2.0 Contract Interpretations

- 2.1 Usage. Where the Contract:
 - 2.1.1 assigns obligations to Contractor, any reference to “Contractor” is to be construed to be a reference to the Contractor and all Subcontractors, whether they are first-tier Subcontractors, sub-subcontractors, suppliers, sub-suppliers, consultants, or sub-consultants, as well as all of Contractor’s and the Subcontractor’s respective agents, representatives, and employees in every instance unless the context plainly requires that it is a reference only to Contractor as apart from Subcontractors.
 - 2.1.2 uses the permissive “may” with respect to a party’s actions, determinations, etc., the terms is to be interpreted as in A.A.C. R2-7-101(32) [*Definitions*]. For clarity of intent, any right given to State using “State may” or a like construction denotes discretion and freedom to act so far as any regulatory or operative constraints permit in the relevant circumstances, provided that: (a) where written “may, at its discretion,” the discretion extends to whatever is most advantageous to State; and (b) where written only as “may,” the discretion is constrained by what is fair, reasonable, and as accommodating of the respective best interests of both parties as practicable under the circumstances;

	Attachment A, Part 1: Special Terms and Conditions		Arizona Department of Administration State Procurement Office
	Contract No.: CTR072946		
	Description: Medicaid Enterprise Systems – Provider Services Module		

- 2.1.3 uses the imperative “shall” with respect to a party’s actions, duties, etc., the term is to be interpreted as in A.A.C. R2-7-101(44) [*Definitions*]. Conversely, the phrase “shall not” is to be interpreted as an imperative prohibition.
- 2.1.4 uses the term “must” with respect to a requirement, criterion, etc., the term is to be interpreted as conveying compulsion or strict necessity;
- 2.1.5 uses the term “might” with respect to an event, outcome, action, etc., the term is to be interpreted as conveying contingency or non-discretionary conditionality; and
- 2.1.6 uses the term “will” or the phrases “is to be” or “are to be” with respect to an event, outcome, action, etc., the term or phrase is to be interpreted as conveying such certainty or imperativeness that “shall” is either unnecessary or irrelevant in that instance.

2.2 Contract Order of Precedence

- 2.2.1 Complementary Documents. All of the documents forming the Contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the Work as though the relevant Work, requirements, obligations, or duties had been fully described in all, consistent with the other documents forming the Contract and as is reasonably inferable from them as being necessary to produce complete results.
- 2.2.2 Conflicts. In case of any inconsistency, conflict, or ambiguity among the documents forming the Contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document, but not in another, is not to be considered a conflict or inconsistency.

subject to any terms and conditions in accessing or employing any Materials or Services, those terms and conditions will also be void.

3.6 Books and Records

- 3.6.1 Retain Records. In addition to the audit rights detailed in the Uniform Terms and Conditions, State also requires that, pursuant to A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records relating to any cost and pricing data submitted in satisfaction of § 41-2543 for the period specified in the statute.
- 3.6.2 Usage Information. Additionally, any and all information (including, but not limited to, documentation or Data) related to Eligible Agency and Co-Op Buyer usage retained solely within the Contractor's system (for example, related to punch-out or Contractor catalog sales) shall be considered public information or information that can be shared with and distributed by the State freely and for any purpose under the State's government purpose rights detailed in Section 3 of the Uniform Terms and Conditions [Ownership of Intellectual Property]. Any modifications to this Contract notwithstanding, the State shall have free use of any and all information related to Eligible Agency or Co-Op Buyer purchasing. Upon request by the State, Contractor shall promptly provide the State with any usage information requested and shall not attempt to limit the State's use in any way.
- 3.6.3 Right To Audit. The retained books and records are subject to audit by State during that period. Pursuant to A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records relating to performance under the Contract for the period specified in the statute and those retained books and records are subject to audit by State during that period.
- 3.6.4 Auditing. Contractor or Subcontractor shall either make all such books and records under subparagraphs 3.6.1 and 3.6.2 available to State at all reasonable times or produce the records at a designated State office on State's demand, the choice of which being at State's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

3.7 Subcontract

	Attachment A, Part 1: Special Terms and Conditions		Arizona Department of Administration State Procurement Office
	Contract No.: CTR072946		
	Description: Medicaid Enterprise Systems – Provider Services Module		

