Participating State and Contractor are sometimes referred to herein singularly as a "Party" or collectively as the "Parties".

RECITALS

WHEREAS, the State of Utah (the "Lead State"), acting on behalf of member states of the NASPO ValuePoint Purchasing Program, and Contractor entered into the NASPO ValuePoint Master Agreement No. AR2487 having an effective date of March 31, 2017, (the "Master Agreement"), wherein Contractor agreed to provide cloud services thereto to Participating Entities upon the terms and conditions set forth in said Master Agreement;

WHEREAS, Participating State is a member of the NASPO ValuePoint Purchasing Program; and

WHEREAS, Participating State desires to participate in Contractor's offering the products and services under the Master Agreement subject to the terms and conditions of this Participating Addendum;

NOW, THEREFORE, for good and valuable consideration exchanged, the receipt and sufficiency of which are hereby conclusively acknowledged, the Parties hereby agree as follows:

1. Scope. This Participating Addendum governs Participating State's participation in the Master Agreement by and between Contractor and Lead State. This Participating Addendum shall cover all of the Cloud Services, Ancillary Software, and all other Services offered by Contractor to Participating State under the Master Agreement including all products and services listed on the Contractor page of the NASPO ValuePoint website.

2. Incorporation of Master Agreement. The terms and conditions of the Master Agreement are attached hereto as Schedule 1 and incorporated herein by reference. All undefined capitalized terms used herein shall have the same meanings assigned to them in the Master Agreement. Certain other capitalized terms are defined elsewhere within the text of this Participating Addendum and, throughout this Participating Addendum, those terms shall have the meanings respectively ascribed to them. In the event of any conflict or inconsistency between the terms and conditions of this Participating Addendum and any terms and conditions set forth in the Master Agreement, the terms and conditions of this Participating Addendum shall prevail.

3. Participation; Authorized Purchasers. The Cloud Solutions available for purchase under the Master Agreement by way of this Participating Addendum may be ordered and purchased by all departments, divisions, and other executive agencies eligible to use statewide contracts within the State of New Hampshire (each, an "Authorized Purchaser"). Participating State shall not be obligated to pay for Orders from any person or entity that is not authorized by Participating State to order or purchase any of the products and services offered by Contractor under this Participating Addendum and the Master Agreement. All determinations of eligibility to participate in the Master Agreement through this Participating Addendum are solely within the authority of Participating State's Procurement Officer.

4. Effective Date of Participating Addendum. Notwithstanding any terms and conditions in the Master Agreement to the contrary, this Participating Addendum is subject to the approval of the Governor and Executive Council of the State of New Hampshire, and Participating State shall not be bound by the terms and conditions of this Participating Addendum or the Master Agreement until the date of such approval (the "Participating Addendum Effective Date").

5. Term.

a. Initial Term. The term of this Participating Addendum shall begin on the Participating Addendum Effective Date, Governor & Executive Council Approval and end on September 15, 2026, unless terminated earlier in accordance with the terms and conditions of the Master Agreement or this Participating Addendum.

b. Extension of Initial Term. In the event that Lead State and Contractor agree to extend the term of the Master Agreement, then Participating State shall have the option to extend the term of this Participating Addendum for an additional term not to exceed the extended term of the Master Agreement.

c. Order Term. All Orders shall be placed prior to the expiration (or earlier termination) of this Participating Addendum. In the event that a timely Order made by an Authorized Purchaser and accepted by Contractor contemplates performance or deliverables beyond the expiration or termination of this Participating Addendum, the terms and conditions of the Master Agreement and this Participating Addendum shall survive and continue to govern the Parties respective rights and obligations under the Order until all performance obligations and deliverables called for in the Order are complete.

6. Access to Cloud Solutions Services Requires State CIO Approval. Unless otherwise stipulated in this Participating Addendum, specific services accessed through the NASPO ValuePoint cooperative Master Agreements for Cloud Solutions by state executive branch agencies are subject to the authority and prior approval of the State Chief Information Officer's Office. The State Chief Information Officer means the individual designated by the state Governor within the Executive Branch with enterprise-wide responsibilities for leadership and management of information technology resources of a state.

7. Funds Available and Authorized; Non-Appropriation. In the event funds are not appropriated for a new fiscal year period in connection with an Authorized Purchaser's purchase of any Cloud Services, Ancillary Software, or any other Services, the Authorized Purchaser may terminate the applicable Order immediately without penalty or expense upon written notice to Contractor; provided, however, that: (a) for each of the whole or partial 12-month terms of the order, the Authorized Purchaser must provide a purchase order, and (b) the Authorized Purchaser's issuance of each whole or partial 12-month purchase order shall signify to Contractor that all funds for the given whole or partial 12-month term have been fully appropriated and encumbered. Notwithstanding the foregoing, the Authorized Purchaser will agree to pay for all services performed by Contractor prior to Authorized Purchaser's receipt of its notice of non-appropriation.

