure. The term "force majeure" means an occurrence that is beyond the control of the party affected and occurs without its fault or negligence. Without limiting the foregoing, force majeure includes acts of God, acts of the public enemy, war, riots, strikes, mobilization, labor disputes, civil disorders, fire, flood, lockouts, injunctions-intervention-acts, failures or refusals to act by government authority, and other similar occurrences beyond the control of the party declaring force majeure which such party is unable to prevent by exercising reasonable diligence.

- 6.4.2.3. Inability of either the Contractor or any Subcontractor to acquire or maintain any required insurance, bonds, licenses or permits.

6.4.3. If either the Contractor or State is delayed at any time in the progress of the work by force majeure, the delayed party shall notify the other party in writing of such delay, as soon as is practicable and no later than the following working day, of the commencement thereof and shall specify the causes of such delay in such notice. Such notice shall be delivered or mailed certified-return receipt and shall make a specific reference to this article, thereby invoking its provisions. The delayed party shall cause such delay to cease as soon as practicable and shall notify the other party in writing when it has done so. The time of completion shall be extended by Contract Amendment for a period of time equal to the time that results or effects of such delay prevent the delayed party from performing in accordance with this Contract.

6.4.4. Any delay or failure in performance by either party hereto shall not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if, and to the extent that such delay or failure is caused by force majeure.

6.5. Third Party Antitrust Violations. The Contractor assigns to the State any claim for overcharges resulting from antitrust violations to the extent that those violations concern Materials or Services supplied by third parties to the Contractor, toward fulfillment of this Contract.

7.3.1.1. Conform to the requirements of the Contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any and all Contractor affirmation included as part of the Contract;

7.3.1.2. Be free from defects of material and workmanship;

7.3.1.3. Conform to or perform in a manner consistent with current industry standards; and

7.3.1.4. Be fit for the intended purpose or use described in the Contract.

7.3.2. Mere delivery or performance does not substitute for express acceptance by the State. Where inspection, testing, or other acceptance assessment of Materials or Services cannot be done until after installation or invoicing, the forgoing warranty will not begin until State's explicit acceptance of the Materials or Services.

7.4. Inspection/Testing. The warranties set forth in this Section 7 [Warranties] are not affected by inspection or testing of or payment for the Materials or Services by the State.

7.5. Contractor Personnel. the website of any department, commission, council, board, bureau, committee, institution, agency, government corporation or other establishment or official of the executive branch or corporation commission of the State of Arizona). Federal requirements may be incorporated into this Contract, if required, pursuant to A.R.S. § 41-2637. Contractor shall maintain any and all applicable license and permit requirements. This requirement includes, but is not limited to, any and all Arizona state statutes that impact state contracts, regardless of whether those statutory references have been removed during the course of contract negotiations; this is notice to Contractors that the State does not have the authority to modify Arizona state law by contract.

- 7.7. Intellectual Property. Contractor warrants that the Materials and Services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the Specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.
- 7.8. Licenses and Permits. Contractor warrants that it will maintain all licenses required to fully perform its duties under the Contract and all required permits valid and in force.

7.10.3. A request from the State related to this paragraph 7.10 does not necessarily indicate that there has been an occurrence of force majeure, and the Contractor will not be entitled to any additional compensation or extension of time by virtue of having to implement a plan.

7.10.4. Failure to have or implement an appropriate plan will be a material breach of contract.

7.11. Lobbying

7.11.1. Prohibition. Contractor warrants that it will not engage in lobbying activities, as defined in 40 Code of Federal Regulations (CFR) part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the Contract, provided that, the foregoing does not intend to constrain Contractor's use of its own monies or property, including without limitation any net proceeds duly realized under the Contract or any value thereafter derived from those proceeds; and upon award of the Contract, it will disclose all lobbying activities to State to the extent they are an actual or potential conflict of interest or where such activities could create an appearance of impropriety. 7.12. Covered Telecommunications or Services. Contractor warrants that the Materials and Services rendered under this Agreement will not require Contractor to use for the State, or provide to the State to use, "covered telecommunications equipment or Services" as a substantial or essential component of any system, or as critical technology as part of any system, within the meaning of Federal Acquisition Regulation ("FAR") Section 52.204-25.

7.13. Debarment, Suspension, U.S. Government Restricted Party Lists. Contractor warrants that it is not, and its Subcontractors are not, on the U.S. government's Denied Parties List, the Unverified List, the Entities List, the Specially Designated Nationals and Blocked Parties List, and neither the Contractor nor any Subcontractors are presently debarred, suspended, proposed for debarment, or otherwise declared ineligible for award of federal contracts or participation in federal assistance programs or activities.