- 3.7.1 Initial list. At the time of Contract execution, Contractor's candidate Subcontractors were identified in Attachment D – List of Subcontractors. Agreeing to them being included signified Procurement Officer's advance consent for Contractor to enter into a Subcontract with each candidate, which Contractor shall do as promptly as necessary to ensure its ability to carry out the Work in a timely manner.
- 3.7.2 Additional names. Contractor shall not enter into a Subcontract to perform Work under the Contract, without first obtaining Procurement Officer's written consent with any prospective Subcontractor that (a) was not listed on the Attachment Proposed Subcontractors at time of Contract execution or (b) is for any Materials or Services categories other than the ones for which they were previously consented. For either case (a) or (b), Contractor shall submit a written request sufficiently in advance of the need date for those materials or services so that performance under the Contract is not impaired. Procurement Officer may request any additional information he or she determines is necessary to assess the submittal, and may withhold consent pending it. Approval of additional subcontractors shall be added to the Contract by a bilateral Contract Amendment.
- 3.7.3 Flow-down. Contractor shall incorporate the provisions, terms, and conditions of the Contract into every Subcontract by inclusion or by reference, as appropriate. When making any post-execution consent requests, Contractor shall include its warrant that it will do the same for the pending Subcontracts covered by the request. Entering into Subcontracts will not relieve Contractor of any of its obligations or duties under the Contract, including, among other things, the duty to supervise and coordinate the work of Subcontractors. Nothing contained in any Subcontract will create or is to be construed as creating any contractual relationship between State and the Subcontractor.

3.8 Orders

- 3.8.1 Order Sufficiency. The Contract was awarded in accordance with the Arizona Procurement Code; the transactions and procedures required by the Arizona Procurement Code for competitive source selection have been met. An Order issued that cites the correct State contract number will suffice to authorize the Contractor to provide the Materials and perform the Services covered by that Order.
- 3.8.2 Order Terms. All Orders are subject to the Contract Terms and Conditions; an Order cannot modify the Contract Terms and Conditions. Any Contractor terms added to

	Attachment A, Part 1: Special Terms and Conditions		Arizona Department of Administration State Procurement Office
	Contract No.: CTR072946		
	Description: Medicaid Enterprise Systems – Provider Services Module		

quotes or otherwise unilaterally added to Eligible Agency or Co-Op Buyer Orders are null and void.

- 3.8.3 Orders are Obligatory. Until the expiration or earlier termination of the Contract, State may issue and Contractor shall accept Orders that make proper reference to the Contract and are permissible hereunder, provided that, Contractor is not obliged to accept any Order that is not consistent with the then-current pricing, lead times, specifications, or payment provisions of the Contract. Contractor shall fulfill and complete any Orders that are begun but not yet completed as of expiration or earlier termination of the Contract unless State instructs otherwise at the time.
- 3.8.4 No Minimums or Commitments. (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on Orders; (b) State makes no commitment of any kind concerning the quantity or monetary value of activity actually initiated or completed during the term of the Contract; (c) Contractor shall only deliver or perform as authorized by Orders; and (d) State is not limited as to the number of Orders it may issue for the Contract. For clarity of intent, the foregoing applies equally whether an Eligible Agency issues the Order or, if applicable, a Co-Op Buyer issues it.
- 3.8.5 Non-contracted Materials or Services. Any attempt to knowingly represent for sales, marketing, or related purposes that Materials or Services not specifically awarded are under a State contract is a violation of the Contract and law.
- 3.9 Order Cancellations. State may cancel Orders within a reasonable period after issuance and at its discretion. The same method used for ordering will be used for cancellation.
- 3.9.1 If State cancels an Order, then State shall:
- 3.9.1.1 pay Contractor for any portion of the Materials and Services from that Order that have been properly delivered or performed as of the cancellation effective date; and
 - 3.9.1.2 reimburse Contractor for actual, documented costs incurred in fulfilling the Order up to the cancellation effective date and the cost of any obligations incurred in fulfilling the Order up to the cancellation effective date that demonstrably cannot be canceled or that have pre-established cancellation penalties specified in the relevant Subcontracts, to the extent the penalties are reasonable and customary for the work in question.