8. Orders. Any Order placed by Participating State or Authorized Purchaser for the products and/or services available under the Master Agreement shall be deemed to be a sale under (and governed by the prices and other terms and conditions) of the Master Agreement, subject to the terms and conditions of this Participating Addendum, unless the parties to the Order agree in writing that another contract or agreement applies to such order.

9. Resellers. Certain Oracle-authorized resellers ("Authorized Resellers" or "Fulfillment Partner") are eligible to resell Services to authorized Purchasing Entities under this Addendum. Such Authorized Resellers, if any, are authorized to take orders under this Addendum and invoice and receive payment from such Purchasing Entities. Oracle is responsible for any reports and/or fees that are required per the terms and conditions of the Master Agreement and/or this Addendum, unless expressly stated otherwise herein. Participation of Authorized Resellers, if any, will be in accordance with the terms and conditions set forth in the Master Agreement and this Addendum. All of the Authorized Resellers under this Addendum, if any, will promptly be listed on an Oracle website.

10. Non-Exclusivity. This Participating Addendum is not exclusive, and Participating State may acquire the products and services available under the Master Agreement and this Participating Addendum from other third parties.

11. Independent Contractor. Contractor shall act at all times as an independent contractor, and not as an agent or employee of the Participating State, in the performance of its obligations under this Participating Addendum and the Master Agreement. Contractor shall not have any authority to legally bind Participating State. Neither Party shall make any statements, representations, or commitments of any kind or to take any action binding on the other except as expressly provided for herein or authorized in writing by the Party to be bound.

12. Invoice Requirements.

a. To request payment for each Order made hereunder, Contractor shall submit an original invoice to the office of the Authorized Purchaser that submitted the Order. The contents of the invoice must include, at a minimum, the following:

- i. Contractor's name and address;
- ii. Contractor's payment address;
- iii. The Order number; and
- iv. A description of the products and services that Contractor delivered with, as applicable, the date, serial number, quantity, unit price, and total price of the products and services for which payment is sought.

b. If an invoice submitted by Contractor does not meet the requirements of this Section 12, then the Authorized Purchaser will send a written notice to Contractor that describes the defect or impropriety of the invoice and any additional information that Contractor needs to correct the invoice.

c. Participating State or Authorized Purchaser may request Contractor for additional documentation to support payment of any invoice. Contractor shall respond to any such requests within ten (10) calendar days of receipt. Participating State or Authorized Purchaser's payment obligations are conditioned upon receipt of an invoice that complies with this Section 12 and includes any supporting documentation as may be requested by Participating State or Authorized Purchaser.

d. Participating State's payment will not be due until thirty (30) calendar days after the latter of receipt of an invoice that complies with this Section 12, the completion of the services, or the delivery of the products.

13. Termination; Default and Remedies.

a. Termination for Convenience. Refer to Master Agreement Attachment A Section 7 (Termination). Participating State may terminate this Participating Addendum without cause by providing Contractor with thirty (30) calendar days' advance written notice.

b. Termination for Cause. Refer to Master Agreement Attachment A Section 10 (Defaults and Remedies). If any party to the Participating Addendum breaches a material term of the Master Agreement or Participating Addendum and fails to correct the breach within 30 days of written specification of the breach, then the breaching party is in default and the non-breaching party may terminate this Participating Addendum.

c. No Liability Upon Termination. Participating State shall not be liable to Contractor for any damages arising from or related to the Participating State's exercise of its termination rights under this Agreement. In the event that Participating State terminates this Participating Addendum pursuant to its termination rights under this Section 13, Participating State shall not be liable to Contractor, except for the payment of the Products and Services ordered hereunder that are performed or delivered, as the case may be, prior to Contractor's receipt of Participating State's written notice of termination, in accordance with all terms and conditions of this Participating Addendum.

14. Access to Records. Refer to Master Agreement Attachment A Section 26 (Records Administration and Audit).

15. Public Information.

a. Application of Right-to-Know Law. Participating State's obligations of confidentiality, if any, under the Master Agreement and this Participating Addendum are subject to disclosure pursuant to the New Hampshire Right-to-Know Law codified at RSA 91-A. Notwithstanding the terms and conditions set forth in Section 15(b) below, Participating State shall have the sole and final authority as to whether the disclosure of any information relating to the transactions contemplated in this Participating Addendum or the Master Agreement is required under RSA 91-A.

b. Contractor's Designation of Trade Secrets and Confidential Information. If Contractor considers any portion of the materials disclosed to Participating State to be confidential or protected as a trade secret, Contractor must clearly designate that portion of the material as "CONFIDENTIAL," "TRADE SECRET," or any other language of similar import when submitted to Participating State. In the event that Participating State receives any request made pursuant to RSA 91-A that seeks the disclosure of materials designated by Contractor as being confidential or protected as a trade secret, and Participating State determines that the provisions of 91-A require the disclosure of the materials so designated, Participating State will notify Contractor of the following:

- i. The scope of the information sought through the request;
- ii. A description of the materials that Participating State will disclose in response to the request;
- iii. A description of the materials, if any, that are exempt from disclosure under the Right-to-Know Law pursuant to RSA 91-A:5 or any other applicable exception or exemption to the Right-to-Know Law; and
- iv. The date upon which Participating State will disclose the materials to the RSA 91-A requestor.

