1. **Scope:** Minnesota and Cooperative Purchasing Venture Program members, as defined in the attached Minnesota Exhibit A, may purchase the products and/or services available in the Participating Addendum. The Participating Addendum is not a purchase order, nor does it guarantee any purchases will be made. The products and services included in this PA are identified as:
 - A. **Professional Grade Tools** – used here as a term to distinguish from general use or consumer grade products. It is intended to communicate a more durable product with the expectation that it will work both better and longer in an environment where it is used more regularly. Built for extended heavy and repeated use, more rugged and tends to not malfunction as quickly. Also associated with better features and options which result in a high-end result. Excellent and extended warranties for product repairs are usually in place versus throw away and replace options.
 - B. **Diagnostic Equipment** – used for discovering what is wrong with things that do not work properly. Non-medical equipment. Can include automotive, electrical, plumbing, and other specialized areas which require unique diagnostic analysis for evaluation and repair.
2. **Changes:** The additional terms and conditions contained in Minnesota Exhibit A, which is attached and made part of the Participating Addendum, are hereby incorporated by reference. In the event of a conflict between the terms contained within Minnesota Exhibit A and the NASPO ValuePoint Master Agreement, Minnesota Exhibit A shall prevail. This clause shall not be construed to bar any legal remedies the Contract Vendor may have with the State's failure to fulfill its obligations pursuant to the Contract.

For clarification and not as a limitation, the Contract Vendor hereby expressly extends, in addition to the other terms, conditions and specifications of the Contract, the foregoing defense and indemnification obligations to Cooperative Purchasing Venture (CPV) Members, including Board of Trustees of the Minnesota State Colleges and Universities, in

addition to Agency as defined in Minn. Stat. 16.C.02, in addition to the legislative and judicial branches and constitutional offices of state government.

This limitation of liability does not apply to damages for personal injury or death, or to Contractor's obligation to indemnify, defend and hold the State harmless against intellectual property infringement claims under paragraphs titled and included in this Agreement. This indemnification does not include liabilities caused by the State's gross negligence or intentional wrong doing of the State.

- 7. LAWS AND REGULATIONS.** Any and all services, articles or equipment offered and furnished must comply fully with all local, State and federal laws and regulations, including Minn. Stat. § 181.59 prohibiting discrimination and business registration requirements of the Office of the Minnesota Secretary of State.
- 8. GOVERNMENT DATA PRACTICES.** The Contract Vendor and the State must comply with the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, (and where applicable, if the State contracting party is part of the judicial branch, with the Rules of Public Access to Records of the Judicial Branch promulgated by the Minnesota Supreme Court as the same may be amended from time to time) as it applies to all data provided by the State to the Contract Vendor and all data provided to the State by the Contract Vendor. In addition, the Minnesota Government Data Practices Act applies to all data created, collected, received, stored, used, maintained, or disseminated by the Contract Vendor in accordance with the Contract that is private, nonpublic, protected nonpublic, or confidential as defined by the Minnesota Government Data Practices Act, Ch. 13 (and where applicable, that is not accessible to the public under the Rules of Public Access to Records of the Judicial Branch).

To the extent the Contract entails delivery or performance of services, the services will be deemed "goods" within the meaning of the UCC, except when to deem such services as "goods" is unreasonable.
- 11. JURISDICTION AND VENUE.** The Contract, its amendments, and supplements thereto, shall be governed by the laws of the State of Minnesota. Venue for all legal proceedings arising out of the Contract or breach thereof shall be in the State or federal court with competent jurisdiction in Ramsey County, Minnesota. - 12. AFFIRMATIVE ACTION.** The State requires affirmative action compliance by its Contract Vendors in accordance with Minn. Stat. § 363A.36 and Minn. R. 5000.3400 to 5000.3600.