7.14. False Statements. Contractor represents and warrants that all statements and information Contractor prepared and submitted in response to the Solicitation or as part of the Contract documents are current, complete, true, and accurate. In addition, the parties hereto acknowledge that pursuant to A.R.S. § 12-510, except as provided in A.R.S. § 12- 529, the State is not subject to or barred by any limitations of actions prescribed in A.R.S., Title 12, Chapter 5.

7.15.3. Purchase Orders. The Contractor shall, in accordance with all terms and conditions of the Contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this Contract.

8. State's Contractual Remedies

8.1. Right to Assurance. If the State in good faith has reason to believe that the Contractor does not intend to or is unable to perform or continue performing under this Contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of Days specified in the demand may, at the State's option, be the basis for terminating the Contract under the Uniform Terms and Conditions or other rights and remedies available by law or provided by the contract.

8.2. Stop Work Order.

8.2.1. The State may, at any time, by written order to the Contractor, require the Contractor to stop all or any part of the work called for by this Contract for period(s) of days indicated by the State after the order is delivered to the Contractor. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage.

8.2.2. If a stop work order issued under this clause is canceled or the period of the order or any extension expires, the Contractor shall resume work. The Procurement Officer shall make

an equitable adjustment in the delivery schedule or Contract price, or both, and the Contract shall be amended in writing accordingly.

- 8.3. Non-exclusive Remedies. The rights and the remedies of the State under this Contract are not exclusive.
- 8.4. Nonconforming Tender. Materials or Services supplied under this Contract shall fully comply with the Contract. The delivery of Materials or Services or a portion of the Materials or Services that do not fully comply constitutes a breach of contract. On delivery of nonconforming Materials or Services, the State may terminate the Contract for default under applicable termination clauses in the Contract, exercise any of its rights and remedies under the Uniform Commercial Code or pursue any other right or remedy available to it.
- 8.5. Right of Offset. The State shall be entitled to offset against any sums due the Contractor, any expenses or costs incurred by the State, or damages assessed by the State concerning the Contractor's non-conforming performance or failure to perform the Contract, including expenses, costs and damages described in the Uniform Terms and Conditions.

	State accepts corrected reference but no need to strike "under subparagraph 12.18 since HPE didn't redline that provision.	The reference to subparagraph 12.18 is incorrect since it applies to repair and replacement and has nothing to do with cancelling orders.	State Accepts: 12.2 Off-Contract Materials. Contractor shall ensure that the design and/or procedures for the Materials ordering method prevents Orders for items not included in the scope of the Contract (and for which no price or compensation has been established contractually) or specifically excluded items. Notwithstanding that State might have its own internal administrative rules regarding off-contract or excluded item ordering, and endeavors to prevent such orders from occurring, Contractor is responsible for not accepting any such Orders. State may, at its discretion, return any such items under subparagraph 12.1719 or cancel any such Order under subparagraph 12.18 , in either case being without obligation and at Contractor's expense.
HPE strives to provide timely updates on delivery dates as appropriate to the products and services purchased. Customers may cancel an Order at no charge before production begins, before an item is shipped, or before services begin, whichever occurs first.	State accepts	Resolved

Customers may cancel an Order at no charge before production begins, before an item is shipped, or before services begin, whichever occurs first.	State can accept all except removing Right of Offset: 12.19 Returns. State may, at its discretion, return for full credit and with no restocking charges, any delivered Materials unused in the original packaging in accordance with the terms of the Master Agreement within thirty (30) days after receipt, regardless of acceptance. If State elects to return delivered Materials, then State shall pay delivery costs to return the products to the place from which Contractor shipped them. However, if State returns delivered Materials because they are defective or non-conforming or for any other reason having to do with Contractor fault or error, then State will not be responsible for any costs associated with returning the Materials and may, at its discretion, either have those billed directly to Contractor, offset them under paragraph 8.5 [Right of Offset] of the Uniform Terms and Conditions, or take any other appropriate actions under the Contract.	The State agreed to remove the Right of Offset in the current PA, HPE requests the same terms for this new PA. Please refer to the current PA ADSP015-093833, Special Terms and Conditions, Section 26, which contains the Negotiated Uniform Terms and Conditions, specifically 26.12 which deleted the Right to Offset.	The State cannot remove the Right to Offset regardless of 2015 language. The State has been consistent with Right to Offset in all negotiations and therefore cannot make an exception here.