If Participating State concludes that the disclosure of materials designated by Contractor as being confidential or protected as a trade secret is required under RSA 91-A, Contractor shall be responsible for taking whatever appropriate legal action it deems necessary to prevent such disclosure to the RSA 91-A requestor. Notwithstanding the preceding sentence, any and all claims against Participating State pursuant to RSA 91-A are subject to the terms and conditions set forth in Sections 21 through 23 of this Participating Addendum to the fullest extent permitted by law.

21. Indemnification. See Master Agreement Attachment A Section 13 (Indemnification), the text is provided below:

"a. Subject to the terms of this Section 13 (Indemnification), if a third party makes a claim against the Purchasing Entity ("Recipient"), that any information, design, specification, instruction, software, service, data, hardware, or material (collectively, "Material") furnished by Oracle ("Provider") and used by the Recipient infringes the third party's intellectual property rights, the Provider, at the Provider's sole cost and expense, will, to the extent not prohibited by law, defend the Recipient against the claim and indemnify the Recipient from the damages, liabilities, costs and expenses awarded by the court to the third party claiming infringement or the settlement agreed to by the Provider, if the Recipient does the following:

- (i) notifies the Provider promptly in writing, not later than 30 days after the Recipient receives notice of the claim (or sooner if required by applicable law);
- (ii) gives the Provider sole control of the defense and any settlement negotiations, to the extent permitted by law; and
- (iii) gives the Provider the information, authority and assistance the Provider needs to defend against or settle the claim.

b. If the Provider believes or it is determined that any of the Material may have violated a third party's intellectual property rights, the Provider may choose to either modify the Material to be non-infringing (while substantially preserving its utility or functionality) or obtain a license to allow for continued use, or if these alternatives are not commercially reasonable, the Provider may end the license for, and require return of, the applicable Material and refund any unused, prepaid fees the Recipient may have paid to the other party for such Material. If such return materially affects Oracle's ability to meet its obligations under the relevant Order, then Oracle may, at its option and upon 30 days prior written notice, terminate the Order. ~~If such Material is third party technology and the terms of the third party license do not allow Oracle to terminate the license, then Oracle may, upon 30 days prior written notice, end the Services associated with such Material and refund to Purchasing Entity any unused, prepaid fees for such Services.~~

c. The Provider will not indemnify the Recipient if the Recipient (i) alters the Material or uses it outside the scope of use identified in the Provider's user or program documentation or Service Specifications, (i) uses a version of the Material which has been superseded, if the infringement claim could have been avoided by using an unaltered current version of the Material which was made available to the Recipient, or (iii) continues to use the applicable Material after the end of the license to use that Material. The Provider will not indemnify the Recipient to the extent that an infringement claim is based upon any information, design, specification, instruction, software, service, data, hardware or material not furnished by the Provider. Oracle will not indemnify Purchasing Entity for any portion of an infringement claim that is based upon the combination of any Material with any products or Services not provided by Oracle. Oracle will not indemnify the Purchasing Entity to the extent that an infringement claim is based on Third Party Content or any Material from a third party portal or other external source that is accessible or made available to Purchasing Entity within or by the Services (e.g., a social media post from a third party blog or forum, a third party Web page accessed via a hyperlink, marketing data from third party data providers, etc. Oracle will not indemnify the Purchasing Entity for infringement caused by the Purchasing Entity's actions against any third party if the Services as delivered to the Purchasing Entity and used in accordance with the terms of this Master Agreement would not otherwise infringe any third party intellectual property rights. Oracle will not indemnify the Purchasing Entity for any intellectual property infringement claim(s) known to the Purchasing Entity at the time Services rights are obtained.

d. This Section 13(a)-(d) provides the Purchasing Entity's exclusive remedy for any infringement claims or damages.

e. Oracle ("Indemnitor") shall defend and indemnify the Purchasing Entity ("Indemnitee") against any and all claims of bodily injury (including wrongful death) and/or tangible personal property damage resulting

from negligent or intentionally wrongful actions or omissions of the Indemnitor or a person employed by the Indemnitor (i.e., as an employee or independent contractor) while performing or participating in services under an Ordering Document at your site, if such actions or omissions were not proximately caused by the action or omission of the Indemnitor or any third party; provided however, that (i) the Indemnitor notifies the Indemnitor within thirty (30) days of the Indemnitor's receipt of a claim; (ii) the Indemnitor has sole control of the defense and all related settlement negotiations; and (iii) the Indemnitor gives the Indemnitor the information, authority and reasonable assistance necessary to perform the above; reasonable out-of-pocket expenses incurred by the Indemnitor in providing such assistance will be reimbursed by the Indemnitor. As used in this Section, the term "tangible personal property" shall not include software, documentation, data or data files. The Indemnitor shall have no liability for any claim of bodily injury and/or tangible personal property damage arising from use of software or hardware.

This Section 13(e) states Oracle's entire liability and the Purchasing Entity's exclusive remedy for bodily injury and property damage."