- a. Covered contracts and Contract Vendors. One-time acquisitions, or a contract for a predetermined amount of goods and/or services, where the amount of your response is in excess of \$100,000 requires completion of the Affirmative Action Certification page. If the solicitation is for a contract for an indeterminate amount of goods and/or services, and the State estimated total value of the contract exceeds \$100,000 whether it will be a multiple award contract or not, you must complete the Affirmative Action Certification page. If the contract dollar amount or the State estimated total contract amount exceeds \$100,000 and the Contract Vendor employed more than 40 full-time employees on a single working day during the previous 12 months in

Minnesota or in the state where it has its principal place of business, the Contract Vendor must comply with the requirements of Minn. Stat. § 363A.36, subd. 1 and Minn. R. 5000.3400 to 5000.3600. A Contract Vendor covered by Minn. Stat. § 363A.36, subd. 1 and Minn. R. 5000.3400 to 5000.3600 that had more than 40 full-time employees within Minnesota on a single working day during the previous 12 months must have a certificate of compliance issued by the commissioner of the Department of Human Rights (certificate of compliance). A Contract Vendor covered by Minn. Stat. § 363A.36, subd. 1 that did not have more than 40 full-time employees on a single working day during the previous 12 months within Minnesota but that did have more than 40 full-time employees in the state where it has its principal place of business and that does not have a certificate of compliance must certify that it is in compliance with federal affirmative action requirements.

- b. Minn. Stat. § 363A.36, subd. 1 requires the Contract Vendor to have an affirmative action plan for the employment of minority persons, women, and qualified disabled individuals approved by the commissioner of the Department of Human Rights (commissioner) as indicated by a certificate of compliance. Minn. Stat. § 363A.36 addresses suspension or revocation of a certificate of compliance and contract consequences in that event. A contract awarded without a certificate of compliance may be voided.
- c. Minn. R. 5000.3400-5000.3600 implement Minn. Stat. § 363A.36. These rules include, but are not limited to, criteria for contents, approval, and implementation of affirmative action plans; procedures for issuing certificates of compliance and criteria for determining a Contract Vendor's compliance status; procedures for addressing deficiencies, sanctions, and notice and hearing; annual compliance reports; procedures for compliance review; and contract consequences for noncompliance. The specific criteria for approval or rejection of an affirmative action plan are contained in various provisions of Minn. R. 5000.3400-5000.3600 including, but not limited to, parts 5000.3420-5000.3500 and parts 5000.3552-5000.3559.
- d. Disabled Workers. Minn. R. 5000.3550 provides the Contract Vendor must comply with the following affirmative action requirements for disabled workers.

AFFIRMATIVE ACTION FOR DISABLED WORKERS

- (a) The contractor must not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The contractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled persons without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.
 - (b) The contractor agrees to comply with the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.
 - (c) In the event of the contractor's noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with Minn. Stat. § 363A.36 and the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.
 - (d) The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the commissioner of the Minnesota Department of Human Rights. Such notices must state the contractor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled employees and applicants for employment, and the rights of applicants and employees.
 - (e) The contractor must notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the contractor is bound by the terms of Minn. Stat. § 363A.36 of the Minnesota Human Rights Act and is committed to take affirmative action to employ and advance in employment physically and mentally disabled persons.
- e. Consequences. The consequences of a Contract Vendor's failure to implement its affirmative action plan or make a good faith effort to do so include, but are not limited to, suspension or revocation of a certificate of compliance by the commissioner, refusal by the commissioner to approve subsequent plans, and termination of all or part of the Contract by the commissioner or the State.

- f. Certification. The Contract Vendor hereby certifies that it is in compliance with the requirements of Minn. Stat. § 363A.36, subd. 1 and Minn. R. 5000.3400-5000.3600 and is aware of the consequences for noncompliance. It is agreed between the parties that Minn. Stat. 363.36 and Minn. R. 5000.3400 to 5000.3600 are incorporated into any contract between these parties based upon this specification or any modification of it. A copy of Minn. Stat. 363A.36 and Minn. R. 5000.3400 to 5000.3600 are available upon request from the contracting agency.

13. EQUAL PAY CERTIFICATION. If the Response to this solicitation could be in excess of \$500,000, the Responder must obtain an Equal Pay Certificate from the Minnesota Department of Human Rights (MDHR) or claim an exemption prior to contract execution. A responder is exempt if it has not employed 40 or more full-time employees on any single working day during the previous 12 months in Minnesota or the state where it has its primary place of business. Please contact MDHR with questions at: 651-539-1095 (metro), 1-800-657-3704 (toll free), 711 or 1-800-627-3529 (MN Relay) or at compliance.MDHR@state.mn.us.