	Attachment A, Part 1: Special Terms and Conditions	
	Contract No.: CTR072946	Arizona Department of Administration State Procurement Office
	Description: Medicaid Enterprise Systems – Provider Services Module	

3.9.2 Contractor shall not charge or be entitled to charge State for any new costs it incurs after receiving the cancellation notice; State is not liable for any Materials that were produced, shipped, or delivered, or Services that were performed before Contractor had acknowledged the corresponding Order.

3.9.3 State shall also be able to cancel Orders freely and without any further obligation at any time prior to Contractor's formal acknowledgement of the Order.

3.10 The Contract is a Single Agency contract for the exclusive use by the Arizona Health Care Cost Containment System (AHCCCS).

3.11 Multiple-Use Provisions. Eligible Agencies may issue Orders for Services in several forms, all of which become final and effective by a Purchase Order in the State's eProcurement System. Orders issued by Co-Op Buyers will be in whatever form the Co-Op Buyer normally uses. Regardless of origin, Orders must cite the State contract number to be valid. State may, at its discretion in each instance, determine the scope, schedule, and price for each Order in any of the following ways:

3.11.1 By choosing some or all of the Materials or Services items covered by the Contract for which a price is established in the Contract, then preparing an Order using those prices (e.g. filling out an order form), and sending it to the Contractor;

3.11.2 By instructing Contractor to provide a comprehensive proposal of item quantities, combinations, etc., or services hours, personnel, etc., for a defined scope using those established prices as a basis, then validating and negotiating the proposal with Contractor and issuing an Order if and when reaching agreement;

3.11.3 As described in 3.11.2 above but requesting the proposal from both Contractor and other vendors who are contracted within the applicable scope categories and locations, either sequentially or concurrently, then selecting the proposal or proposals combination that is most advantageous to State; or

3.11.4 As described in 3.11.3 above but introducing ad-hoc commercial competition by making the selection and ordering conditional on obtaining more favorable prices than the contractually-established ones.

3.12 Work on State Premises

3.12.1 Compliance With Rules. Contractor is responsible for ensuring that its personnel comply with State's rules, regulations, policies, documented practices, and

	Attachment A, Part 1: Special Terms and Conditions		Arizona Department of Administration State Procurement Office
	Contract No.: CTR072946		
	Description: Medicaid Enterprise Systems – Provider Services Module		

documented operating procedures while delivering or installing Materials or performing Services on State's grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the Contract. Contractor is reminded that violation of the prohibition under A.R.S. § 13-1502 against possession of weapons on State's property by anyone for whom Contractor is responsible is a material breach of contract and grounds for termination for default.

3.12.2 Protection Of Grounds And Facilities. Contractor shall deliver or install the Materials and perform the Services without damaging any State grounds or facilities. Conversely, the State may have a continued need for the same Materials and Services upon expiration or earlier termination of the Contract. Accordingly, Contractor shall work closely with any incoming supplier and State to ensure as smooth and complete a transition transfer as is practicable.

3.13.2 Eligible Agency or Co-Op Buyer's representative will coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both Contractor and the incoming supplier. State shall not pay Contractor for unaccepted Services, and State may, at its discretion, withhold or make partial payment for any rejected Services, while Contractor is in the process of re-performing or otherwise curing the grounds for State's rejection.

15.6 Redress of Infringement

15.6.1 Replace, License, or Modify. If Contractor becomes aware that any Materials or Services infringe, or are likely to be infringing, on any third party's intellectual property rights, then Contractor shall, at its sole cost and expense and in consultation with State, either:

15.6.1.1 replace any infringing items with non-infringing ones;

15.6.1.2 obtain for State the right to continue using the infringing items; or

15.6.1.3 modify the infringing items so that they become non-infringing, so long as they continue to function as specified following the modification.

15.6.2 Cancellation Option. In every case under 15.6.1, if none of those options can reasonably be accomplished, or if the continued use of the infringing items is impracticable, State may cancel the relevant Order or terminate the Contract, and Contractor shall take back the infringing items. If State does cancel the Order or terminate the Contract, Contractor shall refund to State:

15.6.2.1 for any software created for State under the Contract, the amount State paid to Contractor for creating it;

15.7 First Party Liability Limitation

15.7.1 Limit. Subject to the provisos that follow below and unless stated otherwise in the Special Terms and Conditions, State's and Contractor's respective first party liability arising from or related to the Contract is limited to the greater of \$1,000,000 (one million dollars) or three (3) times the purchase price of the specific Materials or Services giving rise to the claim.