14. PAYMENT. Minn. Stat. § 16A.124 requires payment within 30 days following receipt of an undisputed invoice, merchandise or service, whichever is later. Terms requesting payment in less than 30 days will be changed to read "Net 30 days." The Ordering Entity is not required to pay the Contract Vendor for any goods and/or services provided without a written purchase order or other approved ordering document from the appropriate Ordering Entity. In addition, all goods and/or services provided must meet all terms, conditions and specifications of the Contract and the ordering document and be accepted as satisfactory by the Ordering Entity before payment will be issued.

Conditions of Payment. The Contract Vendor under the Contract must be in accordance with the Contract as determined by the sole discretion of the State's Authorized Representative and be in accordance with all applicable federal, state, and local laws, ordinances, rules, and regulations including business registration requirements of the Office of the Minnesota Secretary of State.

15. PURCHASE ORDERS (PO). The State requires that there will be no minimum order requirements or charges to process an individual purchase order unless otherwise stated in the Contract. The Contract number and the PO number must appear on all documents (e.g., invoices, packing slips, etc.). The Ordering Entity's purchase order constitutes a binding contract.

16. PURCHASING CARDS. Contract Vendor will accept a purchasing card for order placement in addition to accepting a purchase order, without passing the processing fees for the purchasing card back to the State. The State's single purchase limit is \$5,000 on the purchasing card.

17. TAXES. DO NOT add sales tax to the prices being offered. Unless otherwise instructed by the State, agencies will pay all applicable taxes directly to the Department of Revenue. Per Department of Revenue Tax Fact Sheet 142, State agencies are required to submit an ST3 form to their suppliers. See [website](http://www.revenue.state.mn.us) at <http://www.revenue.state.mn.us>.

If orders are issued by Cooperative Purchasing Venture (CPV) Members, the Contract Vendor should confirm all of the tax requirements with the ordering entity.

18. SHIPPING REQUIREMENTS. All shipments shall be FOB Destination. Freight charges shall be prepaid and allowed unless otherwise stated in the NASPO ValuePoint Master Agreement.

19. DEFAULT. All commodities and services furnished will be subject to inspection and acceptance by the Ordering Entity after delivery. No substitutions or cancellations are permitted without approval of the Ordering Entity. Back orders, failure to meet delivery requirements, or failures to meet specifications in the purchase order and/or the Contract authorizes the Ordering Entity to cancel the purchase order, or any portion of it, purchase elsewhere, and charge the full increase in cost and administrative handling to the defaulting Contract Vendor. In the event of default, the State reserves the right to pursue any other remedy available by law. A Contract Vendor may be removed from the vendor's list, suspended or debarred from receiving a Contract for failure to comply with the terms and conditions of the Contract, or for failure to pay the State for the cost incurred on the defaulted Contract.

20. ASSIGNMENT. The Contract Vendor shall not sell, transfer, assign, or otherwise dispose of the Contract or any portion hereof or of any right, title, or interest herein without the prior written consent of the State's Authorized Representative. Such consent shall not be unreasonably withheld. The Contract Vendor shall give written notice to the State's Authorized Representative of such a possibility at least 30 days prior to the sale, transfer, assignment, or other disposition of the Contract. Failure to do so may result in the Contract Vendor being held in default. This consent requirement includes reassignment of the Contract due to a change in ownership, merger, or acquisition of the Contract Vendor or its subsidiary or affiliated corporations. This section shall not be construed as prohibiting the Contract Vendor's right to assign the Contract to corporations to provide some of the services hereunder.

Notwithstanding the foregoing acknowledgment, the Contract Vendor shall remain solely liable for all performance required and provided under the terms and conditions of the Contract.

21. INTELLECTUAL PROPERTY INDEMNIFICATION. The Contract Vendor warrants that any materials or products provided or produced by the Contract Vendor or utilized by the Contract Vendor in the performance of the Contract will not infringe upon or violate any patent, copyright, trade secret, or any other proprietary right of any third party. In the event of any such claim by any third party against the State, the State shall promptly notify the Contract Vendor. The Contract Vendor, at its own expense, shall indemnify, defend to the extent permitted by the Minnesota Attorney General's Office, and hold harmless the State against any loss, cost, expense, or liability (including legal fees) arising out of such a claim, whether or not such claim is successful against the State.