15.7.2 Provisos. This paragraph limits liability for first party direct, indirect, incidental, special, punitive, and consequential damages relating to the Work regardless of the legal theory under which the liability is asserted. This paragraph does not limit liability arising from any:

15.7.2.1 Indemnified Claim against which Contractor has indemnified State Indemnitees under paragraph 6.2;

15.7.2.2 claim against which Contractor has indemnified State Indemnitees under paragraph 6.3; or

15.7.2.3 provision of the Contract calling for liquidated damages or specifying amounts or percentages as being at-risk or subject to deduction for performance deficiencies.

15.7.3 Purchase Price Determination. If the Contract is for a single-agency and a single Order (or if no Order applies), then "purchase price" in Subparagraph 15.7.1 above means the aggregate Contract price current at the time of Contract expiration or earlier termination, including all Contract Amendments having an effect on the aggregate price through that date. In all other cases, "purchase price" above means the total price of the Order for the specific equipment, software, or services giving rise to the claim, and therefore a separate limit will apply to each Order.

15.7.4 No Effect on Insurance. This paragraph does not modify the required coverage limits, terms, and conditions of, or any insured's ability to claim against any insurance that Contractor is required by the Contract to provide, and Contractor shall obtain express endorsements that it does not.

15.8 Information Technology Warranty

15.8.1 Specified Design. Where the Scope of Work for information technology, Work provides a detailed design specification or sets out specific performance

	Attachment A, Part 1: Special Terms and Conditions		Arizona Department of Administration State Procurement Office

requirements, Contractor warrants that the Work will provide all functionality material to the intended use stated in the Contract, provided that, the foregoing warranty does not extend to any portions of the Materials that are:

- 15.8.1.1 modified or altered by anyone not authorized by Contractor to do so;
- 15.8.1.2 maintained in a way inconsistent to any applicable manufacturer recommendations; or
- 15.8.1.3 operated in a manner not within its intended use or environment.

15.8.2 COTS Software. With respect to Materials provided under the Contract that are commercial-off-the-shelf (COTS) software, Contractor warrants that:

- 15.8.2.1 to the extent possible, it will test the software before delivery using commercially available virus detection software conforming to current industry standards;
- 15.8.2.2 the COTS software will, to the best of its knowledge, at the time of delivery be free of viruses, backdoors, worms, spyware, malware, and other malicious code that could hamper performance, collect unlawfully any personally identifiable information, or prevent products from performing as required by the Contract; and
- 15.8.2.3 it will provide a new or clean install of any COTS software that State has reason to believe contains harmful code.

15.8.3 Payment has no Effect. The warranties in this paragraph are not affected by State's inspection, testing, or payment.

15.9 Specific Remedies. Unless expressly stated otherwise elsewhere in the Contract, State's remedy for breach of warranty under paragraph 15.8 includes, at State's discretion, re-performance, repair, replacement, or refund of any amounts paid by State for the nonconforming Work, plus (in every case) Contractor's payment of State's additional, documented, and reasonable costs to procure materials or services equivalent in function, capability, and performance that was first called for. For clarification of intent, the foregoing obligations are limited by the limitation of liability in paragraph 15.7. If none of the foregoing options can reasonably be effected, or if the use of the materials by State is made impractical by the nonconformance, then State may seek any remedy available to it under law.

7.3.2. Mere delivery or performance does not substitute for express acceptance by the State. Where inspection, testing, or other acceptance assessment of Materials or Services cannot be done until after installation or invoicing, the forgoing warranty will not begin until State's explicit acceptance of the Materials or Services.