If such a claim has occurred, or in the Contract Vendor's opinion is likely to occur, the Contract Vendor shall either procure for the State the right to continue using the materials or products or replacement or modified materials or products. If an option satisfactory to the State is not reasonably available, the State shall return the materials or products to the Contract Vendor, upon written request of the Contract Vendor and at the Contract Vendor's expense. This remedy is in addition to any other remedy provided by law.

22. PARTICIPATING ADDENDUM AMENDMENTS. Except as provided herein, the Participating Addendum shall be modified only by written amendment duly executed by an authorized representative of the State and the Contract Vendor. No alteration or variation of the terms and conditions of the Participating Addendum shall be valid unless made in writing and signed by the parties as required by law. Every amendment shall specify the date on which its provisions shall be effective. An approved Participating Addendum amendment means one approved by the authorized signatories of the Contract Vendor and the State as required by law.

23. TERMINATION OF THE PARTICIPATING ADDENDUM. The Participating Addendum may be canceled by the State or the Commissioner of Administration at any time, with or without cause, upon 30 days written notice to the Contract Vendor. In the event the Contract Vendor is in default, the Participating Addendum is subject to immediate cancellation to the extent allowable by applicable law. In the event of such a cancellation, the Contract Vendor shall be entitled to payment, determined on a pro rata basis, for work or services satisfactorily performed and accepted. The Contract Vendor may request to cancel the Participating Addendum but must receive written approval from the State.

24. ADMINISTRATIVE PERSONNEL CHANGES. After execution of this Participating Addendum the State must be notified of intended changes in the Contract Vendor's administrative personnel as soon as practicable.

25. PUBLICITY. Any publicity given to the program, publications or services provided resulting from a State contract for goods or services, including but not limited to notices, informational pamphlets, press releases, research, reports, signs and similar public notices prepared by or for the Contract Vendor, or its employees individually or jointly with others, or any subcontractors, shall identify the State as the sponsoring agency and shall not be released, unless such release is a specific part of an approved work plan included in the Contract prior to its approval by the State's Authorized Representative and the State's Assistant Director or designee of Office of State Procurement.

The Contract Vendor shall make no representations of the State's opinion or position as to the quality or effectiveness of the products and/or services that are the subject of the Contract without the prior written consent of the State's Assistant Director or designee of the Office of State Procurement. Representations include any publicity, including but not limited to advertisements, notices, press releases, reports, signs, and similar public notices.

26. AMERICANS WITH DISABILITIES ACT (ADA). Products provided under the Contract must comply with the requirements of the Americans with Disabilities Act (ADA). The Contract Vendor's catalog and other marketing materials utilized to offer products under the Contract must state when a product is not in compliance. If any descriptive marketing materials are silent as to these requirements, the Contract Vendor agrees that the customer can assume the product meets or exceeds the ADA requirements.

27. USAGE REPORT. Contractor must track and report to the State usage data on this Contract (Usage Reports). Usage Reports should be sent via email to osp.usagereports@state.mn.us. A Usage Report must identify the State Contract Number and provide the following information:

Contractor must provide the State with a final Usage Report within 30 calendar days of the expiration or termination of the Contract. Failure to provide a Usage Report may result in the State cancelling the Contract. This term survives the expiration or termination of the Contract.

28. ADMINISTRATIVE FEE. Contractor must remit to the Department of Administration, Office of State Procurement on a quarterly basis an administration fee of 1% (.01 multiplication factor) of the total amount of spend under the Contract as reported in the Usage Report (Administrative Fee). Software licenses, warranty, maintenance agreements and service agreements that were entered into under the terms and conditions of the Agreement shall survive the expiration or termination of this Agreement.

33. PRODUCTS CONTAINING CERTAIN TYPES OF POLYBROMINATED DIPHENYL ETHER BANNED. By signing the Contract, Contract Vendor certifies that they have read and will comply with Minn. Stat. §§ 325E.385-325E.388.

34. IT ACCESSIBILITY STANDARDS. Not Applicable.

35. E-VERIFY CERTIFICATION. Not Applicable.

36. HAZARDOUS SUBSTANCES. To the extent that the goods to be supplied to the State by the Contract Vendor contain or may create hazardous substances, harmful physical agents or infectious agents as set forth in applicable State and federal laws and regulations, the Contract Vendor must provide the State with Material Safety Data Sheets regarding those substances. A copy must be included with each delivery.