- 7.4. Inspection/Testing. The warranties set forth in this Section 7 [Warranties] are not affected by inspection or testing of or payment for the Materials or Services by the State.
- 7.5. Contractor Personnel. Contractor warrants that its personnel will perform their duties under the Contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the Contract. Contractor further warrants that its key personnel will maintain any and all certifications relevant to their work, and Contractor shall provide individual evidence of certification to State's authorized representatives upon request.
- 7.6. Compliance With Applicable Laws. The Materials and Services supplied under this Contract shall comply with all applicable federal, state, and local laws and policies (including, but not limited to, information technology policies, standards, and procedures available on the State's website and/or the website of any department, commission, council, board, bureau, committee, institution, agency, government corporation or other establishment or official of the executive branch or corporation commission of the State of Arizona). 7.10. Performance in Public Health Emergency. Contractor warrants that it will:

7.10.1.3. Alternative avenues to keep sufficient product on hand or in the supply chain.

7.10.3. A request from the State related to this paragraph 7.10 does not necessarily indicate that there has been an occurrence of force majeure, and the Contractor will not be entitled to any additional compensation or extension of time by virtue of having to implement a plan.

7.10.4. Failure to have or implement an appropriate plan will be a material breach of contract.

7.11. Lobbying

7.11.1. Prohibition. Contractor warrants that it will not engage in lobbying activities, as defined in 40 Code of Federal Regulations (CFR) part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the Contract, provided that, the foregoing does not intend to constrain Contractor's use of its own monies or property, including without limitation any net proceeds duly realized under the Contract or any value thereafter derived from those proceeds; and upon award of the Contract, it will disclose all lobbying activities to State to the extent they are an actual or potential conflict of interest or where such activities could create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure compliance with above. Contractor shall obtain an equivalent warranty from all Subcontractors and shall include an equivalent no-lobbying provision in all Subcontracts.

7.11.2. Exception. This paragraph 7.11 does not apply to the extent that the Services are defined in the Contract as being lobbying for State's benefit or on State's behalf.

7.14. False Statements. Contractor represents and warrants that all statements and information Contractor prepared and submitted in response to the Solicitation or as part of the Contract documents are current, complete, true, and accurate. If the Procurement Officer determines that Contractor submitted an Offer or Bid with a false statement, or makes material misrepresentations during the performance of the Contract, the Procurement Officer may determine that Contractor has materially breached the Contract and may void the submitted Offer or Bid and any resulting Contract.

In addition, the parties hereto acknowledge that pursuant to A.R.S. § 12-510, except as provided in A.R.S. § 12- 529, the State is not subject to or barred by any limitations of actions prescribed in A.R.S., Title 12, Chapter 5.

7.15.3. Purchase Orders. The Contractor shall, in accordance with all terms and conditions of the Contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this Contract.

may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of Days specified in the demand may, at the State's option, be the basis for terminating the Contract under the Uniform Terms and Conditions or other rights and remedies available by law or provided by the contract.

8.2. Stop Work Order.

8.2.1. The State may, at any time, by written order to the Contractor, require the Contractor to stop all or any part of the work called for by this Contract for period(s) of days indicated by the State after the order is delivered to the Contractor. The order shall be specifically identified as a stop work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage.

8.2.2. If a stop work order issued under this clause is canceled or the period of the order or any extension expires, the Contractor shall resume work. The Procurement Officer shall make an equitable adjustment in the delivery schedule or Contract price, or both, and the Contract shall be amended in writing accordingly.

8.3. Non-exclusive Remedies. The rights and the remedies of the State under this Contract are not exclusive.

8.4. Nonconforming Tender. Materials or Services supplied under this Contract shall fully comply with the Contract. The delivery of Materials or Services or a portion of the Materials or Services that do not fully comply constitutes a breach of contract. On delivery of nonconforming Materials or Services, the State may terminate the Contract for default under applicable termination clauses in the Contract, exercise any of its rights and remedies under the Uniform Commercial Code, or pursue any other right or remedy available to it.

8.5. Right of Offset. The State shall be entitled to offset against any sums due the Contractor, any expenses or costs incurred by the State, or damages assessed by the State concerning the Contractor's non-conforming performance or failure to perform the Contract, including expenses, costs and damages described in the Uniform Terms and Conditions.

The State, in addition to any other rights or remedies, shall be entitled to recover exemplary damages in the amount of three (3) times the value of the Gratuity offered by the Contractor.
- 9.3. Suspension or Debarment. If the Contractor becomes suspended or debarred, the Contractor shall immediately notify the State.
- 9.4. Termination for Convenience. The State reserves the right to terminate the Contract, in whole or in part at any time when in the best interest of the State, without penalty or recourse.