37. TAXPAYER IDENTIFICATION: The Contract Vendor shall be registered as a vendor to the State in the SWIFT Procurement System. Registration must be done online at <http://www.mmb.state.mn.us/vendorresources>.

38. STATE'S NON-INDEMNIFICATION. Nothing herein, whether express or implied, shall be deemed to create an obligation on the part of the State to indemnify, defend, hold harmless or release the Contract Vendor, Contract Vendor's subcontractors, or Contract Vendor's agents. This shall extend to all agreements related to the subject matter of this RFP, and to all terms subsequently added, without regard to order of precedence.

39. CERTIFICATION OF NONDISCRIMINATION (In accordance with Minn. Stat. § 16C.053). The following term applies to any contract for which the value, including all extensions, is \$50,000 or more: Contractor certifies it does not engage in and has no present plans to engage in discrimination against Israel, or against persons or entities doing business in Israel, when making decisions related to the operation of the vendor's business. For purposes of this section, "discrimination" includes but is not limited to engaging in refusals to deal, terminating business activities, or other actions that are intended to limit commercial relations with Israel, or persons or entities doing business in Israel, when such actions are taken in a manner that in any way discriminates on the basis of nationality or national origin and is not based on a valid business reason.

40. FUNDING OUT CLAUSE. Notwithstanding any other cancellation clauses, the State may immediately terminate this Contract if it does not obtain funding from the Minnesota Legislature beyond June 30, or from another funding source, or if funding cannot be continued at a level sufficient to allow for the payment of the goods or services in the Contract, whether due to a lack of direct funding or agency reallocation of funding, or if operations of any paying entity are being discontinued. The State must provide the Contract Vendor with notice within a reasonable time after the decision is made to terminate the Contract. Termination will be by written or fax notice to the Contract Vendor. The State is not obligated to pay for any goods or service accepted or provided after notice and effective date of termination. However, the Contract Vendor will be entitled to payment for goods or services accepted or satisfactorily performed up until the effective date of the termination. The State will not be assessed any penalty if the Contract is terminated in accordance with this section.

Minnesota Exhibit B**Minnesota General Terms, Conditions, and Specifications**

1. **PRICING.** Pricing for the product offered under this contract is attached. Price increases for product are allowed when approved by the lead state for the NASPO ValuePoint Master Agreement **OK-SW-818-500** and adopted by the State of Minnesota through a fully executed Participating Addendum amendment.
2. **QUOTES.** The Contract Vendor must provide a firm price quote to the ordering entity. Once the ordering entity has accepted the price quote and a purchase order is issued, no changes in price or product can be made by the Contract Vendor unless agreed upon, in writing, by the ordering entity. At no time will any terms and conditions included in a vendor's quote or other documents change the terms and conditions of the Contract. In the event of a conflict in language between any documents provided to an ordering entity by a Contract Vendor, the terms and conditions set forth in the Contract and any later fully executed amendment documents shall prevail.

Payment shall be for actual products received and work performed, and shall not exceed any quoted price unless the Contract Vendor receives written approval of the changes and a purchase order from the ordering entity prior to the products being delivered or services performed. The quote must be in writing, reference the State Contract Release T-757(5), reference the Contract number, and be in the same format as the sample quote form submitted with the PA and approved as an attachment to the Contract award documents, unless an alternative format is approved in writing by the Acquisition Management Specialist.

- Detailed description of the Contract product or item being provided. Individual price, quantity, and extended price
- Total price for all products/items/services quoted

Additional information may be required by the ordering entity so pricing can be verified. The Contract Vendor must provide quotes within five (5) calendar days of receipt of the request for a quote unless an alternate timeline has been accepted by the ordering agency. Prior to fulfilling any order through this Contract, the Contract Vendor must receive written confirmation from the end user that the quote has been received, understood, and accepted. This confirmation must be in the form of a purchase order. The Contract Vendor shall not deliver product or start any service prior to receiving a purchase order.

INVOICES. The Contract Vendor will be responsible for providing an invoice within thirty (30) days following the completion of an order.
